## War Wounded & Killed May Hit 250,000 By '69

### Rocket Assault On Saigon Can KO Peace Talks

PARIS (AP) — A sustained Viet Cong rocket offensive against the heart of Saigon could wreck the Paris peace talks in short order, Western diplomats believe.

For that reason they think the Communists may not bombard the city as they have threatened to do.

U.S. officials said they hoped the North Vietnamese would give careful consideration to the warning issued by U.S. Ambassador W. Averell Harriman to Ambassador Xuan Thuy of North Vietnam.

"Most Serious"

Harriman declared at the Wednesday session of the Paris talks with Thuy that terror attacks on Saigon "could have the most serious consequences for these talks."

U.S. officials declined to spell out exactly what Harriman meant because only President Johnson could decide to make a major change in U.S. military-diplomatic strategy.

But knowledgeable diplomats familiar with the U.S. view of the situation said many more rocket assaults like those earlier this week, when explosives rained on the center of the city, would force Johnson to consider retaliatory action against the North. Expanded bombing of the North by itself could provoke a North Vietnamese decision to suspend the talks.

Doubt Continues

American officials were reported uncertain about what action to expect from the North Vietnamese and Viet Cong forces in South Vietnam. Their heavy bombardment of the city early this week was not immediately followed by more massive blows, but the clandestine Communist radio in South Vietnam threatened that a 100-day bombardment would be started Monday.

U.S. officials in Saigon doubted that the Communists could maintain a heavy bombardment of the city over many days. But in the war-scarred city of three million people, thousands were packing sandbags to give themselves some protection.

### Three Wounded; Bank Holdup Fails

DETROIT (AP) — Three persons were wounded Thursday in the attempted holdup of a branch of the National Bank of Detroit.

Wounded were a Detroit policeman, a motorist and one of the four persons scheduled for arraignment this morning in U.S. District Court at Detroit.

### Cong Blasts Air Base With Rocket Fire

SAIGON (AP) — U.S. soldiers scouring Saigon's rocket belt Thursday found 32 enemy missiles and killed 26 guerrillas. But despite the 12,000 allied troops combing the area, the Viet Cong fired four rockets into Tan Son Nhut airbase, killing one American and damaging a plane.

Salmon itself escaped attack for the third straight day.

The biggest cache of rockets was found by men of the U.S. 1st Infantry Division six miles northeast of the capital. They uncovered and destroyed 22 rounds of 107mm Chinese rockets, which made their first appearance in the Vietnam war last February.

In addition to the thousands of allied troops searching in a radius of seven miles around the capital, the distance from which the big enemy rockets can hit the city, more radar equipment reportedly has been installed to pinpoint the enemy launching sites for counterfire.

While U.S. military officials believe they can reduce the rocket attacks on Saigon, they say there is no way to eliminate them. The Viet Cong always will be able to sneak a few men and rockets through the allied patrols, they say.

### Killing Mounts As Peace Talk Snails Along

WASHINGTON (AP) — Total U.S. Vietnam casualties, mounting relentlessly during the Paris talks, could top a quarter of a million by year's end unless there is a truce or peace.

American combat deaths and wounds serious enough to require hospital treatment could surge beyond the Korean War toll.

These trends are indicated by an analysis of statistics which underscore the impact of the Viet Cong-North Vietnamese offensives, and Hanoi's fight-and-talk strategy.

U.S. and South Vietnamese battle casualties so far this year are running at about double last year's rate.

The latest figures show, too, that the United States sustained 13,371 battle casualties in the first four weeks after U.S.-North Vietnamese negotiations opened in Paris on May 10.

Killed Near 25,000  
According to an updated count, U.S. combat casualties reached 177,716 as of June 8. This covers a nearly 7½-year period that started Jan. 1, 1961, when the United States had only a few hundred advisers in South Vietnam. Now there are about 533,000 Americans there.

This cumulative total breaks down into 24,744 killed, 80,541 wounded who needed hospital care, and 72,431 who suffered lesser wounds and didn't have to be hospitalized.

The number of U.S. dead and wounded averaged out to 2,692 a week over the first 23 weeks this year—twice the 1,372 weekly average in 1967.

Assuming the 2,692 weekly average, or something close to it, prevails over the rest of the year, the over-all war total could hit 255,709 casualties by the end of 1968.

Weekly Average 379  
The count of Americans killed in combat has averaged 379 a week this year, dropping as low as 184 at the start and soaring as high as 562 in early May.

Projecting the 379 a week average over the entire year would boost battle deaths in the Vietnam war to 35,730—more than 2,000 above the Korean War's 33,630 killed in combat.

The cost in hospitalized wounded has averaged out to 1,195 U.S. servicemen a week so far this year. Extrapolating this over the full year, as in the case of the combat dead, would bring the war total of such wounded to 115,244. That would be 12,000 more than the 103,244 in the Korean War.

The Pentagon contends it is misleading to try to compare total Vietnam casualties with those reported in other wars.

Minor Wounds Noted  
This, officials say, is because the Vietnam reports include figures for wounded not requiring hospital care. No such statistics were kept in earlier wars, the Pentagon says. The 72,431 total of nonhospital wounds in the Vietnam war as of June 8 represents a significant portion of the 177,716 over-all U.S. casualties recorded to that date.

Such lesser wounds, the Pentagon says, include cuts, bruises, abrasions and the like. Treatment involves application of antiseptics or antibiotics and bandaging, if necessary.

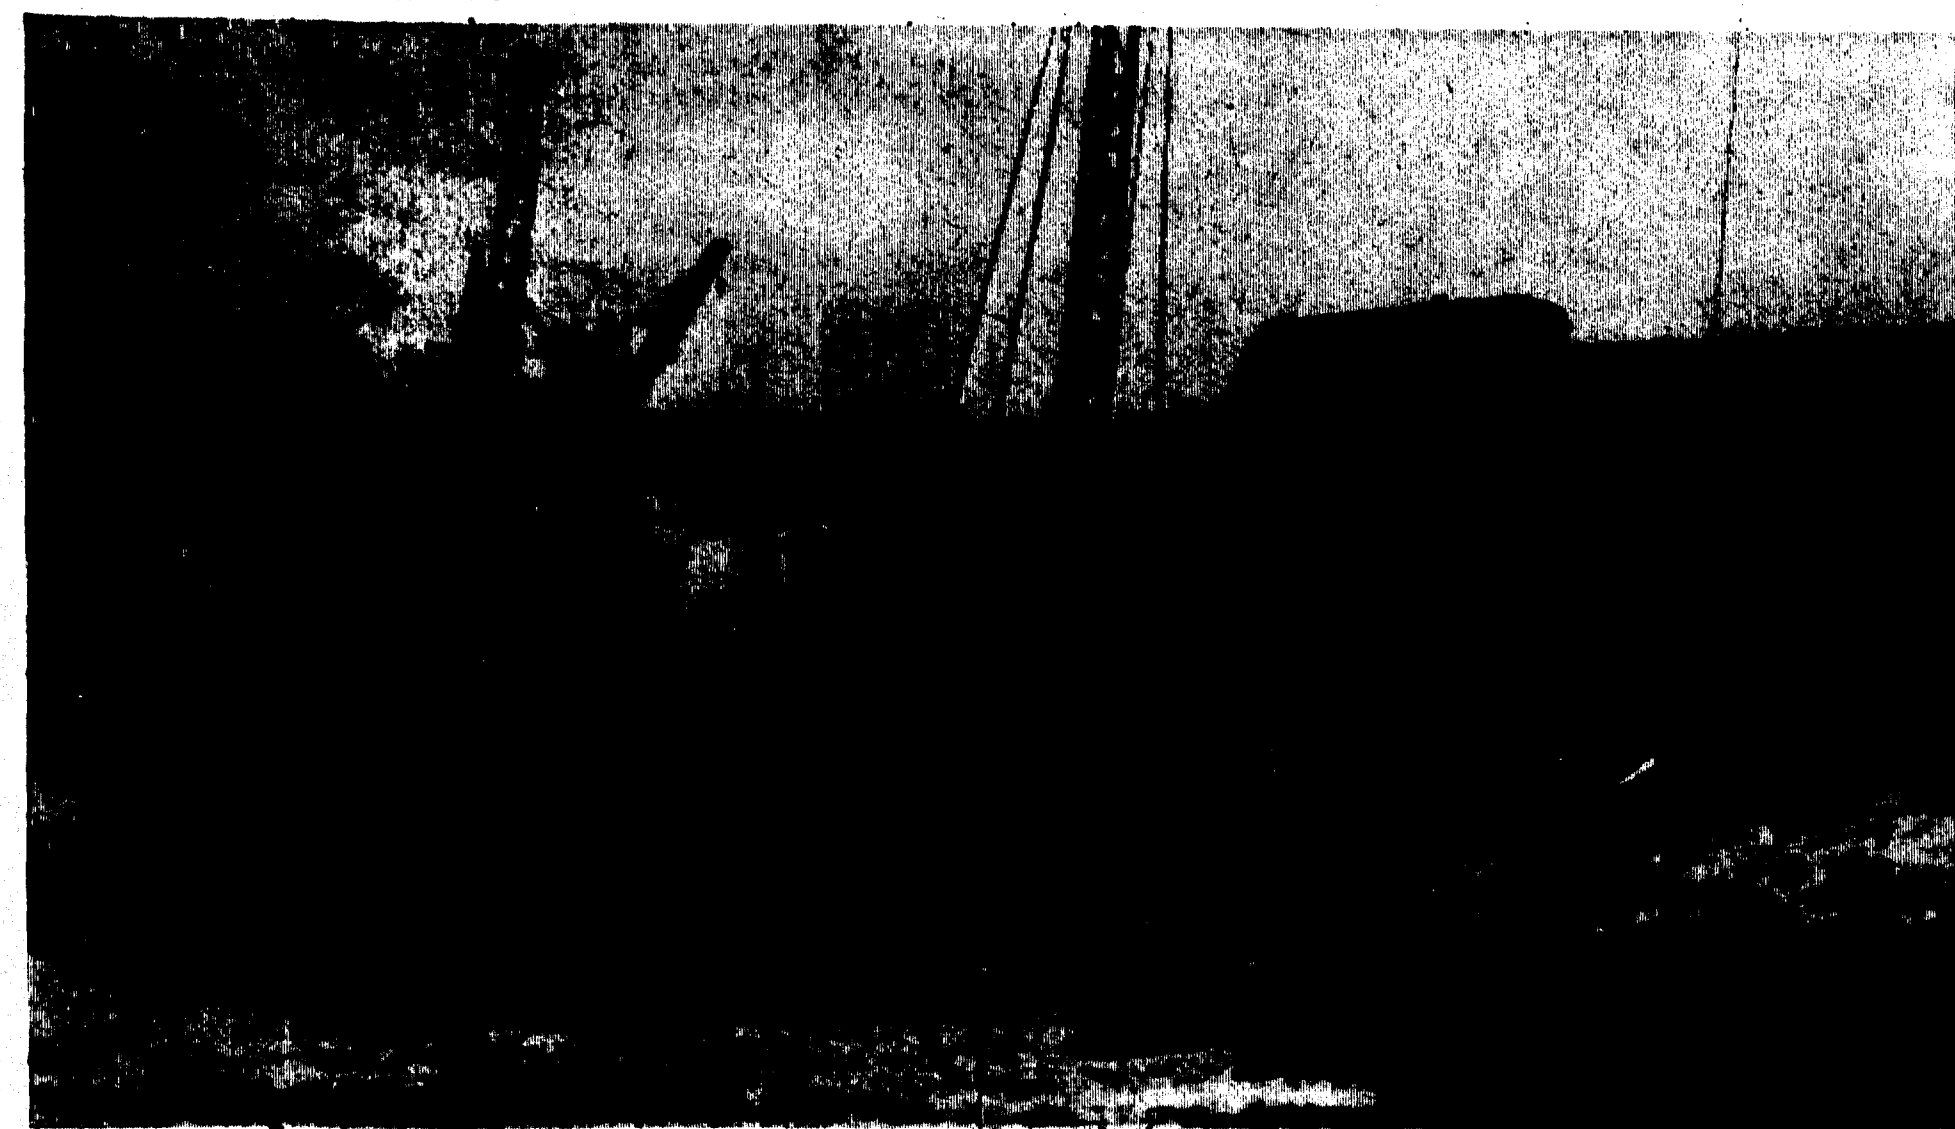

Often, officials say, men go back to their duties immediately after being treated, and thus cannot be counted as losses.

However, some comparisons are possible by limiting them to certain statistics kept in all wars—battle deaths and hospital wounds.

By this standard, 1968 almost certainly will eclipse the most costly full year of the Korean War, 1961, when 11,358 Americans were killed and 43,576 wounded.

The toll this year already is 8,728 killed in combat and 37,553 sent to hospitals—with 2989 not even half finished.

By any measure, the Vietnam war's cost in killed and wounded pales against the staggering bill for World War II—691,000 Americans killed in battle and 670,000 wounded. Worldwide deaths totaled 113,942.

CHICAGO & NORTH WESTERN RAILWAY is constructing its \$16 million Escanaba Ore Port at the site of its present dock on Little Bay de Noc, with the site being expanded to accommodate the big ore yard to be created. Pictured is an excavation for the big conveyor system which will serve the terminal at the car dumper. Ore will move from here to the stacker or di-

rectly to the dock by conveyor belt. The City of Escanaba is financing the construction with a \$16 million issue of industrial revenue bonds, which are underwritten by the railroad. The terminal will be ready to serve lake carriers in the spring of 1969. (Daily Press Photo by Bernard Schultz)

### Georgia Police Arrest 120 On Poor Mule Trek

DOUGLASVILLE, Ga. (AP) — The Georgia State Patrol arrested about 120 persons in a 14-wagon mule train of the Poor People's Campaign today, and said all the adults would be charged with violating a state law regulating travel on interstate highways.

Those arrested were taken to a National Guard armory where a state patrolman filled out warrants charging them with taking nonmotorized vehicles on Interstate 20, and with walking on the interstate highway.

The charge is a misdemeanor, and bond was set at \$100 by Sheriff Claude Abernethy of Douglas County. He said the children would not be charged.

A patrol officer said the sheriff had offered to release everyone on the train if they would not attempt to use the interstate but the offer was refused.

A spokesman for the Southern Christian Leadership Conference said the interstate route was chosen "because this is the most direct route into Atlanta."

The wagons were left alongside an entry ramp from Georgia 92 to Interstate 20 about 30 miles west of Atlanta. The mules were tied to a fence and two state patrolmen stood by.

The train left Marks, Miss., several weeks ago enroute to "Resurrection City" in Washington, D.C.

Capt. J. H. Cofer of the patrol said he had accompanied the wagons since they entered Georgia from Alabama Tuesday. He said the patrol would help the wagon train in any way possible, providing safety and escort.

But he said they would not be permitted to travel on the interstate highway and were warned that they would be charged if they did.

The ragged procession of old farm wagons with makeshift white covers was halted just as it moved onto the eastbound lanes of the interstate highway.

A sign on the entry ramp, which the wagons passed, reads: "Pedestrians and non-motorized vehicles prohibited."

### Minnesota Tornado Rips Tracy; Kills 10

TRACY, Minn. (AP) — A tornado roared through Tracy this evening, killing at least 10 persons and wrecking up to 300 homes.

More than a dozen persons were missing, and more than 20 were hospitalized.

Seven bodies were recovered in the dark hours following the powerful twister, and three were discovered this morning as National Guardsmen and Civil Defense workers began search and cleanup operations.

The bodies found after daybreak included that of a man found near town in an open field, near his car, and two persons in another vehicle.

Some of the demolished homes, nearly half the dwellings in the community, had vanished except for their concrete front steps and foundations. Some homes had plumbing intact, but little else. Two boxcars lifted from railroad tracks had blown over rooftops and smashed down three blocks away in the area of destruction, so cluttered it resembled a large junkyard.

Streets were bulldozed of debris, to permit workmen to get through. Tracy's mayor ordered the town sealed off from sightseers, with entry permits granted to persons with valid reasons to be in Tracy.

The Tracy hospital said 72 persons were admitted and 22 remained overnight. Eleven were listed in critical condition.

The twister, powered two miles through this town of 2,800 in Minnesota's southwestern farmland. It ravaged a block-and-a-half wide path, then skirted the countryside, clawing an occasional farm building before it dissipated five miles out of town.

Tracy was without electric power, water and phone service for several hours. The hospital was operating on emergency generators.

Water was brought by tank trucks from nearby Marshall and Slayton.

The death toll would probably have gone much higher if the town hadn't been warned by a farmer, who telephoned the volunteer fire department as the twister approached eight miles to the southwest. The town siren wailed in the early, eerie dusk.

Fire Chief Bernard Holm said, "This saved many, many lives." The farmer had phoned his alert at 6:55 p.m., seven minutes before the hospital clocks stopped, denoting power circuits were broken.

Holm saw his greenhouse across the street collapse at the twister's edge, then he ducked into his basement. His house had very little damage.

Gov. Harold LeVander ordered 150 National Guard troops from Tracy and Marshall to assist and secure the area. He also directed the state Highway Department to bring in portable electric generators.

The municipal building and armory suffered slight damage, newsmen at the scene said. An elementary school was hit hard. Police, volunteer firemen, sheriffs deputies and civil defense workers augmented the doctors and nurses who came from nearby towns to minister to their distressed neighbors.

Nine doctors rushed to help the three on duty here, and some 25 nurses responded to the appeal.

### State Delegates Favor Humphrey

LANSING (AP) — Michigan delegates to the Democratic national convention who say they have made up their minds are overwhelmingly in favor of Vice President Hubert H. Humphrey as the party's presidential nominee, an Associated Press poll reveals.

But delegates are undecided as to what—if any—role Sen. Edward M. Kennedy should play at the August convention in Chicago. Several delegates expressed hope that Kennedy would be the vice presidential nominee.

A total of 39 Michigan delegates said they would vote for Humphrey. Only three said they supported Sen. Eugene M. McCarthy, D-Minn.

Many Undecided  
However, 36 delegates said they were undecided as to which candidate they would support. Some added that it was possible a man not currently viewed as a candidate could capture the nomination. More than three-fourths of

Michigan's 102-member delegation was contacted during the poll. The remainder could not be reached for comment.

One delegate said he would vote for Edward M. Kennedy on the first ballot as the presidential nominee. Another said he would vote for former Gov. G. Mennen Williams.

Kennedy, brother of slain President John F. Kennedy, has not announced any plans since Sen. Robert F. Kennedy was assassinated last week in Los Angeles.

Alex Ott of Flint said he had received a tremendous response from persons in his area wanting Kennedy to be named to the second spot on the Democratic ticket.

Humphrey and Kennedy would make the strongest ticket added Sen. Coleman Young, D-Detroit.

Several delegates said they had heard reports that Kennedy would seek the presidential nomination or be pressured to accept the vice presidential post.

Leans To McCarthy

"Some people called and said Ted Kennedy is going to run," explained Murray E. Jackson of Detroit. "I don't believe it, but if he did it would be a different ball game altogether." Many explained that it is speculation at this point to say what Kennedy will do.

Nearly all delegates who said they supported Robert F. Kennedy for the nomination are now uncommitted.

Joseph B. Sullivan of Detroit, a former Kennedy supporter, said he now leans to McCarthy.

However, Sullivan added, "I'm not sure he understands the foundations of the problem. A philosopher and poet he is, and grand things they are, but I'm not sure they make him qualified to be president."

### Killed In Vietnam

WASHINGTON (AP) — The Defense Department reported Thursday one Michigan man was among 24 U.S. servicemen killed in recent fighting in Vietnam.

He was Army Cpl. Richard Nowry, son of Mr. and Mrs. Kenneth Nowry, of Plymouth.

### Pennsylvania Is Major Booster Of Rockefeller

PHILADELPHIA (AP) — Pennsylvania may soon give Gov. Nelson A. Rockefeller of New York the major thrust he needs to get his drive moving faster for the Republican presidential nomination. It could occur in the next 48 hours.

Gov. Raymond P. Shafer, standing firm in what he regarded as a unifying role of favorite son, now is 100 per cent for Rockefeller, it was learned today—and so is four-fifths of Pennsylvania's 64-member delegation, third largest at the GOP National Convention this August.

An Associated Press Poll of the delegation shows Rockefeller with 50 votes, former Vice President Richard M. Nixon with 9, Gov. Ronald Reagan of California with one, and four uncommitted.

Officially, Shafer still is withholding endorsement of the New York governor—a boost which Rockefeller reportedly feels can quickly attract most of Ohio and Michigan to his team behind Govs. James Rhodes and George A. Romney, both still uncommitted.

Shafer's pro-Rockefeller position was confirmed by a source close to the governor who said the Pennsylvania is "just waiting for the right moment that will provide the most national attention."

That "moment" may come Sunday on NBC's "Meet the Press" if Shafer still working to keep his delegation as solid as possible behind him—can reach, and discuss the pros and cons of his planned action, with every delegate.

### East Germany Curbing Travel

BERLIN (AP) — Traffic on the autobahn to West Berlin returned to normal during the night, but police predicted more tieups today because of East Germany's new restrictions.

West German Chancellor Kurt Georg Kiesinger, after talks in West Berlin Thursday with Mayor Klaus Schütz, called for a "serious counterreaction" from the United States, Britain and France.

The three Western allies have announced they would take the restrictions into account but have given no indication of any other action. Pravda, the Soviet Communist party newspaper, gave full support to the East German action, foreshadowing a Soviet rebuff to the Western Powers.

East German travel in Western countries, Kiesinger said: "The protective powers, believe that their own measures should be in connection with those we are prepared to take."

The chancellor did not specify what steps his government had in mind.

The new East German regulations on overland travel to West Berlin caused highway delays Thursday of up to five hours. The decrees require that West Germans and West Berliners pick up and pay for visas in order to travel to and from West Germany. They had previously been in a different category from foreigners and were only required to show their identity cards and a road fee.

Under the new setup, the East Germans also are demanding that West Germans produce passports by July 15. They also are going to levy increased taxes on commerce.

### Rocket Assault On Saigon Can KO Peace Talks

PARIS (AP) — A sustained Viet Cong rocket offensive against the heart of Saigon could wreck the Paris peace talks in short order, Western diplomats believe.

For that reason they think the Communists may not bombard the city as they have threatened to do.

U.S. officials said they hoped the North Vietnamese would give careful consideration to the warning issued by U.S. Ambassador W. Averell Harriman to Ambassador Xuan Thuy of North Vietnam.

#### "Most Serious"

Harriman declared at the Wednesday session of the Paris talks with Thuy that terror attacks on Saigon "could have the most serious consequences for these talks."

U.S. officials declined to spell out exactly what Harriman meant because only President Johnson could decide to make a major change in U.S. military-diplomatic strategy.

But knowledgeable diplomats familiar with the U.S. view of the situation said many more rocket assaults like those earlier this week, when explosives rained on the center of the city, would force Johnson to consider retaliatory action against the North and suspension of the talks.

Expanded bombing of the North by itself could provoke a North Vietnamese decision to suspend the talks.

#### Doubt Continues

American officials were reported uncertain about what action to expect from the North Vietnamese and Viet Cong forces in South Vietnam. Their heavy bombardment of the city early this week was not immediately followed by more massive blows, but the clandestine Communist radio in South Vietnam threatened that a 100-day bombardment would be started Monday.

U.S. officials in Saigon doubted that the Communists could maintain a heavy bombardment of the city over many days. But in the war-scarred city of three million people, thousands were packing sandbags to give themselves some protection.

### Three Wounded; Bank Holdup Fails

DETROIT (AP) — Three persons were wounded Thursday in the attempted holdup of a branch of the National Bank of Detroit.

Wounded were a Detroit policeman, a motorist and one of the four persons scheduled for arraignment this morning in U.S. District Court at Detroit.

### Today's Chuckle

### Cong Blasts Air Base With Rocket Fire

SAIGON (AP) — U.S. soldiers scouring Saigon's rocket belt Thursday found 32 enemy missiles and killed 26 guerrillas. But despite the 12,000 allied troops combing the area, the Viet Cong fired four rockets into Tan Son Nhut airbase, killing one American and damaging a plane.

Saigon itself escaped attack for the third straight day.

The biggest cache of rockets was found by men of the U.S. 1st Infantry Division six miles northeast of the capital. They uncovered and destroyed 22 rounds of 107mm Chinese rockets, which made their first appearance in the Vietnam war last February.

In addition to the thousands of allied troops searching in a radius of seven miles around the capital, the distance from which the big enemy rockets can hit the city, more radar equipment reportedly has been installed to pinpoint the enemy launching sites for counterfire.

While U.S. military officials believe they can reduce the rocket attacks on Saigon, they say there is no way to eliminate them. The Viet Cong always will be able to sneak a few men and rockets through the allied patrols, they say.

### Seaway Strike Action Voted

OTTAWA, Ont. (AP) — St. Lawrence Seaway workers have voted overwhelmingly in favor of a general strike which would close down the inland waterway, it was announced Thursday night.

A spokesman for the Canadian Brotherhood of Railway, Transport and General Workers said results of a mailed vote showed 93 per cent of union members at six locals were in favor of strike action for higher wages.

Of 1,197 ballots cast, the CBFT said 1,106 were in favor of strike action, there were 83 votes against a strike which could be called Friday following a meeting of union officers.

The strike vote was called June 6 when negotiators for the 1,200 seaway workers rejected a federal conciliation board report that recommended a wage increase of six per cent in each year of a two-year contract.

The union had demanded a nine per cent increase which was rejected by the St. Lawrence Seaway Authority. Original demand was for 20 per cent in one year but this was toned down during conciliation procedure.

### Killing Mounts As Peace Talk Snails Along

WASHINGTON (AP) — Total U.S. Vietnam casualties, mounting relentlessly during the Paris talks, could top a quarter of a million by year's end unless there is a truce or peace.

American combat deaths and wounds serious enough to require hospital treatment could surge beyond the Korean War toll.

These trends are indicated by an analysis of statistics which underscore the impact of the Viet Cong-North Vietnamese offensives, and Hanoi's fight-and-talk strategy.

U.S. and South Vietnamese battle casualties so far this year are running at about double last year's rate.

The latest figures show, too, that the United States sustained 13,371 battle casualties in the first four weeks after U.S.-North Vietnamese negotiations opened in Paris on May 10.

Killed Near 25,000

According to an updated count, U.S. combat casualties reached 177,716 as of June 8. This covers a nearly 7 1/2-year period that started Jan. 1, 1961, when the United States had only a few hundred advisers in South Vietnam. Now there are about 533,000 Americans there.

This cumulative total breaks down into 24,744 killed, 80,541 wounded who needed hospital care, and 72,431 who suffered lesser wounds and didn't have to be hospitalized.

The number of U.S. dead and wounded averaged out to 2,692 a week over the first 23 weeks this year—twice the 1,372 weekly average in 1967.

Assuming the 2,692 weekly average, or something close to it, prevails over the rest of the year, the over-all war total could hit 255,769 casualties by the end of 1968.

Weekly Average 379

The count of Americans killed in combat has averaged 379 a week this year, dropping as low as 184 at the start and soaring as high as 562 in early May.

Projecting the 379 a week average over the entire year would boost battle deaths in the Vietnam war to 35,730—more than 2,000 above the Korean War's 33,629 killed in combat.

The cost in hospitalized wounded has averaged out to 1,198 U.S. servicemen a week so far this year. Extending this over the full year, as in the case of the combat dead, would bring the war total of such wounded to 115,284. That would be 12,000 more than the 103,284 in the Korean War.

The Pentagon contends it is misleading to try to compare total Vietnam casualties with those reported in other wars.

Minor Wounds Noted

This, officials say, is because the Vietnam reports include figures for wounded not requiring hospital care. No such statistics were kept in earlier wars, the Pentagon says. The 72,431 total of nonhospital wounds in the Vietnam war as of June 8 represents a significant portion of the 177,716 over-all U.S. casualties recorded to that date.

Such lesser wounds, the Pentagon says, include cuts, bruises, abrasions and the like. Treatment involves application of antiseptics or antibiotics and bandaging, if necessary.

Often, officials say, men go back to their duties immediately after being treated, and thus cannot be counted as losses.

However, some comparisons are possible by limiting them to certain statistics kept in all wars—battle deaths and hospital wounds.

By this standard, 1968 almost certainly will eclipse the most costly full year of the Korean War, 1951, when 11,358 Americans were killed and 43,576 wounded.

The toll this year already is 8,722 killed in combat and 27,533 sent to hospitals—with 1968 not even half finished.

By any measure, the Vietnam war's cost in killed and wounded pales against the staggering bill for World War II—291,537 Americans killed in battle and 670,846 wounded. Nonbattle deaths totaled 113,842.

### Georgia Police Arrest 120 On Poor Mule Trek

DOUGLASVILLE, Ga. (AP) — The Georgia State Patrol arrested about 120 persons in a 14-wagon mule train of the Poor People's Campaign today, and said all the adults would be charged with violating a state law regulating travel on interstate highways.

Those arrested were taken to a National Guard armory where a state patrolman filled out warrants charging them with taking nonmotorized vehicles on Interstate 20, and with walking on the interstate highway.

The charge is a misdemeanor, and bond was set at \$100 by Sheriff Claude Abercrombie of Douglas County. He said the children would not be charged.

A patrol officer said the sheriff had offered to release everyone on the train if they would not attempt to use the interstate but the offer was refused.

A spokesman for the Southern Christian Leadership Conference said the interstate route was chosen "because this is the most direct route into Atlanta."

The wagons were left alongside an entry ramp from Georgia 92 to Interstate 20 about 30 miles west of Atlanta. The mules were tied to a fence and two state patrolmen stood by.

The train left Marks, Miss., several weeks ago enroute to "Resurrection City" in Washington, D.C.

Capt. J. H. Cofer of the patrol said he had accompanied the wagons since they entered Georgia from Alabama Tuesday. He said the patrol would help the wagon train in any way possible, providing safety and escort.

But he said they would not be permitted to travel on the interstate highway and were warned that they would be charged if they did.

The ragged procession of old farm wagons with makeshift white covers was halted just as it moved onto the eastbound lanes of the interstate highway.

A sign on the entry ramp, which the wagons passed, reads: "Pedestrians and non-motorized vehicles prohibited."

## Minnesota Tornado Rips Tracy; Kills 10

TRACY, Minn. (AP) — A tornado roared through Tracy with death and destruction Thursday evening, killing at least 10 persons and wrecking up to 300 homes.

More than a dozen persons were missing, and more than 20 were hospitalized.

Seven bodies were recovered in the dark hours following the powerful twister, and three were discovered this morning as National Guardsmen and Civil Defense workers began search and cleanup operations.

The bodies found after daybreak included that of a man found near town in an open field, near his car, and two persons in another vehicle.

Some of the demolished homes, nearly half the dwellings in the community, had vanished except for their concrete front steps and foundations. Some homes had plumbing intact, but little else. Two boxcars lifted from railroad tracks had blown over rooftops and smashed down three blocks away in the area of destruction, so cluttered it resembled a large junkyard.

Streets were bulldozed of debris, to permit workmen to get through. Tracy's mayor ordered the town sealed off from sightseers, with entry permits granted to persons with valid reasons to be in Tracy.

The Tracy hospital said 72 persons were admitted and 22 remained overnight. Eleven were listed in critical condition.

The twister, powered two miles through this town of 2,800 in Minnesota's southwestern farmland. It ravaged a block-and-a-half wide path, then skirted into the countryside, clawing an occasional farm building before it dissipated five miles out of town.

Tracy was without electric power, water and phone service for several hours. The hospital was operating on emergency generators.

Water was brought by tank trucks from nearby Marshall and Slayton.

The death toll would probably have gone much higher if the town hadn't been warned by a farmer, who telephoned the volunteer fire department as the twister approached eight miles to the southwest. The town siren wailed in the early, eerie dusk.

Fire Chief Bernard Holm said, "This saved many, many lives." The farmer had phoned his alert at 6:55 p.m., seven minutes before the hospital clocks stopped, denoting power circuits were broken.

Holm saw his greenhouse across the street collapse at the twister's edge, then he ducked into his basement. His house had very little damage.

## State Delegates Favor Humphrey

LANSING (AP) — Michigan delegates to the Democratic national convention who say they have made up their minds are overwhelmingly in favor of Vice President Hubert H. Humphrey as the party's presidential nominee, an Associated Press poll reveals.

But delegates are undecided as to what—if any—role Sen. Edward M. Kennedy should play at the August convention in Chicago. Several delegates expressed hope that Kennedy would be the vice presidential nominee.

A total of 39 Michigan delegates said they would vote for Humphrey. Only three said they supported Sen. Eugene M. McCarthy, D-Minn.

#### Many Undecided

However, 36 delegates said they were undecided as to which candidate they would support. Some added that it was possible a man not currently viewed as a candidate could capture the nomination.

More than three-fourths of

Gov. Harold LeVander ordered 150 National Guard troops from Tracy and Marshall to assist and secure the area. He also directed the state Highway Department to bring in portable electric generators.

The municipal building and armory suffered slight damage, newsmen at the scene said. An elementary school was hit hard. Police, volunteer firemen, sheriffs deputies and civil defense workers augmented the doctors and nurses who came from nearby towns to minister to their distressed neighbors.

Nine doctors rushed to help the three on duty here, and some 25 nurses responded to the appeal.

## Pennsylvania Is Major Booster Of Rockefeller

PHILADELPHIA (AP) — Pennsylvania may soon give Gov. Nelson A. Rockefeller of New York the major thrust he needs to get his drive moving faster for the Republican presidential nomination. It could occur in the next 48 hours.

Gov. Raymond P. Shafer, standing firm in what he regarded as a unifying role of favorite son, now is 100 per cent for Rockefeller, it was learned today—and so is four-fifths of Pennsylvania's 64-member delegation, third largest at the GOP National Convention this August.

An Associated Press Poll of the delegation shows Rockefeller with 50 votes, former Vice President Richard M. Nixon with 9, Gov. Ronald Reagan of California with one, and four uncommitted.

Officially, Shafer still is withholding endorsement of the New York governor — a boost which Rockefeller reportedly feels can quickly attract most of Ohio and Michigan to his team behind Govs. James Rhodes and George A. Romney, both still uncommitted.

Shafer's pro-Rockefeller position was confirmed by a source close to the governor who said the Pennsylvanian is "just waiting for the right moment that will provide the most national attention."

That "moment" may come Sunday on NBC's "Meet the Press" if Shafer—still working to keep his delegation as solid as possible behind him — can reach, and discuss the pros and cons of his planned action, with every delegate.

#### Leans To McCarthy

"Some people called and said Ted Kennedy is going to run," explained Murray E. Jackson of Detroit. "I don't believe it, but if he did it would be a different ball game altogether." Many explained that it is speculation at this point to say what Kennedy will do.

Nearly all delegates who said they supported Robert F. Kennedy for the nomination are now uncommitted.

Joseph B. Sullivan of Detroit, a former Kennedy supporter, said he now leans to McCarthy. However, Sullivan added, "I'm not sure he understands the foundations of the problem. A philosopher and poet he is, and grand things they are, but I'm not sure they make him qualified to be president."

### Killed In Vietnam

WASHINGTON (AP) — The Defense Department reported Thursday one Michigan man was among 24 U.S. servicemen killed in recent fighting in Vietnam.

He was Army Cpl. Richard Nowry, son of Mr. and Mrs. Kenneth Nowry, of Plymouth.

PRESIDENT LYNDON B. JOHNSON holds his hat as United Nations Secretary General U Thant welcomes him to the U. N. At left is Undersecretary General Ralph Bunche and just seen partially at left is U. S. Ambassador Arthur Goldberg. The president spoke to the U. N. General Assembly after it approved the nuclear non-proliferation treaty. (AP Wirephoto)

### Weather

Sunday outlook: mostly sunny and pleasant. Precipitation probabilities: today, 80%; tonight, 30%; Saturday, 20%.

Sun. sets today at 8:39 p.m. and rises Saturday at 4:58 a.m. High readings, past 24 hours: Albany 72, Memphis 88, Albuquerque 94, Miami 86, Atlanta 83, Milwaukee 67, Bismarck 75, Mpls.-S. Paul 73, Boise 71, New Orleans 93, Boston 69, New York 71, Buffalo 60, Okla. City 90, Chicago 75, Omaha 95, Cincinnati 77, Philadelphia 75, Cleveland 66, Phoenix 103, Denver 90, Pittsburgh 61.

# Construction Strike Is Called Inflation Threat

U.S. Senator Robert P. Griffin (R-Mich.) called today for "economic statehood" to settle the six-week-old building trades strike that has paralyzed Michigan's construction industry.

"Unrealistic wage demands pose a clear and present danger of runaway inflation," Griffin said in remarks prepared for Senate delivery.

"I urge the parties to exer-

cise restraint and to indicate some concern for the national interest which will be vitally affected by developments in Michigan."

Wage demands in the Michigan dispute range from 18 to 59 per cent for the striking carpenters, bricklayers and operating engineers, Griffin noted.

"Surely, everyone must recognize that increases in productivity could not begin to match demands like that," he said.

"If all of these demands were met, the price of a \$10,000 home would go up to about \$11,250," Griffin said. "And the price of a \$20,000 home would be increased to \$22,000."

The strike which began April 30 has idled about 45,000 Detroit-area construction workers, in addition to another 20,000 workmen in outstate Michigan. Virtually all construction in Southeast Michigan has been halted.

"The nationwide significance of this Michigan settlement will be greater than in any industry other than automobiles,"

Griffin said, "because 41 of the 82 current construction strikes in the United States are located in Michigan."

Griffin has support in his position from the President's Cabinet Committee on Price Stability, which warned last month that current wage demands in the construction industry imperil efforts to maintain price stability.

The Committee stated that current demands threaten to seriously harm the economy and to sharply raise the cost of homes, factories, stores, schools, hospitals and other public construction.

## Death Claims Arvid Sundin

Arvid Sundin, 77, of Rte. 3, Rapid River (Isabella) died at 5 p.m. Thursday at St. Francis Hospital where he had been a patient for seven days.

He was born in Sweden Sept. 1, 1891 and was a member of the Bethany Lutheran Church of Isabella and the Walter Cole American Legion Post of Rapid River.

He is survived by his widow, Beda; two daughters, Mrs. Alfred (Marygold) Asplund of Hermansville, Mrs. John (Earl) Moberg of Berkley, Mich., two grandchildren and one sister in Sweden.

Friends may call at the Anderson Funeral Home from 8 to 9:30 p.m. today and the body will be removed to the Bethany Lutheran Church at Isabella at 1 p.m. Saturday where services will be conducted at 2 p.m.

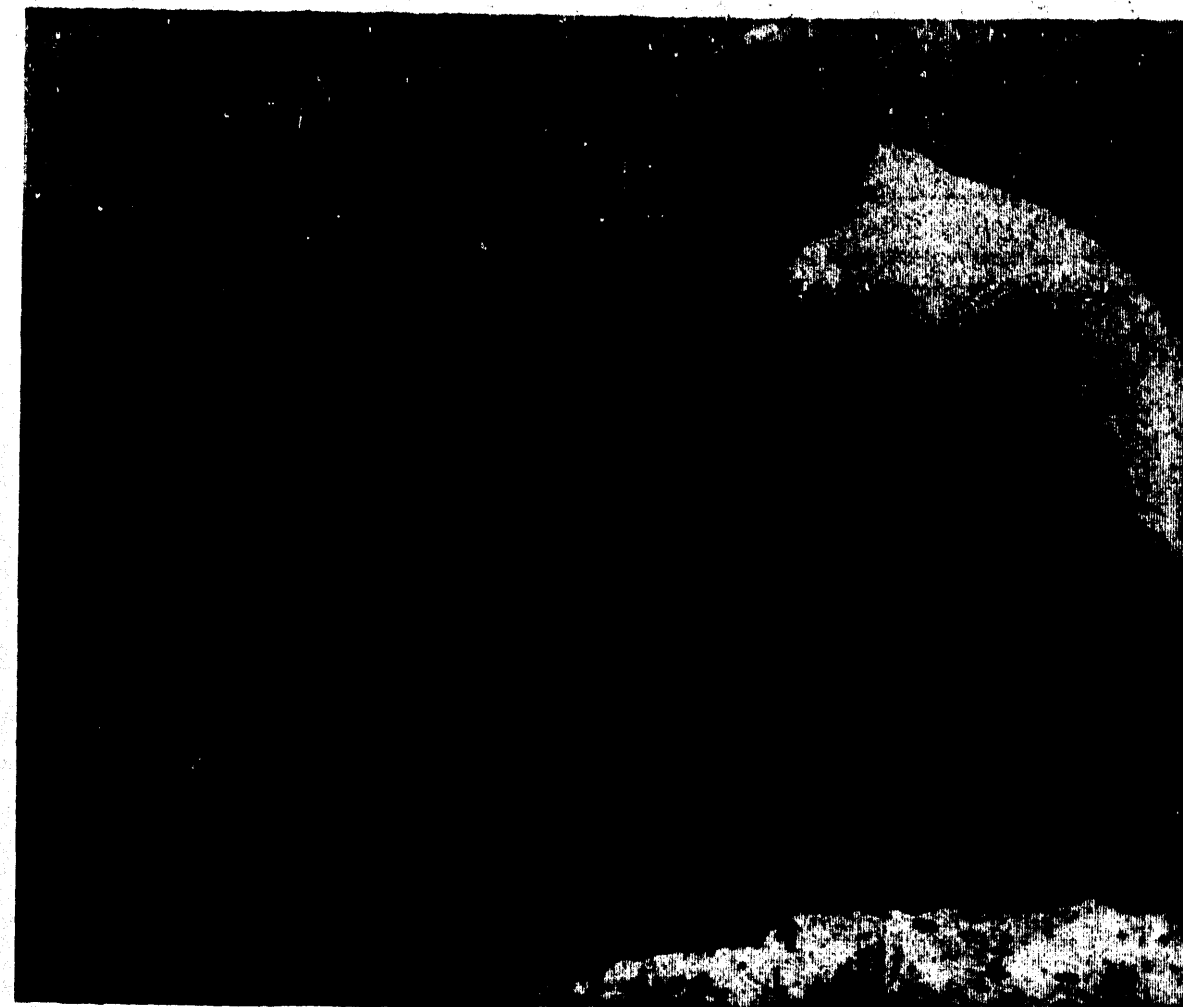

The Rev. Ingmar Levin will officiate and burial will be in Moss Lake Cemetery. Military rites will be conducted by the Walter Cole Post.

## Mulvaney Named Delegate To Kiwanis Meeting

William J. Mulvaney, 1000 S. 15th St., representing the Kiwanis Club of Escanaba, will attend the 53rd Annual International Convention of Kiwanis International in Toronto, Ont., June 30-July 3.

The convention — the fourth to be held in Toronto — will emphasize the theme of rapid expansion of Kiwanis in foreign nations and will be attended by 20,000 Kiwanians from the Western Hemisphere, Western Europe and the Far East.

Speakers for the convention include U.S. Senator Robert C. Byrd of West Virginia; W. Ross Thatcher, Premier of Saskatchewan; Paul Harvey, ABC news commentator; Key Club International President Michael A. Waters; and Circle K International President David A. Keyko.

FISH BIOLOGIST CLIFF LONG of the Conservation Dept. Escanaba District plants a bucket of legal-size trout in the Escanaba River Thursday. A total of 13,000 brown trout, averaging six and seven inches long, were planted at six sites between Boney Falls and Escanaba Paper Co. No. 3 dam. Long also reported that 10,000 brown trout were planted in the upper regions of the Sturgeon River at Round Lake truck trail, Chicago Lake truck trail, Palo's camp and at Flowing Well Campground. The department expects to plant some 10,000 steelhead (rainbow) trout in the lower regions of the Sturgeon in the near future. All fish planted were raised at the department hatchery at Thompson. (Dick Foster Photo)

## Rock Lions Mark 25th Anniversary Of Charter

ROCK — Sixteen charter members of the Rock Lions Club were presented 25-year Monarch awards as the club celebrated its 25th Charter Anniversary with a banquet program at Rock High School.

A total of 117 Lions, wives and guests from Escanaba, Gwinn, Marquette, Perkins, Trenary, Cornish, Negaunee and Rock attended the program.

Current president of the club is Victor Mankiewicz. George Kuland and Ahti Waak gave the history of the club.

Since its founding in 1943, the Rock Lions Club has sponsored Boy Scouts, Boy's State, Leader Dog program, White Cane, Little League baseball and has donated to the Rock Student

Loan Fund, Newberry State Hospital Christmas gifts drive, Athletic Field Improvement fund and the community recreation program.

A big addition to the community is the Lions park, with swimming, on the Days River. The Lions Club also puts on an annual "biggest small town" Labor Day celebration.

The following charter members were honored with 25 year Monarch awards: Frank Brandner, Martin Falck, Ernest Osterling, John Jokela, Martin Kaminen, George Kulack, Leo Kulicki, August Larson, Clarence Larson, Emil Lusardi, Walter Mannie, Paul Ramseth, Arnold Sayen, George Weingartner, Albert Weidum and Herb Westlund.

Henry Jokela and Walfred Salo were awarded 25 year Monarch awards. Twenty year Monarch awards were given to: John Berg, Clifford Carlson, Leslie Maki, Maini Halmeoja, Berthal Hansen, Leslie Larson, Elmer Lepisto, John Norman, Eero Saarikko, Waino Salmi and Francis Trombly. John Larson, Victor Mankiewicz, Louis Nelson, Ahti Waak, William Westlund and Robert Weingartner received 15 year Monarch awards. John Niemi was a 10-year award recipient.

Special recognition was given to Mrs. Nellie Salmi and Mrs. Anna Carlson as two charter member wives. Phil Cohodes, Iron Mountain, District 10 Governor, introduced Norman E. Brennan, International Director.

Brennan emphasized the possibility of attaining peace among all men by adhering to the Lions slogan of "Better World Understanding Through Lionism," and told what Lions Clubs all over the world are doing in bettering health and living conditions in underprivileged countries.

A congratulatory telegram from the President of Lions International, Jay Bird, was received by King Lion Mankiewicz. The Escanaba Club, being the sponsoring club, presented the Rock Lions with a gavel commemorating the 25th Anniversary.

The banquet was followed by a dance at the clubhouse. Leo Kulicki was general chairman of the celebration.

## Tuesday Deadline For Candidates In August Primaries

LANSING (AP) — Time is running out on potential candidates for office, the State Elections Division warned today.

Township trustees elected in 1964 were advised they must run again this year and must file for office by 4 p.m. July 18.

An attorney general's opinion was required to clarify the status of the trustees.

Time also is dwindling for potential candidates for U.S. Congress, the House of Representatives and regular county officers who want to get on the August primary ballot.

The deadline for filing petitions is 4 p.m. June 18.

Candidates for the House of Representatives and county offices may either file petitions or pay the filing fee. Candidates for Congress and the two judgeships must file petitions.

## College Opens Registration

Bay de Noc Community College will register regular and part-time students for transfer courses in business, English, and social science from 9 a.m. to 4 p.m., Monday in the college student personnel office, Room 17.

Business, English and social science courses are intended to satisfy freshman and sophomore year basic educational requirements for college students and are four credit hour courses.

The summer semester has been shortened to five weeks with a subsequent increase in class work loads. As a result of the increased class work load, students will be restricted to two courses. Sections in the transfer courses will be limited to assure optimum teacher-student ratios.

Tuition rates are \$7 per credit hour for Delta County residents. Non-residents pay \$10 per credit hour.

Business courses offered include: Introduction to Business, and Typing I and II.

In the technical area, the college will offer a course in the use of the slide rule and other mathematical aids involving simple algebra and trigonometry. The course offers two credits and is not transferable.

Mechanical drafting I will be offered with the emphasis upon the development of fundamental skills. Costs for summer courses are identical to the regular fall and spring semester fees. The class schedule is available at the college.

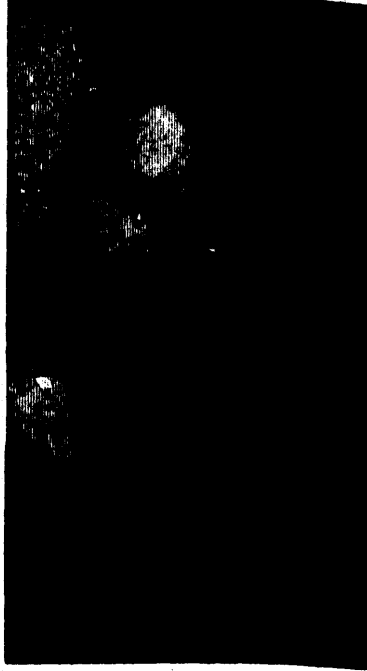

## Open House

An open house will be held to honor Lester Walcutt who will be retiring from the Menominee County Extension Service on June 30, after 22 years of service as a 4-H youth agent.

The open house will be held Sunday, June 23, at the Stephenson High School music room. Contributions will be accepted for a gift for Mr. Walcutt.

Chairman in charge of north Menominee County is Mrs. Ray Casimer of Powers, who may be reached by calling the Powers-Spalding Credit Union.

In all, 1,517 people were lost in the Titanic disaster.

## Jane Granskog To Join Study

Jane E. Granskog, daughter of Mr. and Mrs. E. Walfred Granskog of Stephenson, former residents of Stonington, will participate in a field school of ethnology to be conducted June 25-Aug. 27 in Mexico by the Universities of Washington and Oregon.

Miss Granskog, who recently received a Bachelor of Science in Anthropology degree from Michigan State University, graduating with a 3.8 average, signifying high honors, is one of 12 students chosen from universities across the United States to participate in the cultural anthropology program.

In addition she has been awarded a fellowship at the University of Texas to do graduate work in anthropology, starting in September.

While at MSU, Miss Granskog was selected as one of 52 outstanding women in a graduating class of 7,000 and was the chairman of the Students' Advisory Committee to the Anthropology Dept. She also held memberships in Tau Sigma, social science honorary, Phi Kappa Phi and Phi Beta Kappa, national honorary societies.

Brazil is larger in area than the United States.

### FRIDAY FISH FRY

Featuring Strictly Fresh: STURGEON!

Also, Perch, Walleye and Lake Superior Whitefish & Trout

Plus . . . Chicken, Shrimp, U. S. Prime Steaks and Chops. Don't forget our Sunday Dinners — serving from Noon to 9 p.m.

### HALSTEAD'S

Bayde Park Motel & Restaurant — 16 Miles S. of Escanaba on M-35

## Savings Bonds Interest Upped

Rates are up, effective June 1, on United States savings bonds and new freedom shares. Series E and H bond interest has been raised from 4.15 to 4.35 per cent when held to maturity. The added interest will be paid as a bonus at maturity.

Older bonds are improved too. Outstanding E and H bonds will return comparably higher yields for the remaining time to maturity.

Freedom shares — sold in combination with E bonds — have been raised from 4.74 to a full 5 per cent when held to maturity. There is no increase in the rate on the older freedom shares.

## On Firing Range 12 Hours Before Shooting Kennedy

## Assassin Practiced Before Killing

LOS ANGELES — (AP) — Twelve hours before Sen. Robert F. Kennedy's assassination, witnesses say, the accused man was rapid — firing the death weapon on a target range.

Other witnesses say three bullets hit Kennedy — not two, as previously reported — and that the killer stepped from beside a smiling, shapely mystery girl and fired his revolver with "a very sick-looking smile on his face."

These were highlights of testimony made public Thursday by the county grand jury which last Friday indicted Sirhan Bishara Sirhan, a 24-year-old Jordanian immigrant, for the murder. The transcript—239 double-spaced typewritten pages—became public when filed with the county clerk.

## 22 Witnesses

Twenty-two witnesses—Sirhan not among them—pictured the slaying scene of terror and hysteria and its aftermath.

The kitchen area of the Ambassador Hotel jammed early June 5 with jubilant supporters escorting the New York senator and celebrating his victory in California's Democratic presidential primary.

Eight .22-caliber bullets exploding in "a deliberate... bang-bang cadence" like firecrackers or popping toy balloons...

Kennedy falling, fatally wounded, rearing back sharply. "Both hands went up. He was just about to shake hands..."

Five bystanders falling wounded...

## On Shooting Range

The crowd's stunned, screaming reaction: "The suspect turned... and was trying to escape... People were trying—were hitting him and cursing at him, and it was utter confusion."

I mean everyone was trying to kill him."

Henry Adrian Carreon, an elementary school playground director and police science major at East Los Angeles College, testified he and a friend, David Montellano, were target-shooting about noon June 4 on the San Gabriel Valley Gun Club's pistol range.

"To the left of us there was an individual around five feet away, shooting very rapidly on

the range with a revolver," said Carreon. "On the range you are supposed to shoot and pause. Usually the range officer goes up to the individual shooting in this manner and he will inform them that it's not supposed to be done..."

## Identifies Sirhan

Carreon identified the individual from photos as Sirhan. Asked twice, Sirhan identified his revolver as an Iver Johnson, Carreon said.

Carreon said Montellano noticed that Sirhan had one box of bullets set aside from his others and asked Sirhan, "Isn't that a special type of bullet?"

The bullet, said Carreon, is called "the mini-magnum," and this type of bullet, when it penetrates on an object, usually tears and splits out into different directions where the regular bullet of a .22 caliber goes in a hole and... it will come out the same size."

## Wounded Thrice

Carreon said Sirhan was non-committal about the bullets. Shown a gun while before the grand jury, Carreon identified it as the one he saw on the practice range.

Dr. Thomas T. Noguchi, chief medical examiner who performed a six-hour autopsy on Kennedy's body, told newsmen just after the postmortem that he found two bullets and two wounds.

But the transcript quoted him as telling the grand jury he found three wounds and two bullets.

## Trenary

## Student Day

Student Day will be observed Sunday, June 16, at 9 a. m., at the United Methodist Church. Bernadine Carlson will give the sermon and other students will also take part.

Mrs. Alice Brown is a patient at the Munising Memorial Hospital.

David Wright has been a medical patient at the Munising Memorial Hospital this week.

Mrs. Carl Aho and children have returned home after visiting Mr. and Mrs. Jon Beyer in Ogdensburg, Wis.

Mr. and Mrs. Jack Finlan and children, Grafton, Wis., have been visiting relatives this week.

lets, indicating Kennedy was hit three times.

Noguchi said the fatal bullet entered the right mastoid, behind the right ear, penetrating the brain, and two others about two inches apart entered the right armpit.

## Inches From Head

He said one of the latter was found in the neck and the other exited in the front of the right shoulder. Neither, he said, would have been fatal.

Noguchi said the revolver muzzle was "no more than two or three inches from the edge of the right ear." Witnesses at the scene described the gunman as four to six feet away.

Testimony about the girl at the killer's side was given by Vincent Thomas Di Piero, a

## Hearing Tests For Adults Set

Dr. Mary Cretens, director of the Delta — Menominee District Health Dept., today announced that any resident of Delta or Menominee counties, 18 years of age or older, may obtain free hearing tests.

Tests are scheduled at five locations in Menominee County next week. Testing in Delta County is scheduled July 8-12 at locations to be announced.

The free test takes two minutes and will be administered by audiologists from the Michigan Association for Better Hearing and Speech in cooperation with the health department. A professional hearing therapist advises persons who fail the test.

The Menominee County dates and locations are:

Powers-Spalding — Monday, June 17, 11 a. m., to 6 p. m., at the Powers-Spalding school; Stephenson — Tuesday, June 18, 11 a. m., to 6 p. m., at the Stephenson Bank;

Wallace — Wednesday, June 19, 11 a. m., to 6 p. m., at the Wallace School;

Menominee — Thursday, June 20, 11 a. m., to 6 p. m., and Friday, June 21, noon to 7 p. m., at Gulbransen Drug store; Saturday, June 22, 11 a. m., to 6 p. m., at Menominee Plaza.

Clarence Raeder

## Veterans Post Elects Raeder

Members of AMVETS Post 123 of Escanaba elected Clarence Raeder, 48, as their new commander Thursday night.

Raeder, an Air Force veteran, operates Raeder's Auto Repair, 2104 14th Ave. N. He served four years in the 8th Air Force during World War II, spending three years in England.

A life member of AMVETS, Raeder is presently the junior vice commander. He also is a member of the VFW and of the Eagles Club and resides at 1301 N. 21st St.

Also elected were Rodney Rousseau, senior vice commander; Paul Dubord, junior vice commander; George Embs, finance officer; Don Koish, adjutant; Nicholas Chapekis, judge advocate and Harry Viaw and William Nault, provost marshals.

The AMVETS also elected the following delegates to the State Convention in Grand Rapids June 28, 29, 30: Clarence Raeder, Gerald Dubord, Steve Nault, Harold Wallin, Walter Nelson, Harry Viaw, Robert Nault and Art Coolman.

## Holy Family Altar Society Meeting Held

FLAT ROCK — The final meeting of the Holy Family Altar Society was held Tuesday evening with Mrs. Duane Manger, presiding.

Final plans were made for the Father-Son Breakfast to be held Sunday morning, June 16, following the 8 a. m. Mass.

A games party will be held Sunday afternoon at 2 p. m. on June 23. The ladies of the society are to donate a gift.

Mrs. Floyd Lancour was elected vice-president for the next year.

Lunch was served by the Theoret area ladies, Mrs. John MacGillis, chairman. Games were played and winners were: Mrs. Adolph Lippens, Mrs. Don Roberts, Mrs. Duane Manger, Mrs. LeRoy Hureau. Guest prize was awarded to Mrs. Lawrence Chouinard.

## Tribute Dinner Is Rescheduled

MARQUETTE — The Marquette Chamber of Commerce dinner honoring Oden E. Johnson and Dr. John X. Jamrich has been re-scheduled for Monday, June 17 at 6:30 p. m. in the Great Lakes Rooms at Northern Michigan University.

The dinner was postponed due to the assassination of Senator Robert F. Kennedy.

## BIDS WANTED

The Board of Education of the Escanaba Area Public Schools will accept sealed bids for Workmen's Compensation Insurance for the period July 1, 1968 to July 1, 1969. Specifications may be obtained from the Business Office, 1219 N. 19th St., Escanaba. Bids must be received not later than 4:00 p. m. June 24, 1968. The Board reserves the right to reject any or all bids.

## BIDS WANTED

Sealed bids will be received by Mr. Wheaton L. Strom, Secretary, Board of Education, Escanaba Area Public Schools, 1919 North 19th Street, Escanaba, Michigan, on or before July 9, 1968, at 2:00 p. m., C.D.T., and will be publicly opened and read the same date and time in the Administration Building, 1219 North 19th Street, Escanaba, Michigan, for furnishing and installing all material, labor, and equipment required for roof repair and replacement for the Wells, See Hill, Pine Ridge, Webster, Ford River, and Cornell Elementary Schools, strictly in accordance with specifications prepared for same by G. Arntsen & Co., Architects, 520 South 16th Street, Escanaba, Michigan.

Specifications may be obtained at the office of the Architect upon a deposit of \$5.00. Deposit shall be returned upon receipt of plans and specifications in good condition. The Owner reserves the right to accept or reject any or all bids.

## No Bid Auction

Wood industries in the Upper Peninsula have been suggesting that the U. S. Forest Service and Michigan Conservation Department — managing the federal and state forests in the U. P. — offer large volumes of pulpwood in long term cutting programs. Such offerings, said the mill companies, would help attract wood industry and assist in stabilizing the area's wood supply by bringing more certainty to the wood supply.

Both agencies have cooperated with this request and made government forest wood available on a long range basis. These offerings are of "surplus" wood, meaning wood in addition to that now being supplied by the government forests to existing industries, so that they are not having the portion of their wood supply that comes from government forests jeopardized.

The latest offering by the U. S. Forest Service in Escanaba on June 12, its Borealis Sale, attracted no bidders for the auction of 500,000 cords of timber in the Hiawatha National Forest in a 15-year cutting program.

Why didn't industry, which encouraged the making of the offer, bid? Essentially because of the overstocked condition of all woodyards in the U. P. and especially in neighboring Wisconsin, which buys most of the Upper Peninsula's pulpwood. Our wood industry still thinks that Borealis type sales are well conceived and a help to industry and it asks the Forest Service to keep the sale open, and the Forest Service says that it will do this. The wood offered will continue available.

At least one U. P. wood industry thought so highly of the sale that although it cannot immediately use the wood offered itself, it inquired about the possibility of marketing wood purchased in the Borealis Sale to other firms until such times it could use the production itself. It could find no takers at this time because of the temporary glut of pulpwood. (There's a lot of wood in the forests that hasn't moved to the overfilled woodyards.)

While this surplus is a temporary problem that reduces employment and forest improvement by harvest techniques, it is a plus for the long range program of wood industry development here. Industry, as U. S. Regional Forester George James has cited, is looking for "voids" like the Upper Peninsula where wood supply exceeds converting capacity. Such areas are potential sites for more wood industry.

The U. P., as it builds its forests of all kinds of ownerships back toward a huge production of wood, has actually lost pulp capacity in recent years with shut-down of Kimberly-Clark's pulp mill at Munising and the one at Niagara. Hopefully, K-C will eventually build a pulp facility to use more U. P. pulpwood and meanwhile there's active planning for the creation of a big chemical pulp and groundwood pulp mill in the second phase of Mead Corp's expansion of its Escanaba Paper Co. plant.

This will create the Upper Peninsula's largest wood market and bring a new era of forest management to the central U. P. It should help to solve the Peninsula's greatest wood market problem: the eastern U. P. Its distance from Wisconsin has held back both its wood sale income and its forest improvement that goes along with harvest.

Because 80 per cent of the volume of wood in the Borealis Sale was offered in Chippewa and Mackinac counties in the easternmost U. P., it was not highly merchantable, due to transportation charges.

This situation and the general condition of surplus balked the sale for the present. But the U. S. Forest Service rates commendation on the sale offering. It represents a lot of work and a helpful concept of cooperation with industry and concern for the economy of the area in which the forest is located.

For the public, and especially for its representatives in local government, it has some lessons. It shows that despite the constant talk of affluence in the nation it has been possible for the Forest Service to make the largest government wood sale offering in the history of the Upper Peninsula without attracting one bidder.

The essential problem here is to create new mill markets not so distant from the surplus wood being offered. To do this, oddly enough, the best plan is to increase the wood surplus, not diminish it. This will hasten the solution by making a volume of wood available that is attractive to a converter. Happily, Mead's planned expansion is a bright promise of major solution.

Nationally the paper industry has built its capacity beyond market needs. This will be leveled out by population growth, but it shows the delicate balance of even big industry and the need for good public management of resources so development is encouraged. The magic formula is stability of labor, material supply and taxes. Without these it's hard for an industry to compete. And competition is what created the surplus problem.

## Cause Of Killings

Howard Pyle, president of the National Safety Council, says fatalities for the first three months of 1968 were 6 per cent above the first quarter of 1967.

Only 28 states, he complains, have adopted implied consent laws guaranteeing scientific evidence in court cases involving alcohol. Only 31 states have made periodic vehicle inspection mandatory. Only 31 states require periodic re-examination for driver licenses.

But, it is doubtful that even if the remaining 15 to 32 states passed all these laws there would be any startling change in the dismal statistics.

Not until an effort is made to improve the quality of people driving cars, no significant decrease in the traffic toll can realistically be expected.

Numerous studies have shown that a high percentage of accident causes have serious emotional problems.

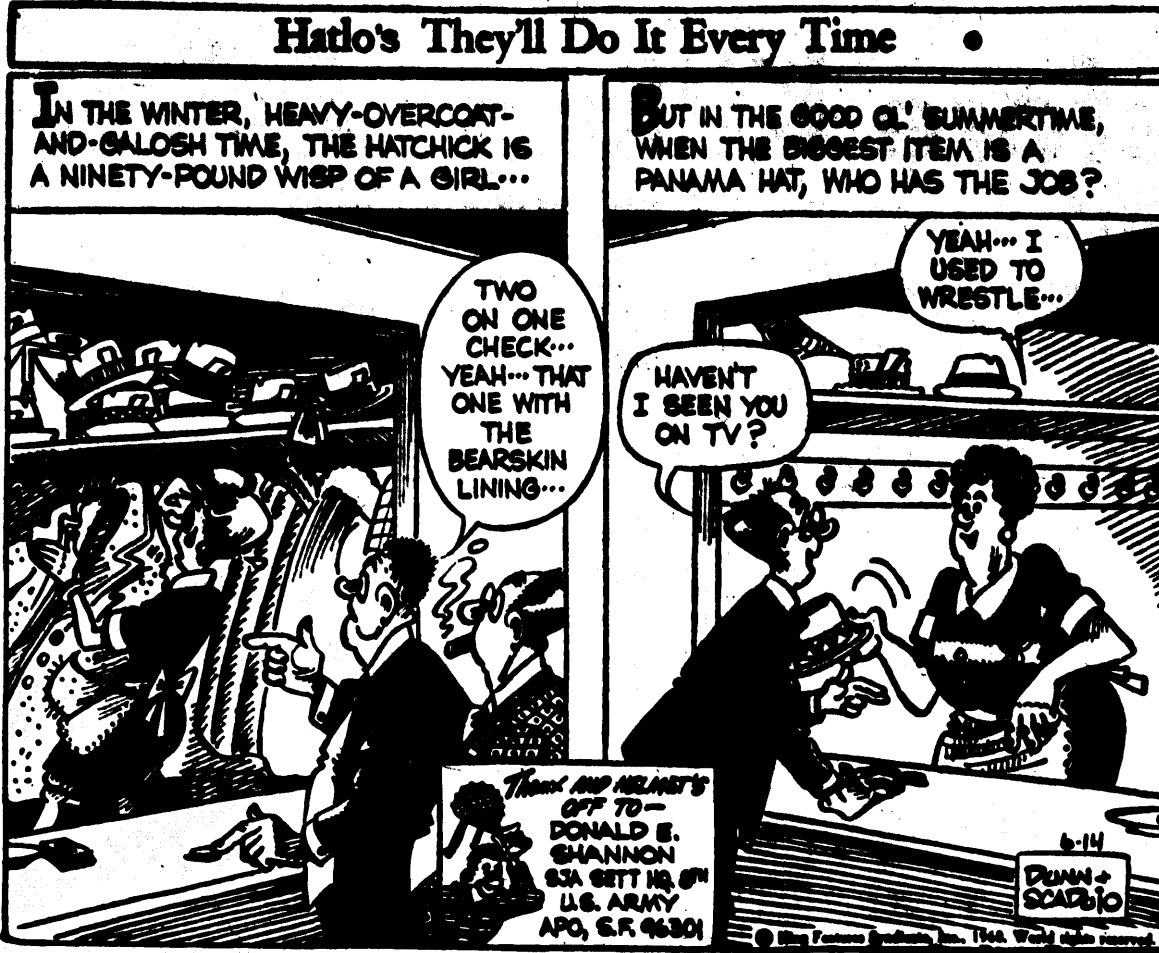

According to the American Journal of Psychiatry, personality traits and attitudes of high-accident drivers are different from the rest of the population. Psychological-sociological testing could separate good drivers from bad ones and save thousands of lives by keeping emotionally unfit drivers from behind the wheel, it claims.

If a driver's personal life is marked by caution, tolerance, foresight and consideration for others, then he will drive in the same manner.

The person without those characteristics will drive in an aggressive manner "and over a long period of time will have a much higher accident rate than his more cautious companion."

The safest laws, the safest highways, the stiffest tests, the most rigorous proficiency examinations in the world will not change this.

The worst traffic accident in 1967 was caused by a 26-year-old, divorced man who committed suicide by driving his car into a lake, taking 19 other persons with him.

## A Clergyman Expresses Concern

# 'No' On Millage Has Implications

BY REV. DR. WILFRED NELSON

As one of your leaders assigned to the spiritual in the community, and as a citizen with a college degree and three earned degrees beyond the Bachelor of Arts which are in the field of education, it is imperative that I speak out frankly on the recent defeat of the school millage proposal.

Let it be clearly understood that while my parish provides me with a home, nevertheless I am also a taxpayer to a community. In this area I am proud to support a school system even miles away from which no direct benefits come other than a great investment in American youth.

Having stated this so that any critics may know my background, I proceed to voice my observations. It was the late Dr. Albert Schweitzer who said, "Anyone who expects to do good must not expect people to roll stones out of his way, but must accept his lot calmly if they even roll a few more into it." We observe that a good number of our community citizens have been doing a good job of rolling stones into the way of our Board of Education.

These elected to direct our educational system have had to address themselves to a majority of people in the community, but people who are in almost every respect in a condition of unenlightenment and revolt, and to the extent someone must aim to secure quietness and establishment of mind. When we speak into a storm our voice will not carry. The public school system faces an attitude of denial.

The first observation is that administrative authority may be considered as a qualified prerogative; but it still remains a fact that in these days many in our community are slow to believe a thing is true simply on the strength of the Board's say so. It will not be true to a number of our citizens because the Board of Education says it is true.

So far, the Board of Education is the prisoner in the dock and the community becomes a jury, and the verdict at the polls has pronounced their work guilty. As things are, very little will be accomplished by any direct attempt to refute existing errors of opinion, certainly not as our community now stands.

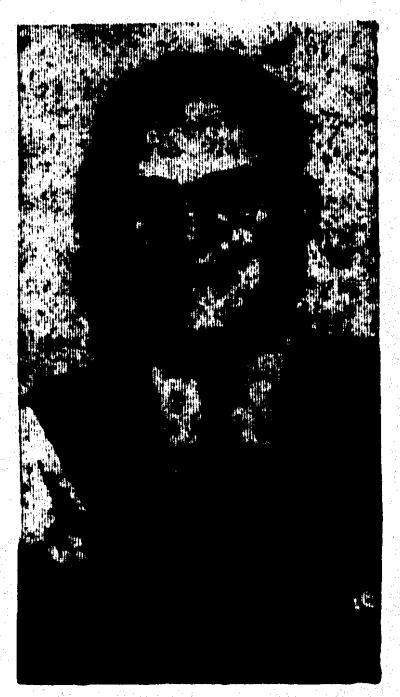

It is at this point that we who believe in education have to put in our work. The foundations of our nature are not laid in the false but in the true. Unless a man has ceased to be human there still survives in him a spot or original soundness to which an appeal can be made. A man cannot be argued, nor argue himself out of what he himself personally testifies to. What I know, I know, even if it is something that I do not like to know.

All of the no voters know even if it is something that they do not like to know that unless the needs for our educational system is given, then the last opportunity for self expression in education is gone. Our school system will then fall under full federal support with no regard to the amount of taxes placed upon the citizens of this area.

The second observation is that the millage was defeated clearly on the basis of personal selfishness. Selfishness is a contagious characteristic of our generation. Men come down with stomach ulcers, and women degenerate into alcoholics in the maddening race for fame and favor. Why? Because we have allowed the innate selfishness of man to grow; because we are nurturing in our

country a policy of "You-owe-me-a-living."

Why only 50 percent voted reflects back on the younger generation with children. The trouble is what money pushes the family around. They are expected to dress according to suburban standards. So, pushed by the demands of their position, they drive themselves relentlessly to get ahead. Yet the heads of the family lose sight

Dr. Wilfred Nelson

of the values that make life worth living in order to possess the values that provide prestige, and to have this means cutting the schools needs.

Under the guise of independence the "No" voters have succumbed to exploitation by those who have styled themselves liberators and benefactors of the people. There is no benevolence in the "No" vote, but only selfishness.

Then there are those who were not able to acquire an education because of the need to support himself at an early age, or to help support his family. This individual has done well in our economic society without too much education, and now is a family man, or his family has grown. This citizen may come to resent the educational advantages of others. He feels cheated by past circumstances and may attribute the fault directly to society, hence he is against progressive education.

It must be clearly understood that our community is a society for thinking together and doing things together for the achievement of common ends. There is no place in our society for selfishness. Society is the product of association; it is the fruit of group life. The responsibility rests with the community itself. The schools reflect what the community wants, and the community must arouse itself to an intelligent understanding of what it wants.

As a citizen, you and I are stockholders in a business with branches in every county, village and city. A business concerned with the protection and development of the nation's greatest natural resource — its youth. You and I owe it to ourselves, to our community, to work continuously to improve our schools.

My final observation is that the millage was defeated because of fundamental changes in society. When fundamental changes in education and fundamental changes in society take place simultaneously one can expect bitter controversy, especially when both types of changes are occurring in a period of international tension and insecurity. The unresolved problems in our nation converge upon the schools, and in the unresolved problems there is a threat to education because the nation is entering upon a phase of social evolution different from, and possibly greater than any it has ever known.

The old economic order has been not merely disturbed, but virtually displaced by the new industrial economy which tends to offer only a means of living without essential social stability or community interest. If liberty, equality, and fraternity are to have meaning, the relationship between individual welfare and social welfare must be accorded a new dimension in which liberty is coupled with individual and social responsibility.

What value does the community place upon education when business and industry consistently provide higher remuneration than the teaching profession? Can our community educational system survive? This is by no means an academic question. It poses a real danger which every thoughtful citizen should face. The storm warnings are out. The academic barometer is unsteady here in our community, even lowering, with hints of possible hurricane on the distant horizon.

More than 2,000 years ago, the Greek philosopher Aristotle said, "It is the nature of all human institutions to decline." A home, a business, a farm, if neglected will fall. Our schools have been left to find for themselves too long the needed financial support, and as a result suffer in a modern world. They are forced to be unprepared for the eventualities of tomorrow. This lack of preparation has stemmed from the lack of community planning; which in turn stems from the inability or unwillingness of the community to make wise decisions.

Recommendations: What is needed most in our community is a realization on the part of the public that education can only succeed as a cooperative enterprise which has the intelligent and sympathetic support of all elements of society. I am not saying that this implies that the public should not appraise the schools. Indeed, it has a democratic right and duty to do so until such rights are surrendered. It does imply emphasis upon constructive instead of destructive criticism, fair and unbiased treatment of issues, and judgment based upon adequate objective evidence.

Society controls the school; the schools cannot rise above the conception of their function by the social group. We must be reasonable, have good sense; and comprehend basic issues. As the schools go, so goes our community. Let it then be clearly understood that a school that is secure in its community, is cherished by its people, and is respected by its citizens, is a school that is rendering splendid educational service which is understood, approved, and appreciated.

This type of a school-community relationship can exist only when the school and its patrons have become genuine partners. This must be accompanied by mutual respect, trust, and confidence. Each must as a citizen accept the other person's fundamental desire to do the right thing, that which is to the best welfare of all. Up to now we have not been partners, have we?

## Build New YMCA

MONROE (AP)—Officials of the Monroe County YMCA have announced the signing of construction contracts for a new \$1 million facility. Work is scheduled to begin within a month. Funds for the building were raised through a public subscription campaign held during the past year.

## Win At Bridge

By JACOB A. SOHN

♣ 4		
Neither vulnerable		
West North East South		
Pass 1 ♠ Pass 2 N.T.		
Pass Pass Pass Pass		
Opening lead—♥ 10		

Here is a hand from back in the early 1930s. West was the late Louis Watson. Louis died when only 29, but he had already established himself as one of the great players of all time. He was also noted for his general mild manner and kind treatment of his partners.

East really should have opened the bidding with one heart, but the chances are that South would still have wound up playing in two no-trump.

Watson who sat West opened his ten of hearts. South took the trick with the jack and led a diamond. East was in with the king and proceeded to lead a second heart. South won that and knocked out East's ace of diamonds. At this point East returned the queen of clubs, but it was one time too late. Declarer wound up by making his contract with two overtricks.

It took great restraint on Louis' part to refrain from pointing out that if East had given up the heart suit and shifted to a club when he first got in, that South would have gone down one instead of making two overtricks, but, as stated before, Louis was one of the mildest of all experts and never criticized his partners.

East wasn't quite that mild. He pointed out that if Louis had just opened a club they would have beaten the contract and asked Louis why he did not open his good suit.

This was too much for even the mild-mannered Louis. He replied, "Yes, I might have. I also might have gone to a movie instead of coming to the club to play bridge. I also might have done a lot of other things that I have not done, but I am just silly enough to hope that sometime it will be right to open your suit. On the other hand, you knew that your heart suit was not going to come in. You were looking at dummy, and the only excuse you had for not leading a club the first time you got in must be that you want to lose."

## Q-The bidding has been:

West	North	East	South
1 ♠	Pass	1 ♥	Pass
Pass	2 N.T.	Pass	3 ♠
Pass	3 N.T.	Pass	4 N.T.
Pass	5 ♠	Pass	?

You, South, hold:  
♠ A 4 ♣ K J 8 5 3 ♦ K 5 4 ♣ K 10 7

What do you do now?  
—Bid six no-trump. Your side has all the aces, but you have no interest in the grand slam since your partner can't have more than 20 points opposite your 14.

TODAY'S QUESTION  
Instead of bidding three no-trump over your three diamonds, your partner has bid four diamonds. What do you do now?

Answer Tomorrow

## Ann Landers Bizarre Outfit Tip To Bid For Notice

Dear Ann Landers: Please, I wouldn't wear some of the please help a teen-aged girl who is about to flip out.

I had three dates this past weekend—one Friday night, one Saturday night and a skating date Sunday afternoon. I need to know where a trend ends and nuttiness begins? I am talking about boys who are getting more girlish by the day.

One boy asked to use my compact three times during the evening so he could comb his hair. He had a big wave in front and I am not sure but I think there were bobby pins holding it.

My Friday night date wore a jacket that was so fancy it looked like a girl's. I really felt uncomfortable when he showed up in it but I didn't say anything. The kid who took me out Saturday night wore a shirt with a ruffled collar and cuffs. I thought it was his mother's. When I asked where he got it he said it belonged to his brother. "I could not afford anything as ratty as this," he announced.

The pants are getting tighter and the hair is getting longer and the clothes are getting fancier. Do boys want to be girls or what? Please tell me. I am beginning to wonder what all this means.—MISS ? ? ?

Dear Miss: Marshall McLuhan says clothes these days are not clothes but costumes. People are dressing for the roles they play. I believe he has a message.

The more bizarre the outfit, the more desperate the "actor." People who are well-balanced are not compelled to do everything short of set their hair on fire to attract attention. And for those of you who have already reached for your ballpoints to tell this square old lady what's "in," save your stamps. I know what's in and

## People, Events Of Yesteryears

From The Files of the Escanaba Daily Press

25 Years Ago  
Joan Farrell and Virginia Bergquist, Escanaba students at Lawrence College, Appleton, Wis., ranked in the top 10 per cent of their class during the past year.

Federal tax stamps for motor vehicles, covering the year beginning July 1, 1943, are now on sale at the Escanaba Post Office. The stamps cost 35 and the law requires that one be purchased for every automobile in use.

50 Years Ago  
Mammoth crowds heard ex-senator Colby and other speakers last night in the closing sessions of the great war conferences. The conferences were held in the Delft Theatre. The conferences were filled with such inspiration that at times the applause was deafening.

## U. P. Men Named

WASHINGTON (AP)—President Johnson Wednesday nominated Joseph C. Eria of Bessemer, Mich., and Reuben R. Makin of Wakefield, Mich., for U.S. postmasterships.

Lead is the world's fifth most important metal on a tonnage basis, being exceeded only by iron, copper, aluminum and zinc.

## Waste Treatment Improvements Ordered In U.P.

LANSING (AP) — The State Water Resources Commission has notified 35 Michigan communities that they must either improve their waste treatment plants, make provisions for the removal of phosphorus materials, or do both.

Phosphorus is the key element contributing to the algae problem in Lake Michigan and the state's inland waters.

The local communities were ordered to comply with Michigan's interstate water quality standards or the recommendations of the recent federal-state conference on pollution of Lake Michigan and its tributary basin.

Sixty Lake Michigan basin communities received notice of a federal-state conference decision that phosphate material removal must be substantially accomplished by December, 1972. These communities also were advised to evaluate their present waste treatment plants with a view to providing future additional facilities.

Thirteen communities were notified they must provide secondary treatment by June, 1972, in addition to accomplishing phosphate removal by December, 1977.

Another 12 communities outside the Lake Michigan basin also were informed that secondary treatment is necessary by June, 1972. They also were advised to provide for phosphorus removal, although the general deadline is not until June, 1977.

Each community was given 60 days in which to notify the commission of intent to comply with the orders. If verification of intent is not received, the commission has power to force action through the courts.

Seven Upper Peninsula communities are among the 60 Michigan cities notified to complete removal and to evaluate existing treatment facilities by 1972. They are: Escanaba, Norway, Iron River, Manistique, Iron Mountain, Kingsford and Menominee.

According to Francis D'Amour, supervisor of the city water purification and pumping station in Escanaba, which has both primary and secondary sewage purification facilities, the present sewerage and water needs are being re-evaluated by Black & Veatch, consulting engineers of Kansas City, Mo., in light of the new requirements.

D'Amour said that Escanaba is now making cost estimates on the new water and sewerage

facilities, and that the estimated amounts vary widely because no decision has been reached regarding choice of the chemical process to be used.

Gladstone, along with Iron Mountain, Kingsford and Menominee, is one of 13 Michigan cities ordered to provide secondary sewage treatment by June 1972 and phosphate removal by December 1972.

Twelve Michigan cities are also expected to provide secondary treatment by June 1972 with phosphate removal to be planned concurrently. Of these, Baraga, Mackinac Island, St. Ignace and Sault Ste. Marie are in the Upper Peninsula.

## Two Men Join City Planners

Leonard Erickson, 1123 Sheridan Rd., and Leo Alperovitz, 208 S. 22nd St., were seated as new members of the Escanaba City Planning Commission Thursday night. They will replace Fred Breitenbach and James Davidson Jr.

In other business the commission recommended that a parcel of land bordered by N. 22nd St. 3rd Ave. N., N. 21st St. and 1st Ave. N. be vacated, including the alleys running between N. 21st St. and N. 22nd St. from 1st Ave. N. to 3rd Ave. N.

A new family center is planned at the site by Red Owl, Inc. The Planning Commission also set an informal public hearing for July 11, to consider a request to vacate S. 17th St. from 11th Ave. S. to 12th Ave. S. and part of 12th Ave. S. from the end of the existing pavement to one-half block west of S. 17th St. The request was made by the Escanaba Country Club, which owns lots in the area.

The Commission also recommended that the city not consider selling any parcels of land from the city property in the 500 block of 1st Ave. N. Erickson, manager of C. Reiss Coal Co., and Alperovitz, business director of Bay de Noc Community College, will join Richard Pryal, Neil Kozitzky, Paul Snyder, Henry Wyle, Matt Smith, Ronald Lankford and Roger Murray on the commission.

## Herd Improves:

## Antlerless Deer Proposals Stay At 1967 Levels

LANSING — Michigan's Department of Conservation has outlined preliminary plans for a kill of about 46,000 antlerless deer during the state's November 15-30 firearm deer season this fall.

The tentative recommendations are little changed from a year ago when the antlerless deer quota was 46,620.

The proposals are considered conservative because the state's deer herd is believed in better shape, physically and numerically, than last year and field observations point to a larger fawn crop than in 1967 when hunters took just over an estimated 100,000 whitetails.

The Department's preliminary antlerless deer areas and quotas have already met favorably with five of six northern Citizens' Advisory Committees on Deer.

The only difference of opinion exists in the Cadillac District where state game men see the need to crop 8,705 antlerless animals. That district's advisory committee wants the kill quota lowered to 5,975.

Action in July Conservation Commission action on the proposals is expected July 11-12 at the Higgins Lake meeting.

The Department proposes an antlerless deer kill of 14,720 in the Upper Peninsula, 28,965 in the northern Lower Peninsula, and 2,470 in southern Michigan. Antlerless deer quotas in 1967 were 16,790 for the Upper Peninsula, 27,785 for the northern Lower Peninsula, and 2,445 for southern Michigan.

The Department is suggesting that an area north of Portage Canal in the Upper Peninsula's Houghton County be removed from antlerless deer hunting to provide a clearer boundary for taking these animals.

Word improves Department deer specialist Dave Arnold reports that this year's deer picture in Michigan is generally more favorable than in 1967 which was a good year for deer hunters.

ESCANABA BEACH LIFEGUARD Joseph Milecki, left, directs a volunteer crew of girls in painting the diving raft for the municipal beach. In the group are Kathy Anderson,

## Pearl R. Perry Taken By Death

Miss Pearl R. Perry, 54, a life long resident of Spalding died suddenly at 4 p.m. Thursday at her home after suffering a heart attack. She was the owner and operator of Perry's Cafe in Spalding for the past 25 years.

Miss Perry was born July 31, 1913 in Spalding and was a 1932 graduate of Powers-Spalding High School. She worked at the Spalding Post Office during WW II and was a member of St. Francis Xavier Church.

She is survived by her mother, Mrs. Vina Perry of Spalding; two sisters, Mrs. Ed Perket of Spalding and Mrs. Richard Recla of Niagara.

Friends may call at the Kell-Tondin Chapel after 2 p.m. today and the parish Rosary will be recited at 8 p.m. Funeral services will be conducted at 10 a.m. Saturday at St. Francis Xavier Church with Rev. A. Ehlinger officiating. Burial will be in the Spalding Township Cemetery.

## Congressional Exchange . . .

## Don't Do It, Ray, Suggests Jack English

Jack English, Wakefield ski resort operator and Democratic hopeful for Congress, today risked an early season political sitzmark with a jape at Raymond Clevenger, former congressman.

Clevenger's petitions for nomination in the 11th District are being circulated in Delta County and elsewhere by the Democratic county committee, which have been assured that he will be a candidate. Clevenger himself trying for maximum publicity in the announcement, announced this week that he was "considering" becoming a candidate.

English, an announced candidate for the Democratic nomination to oppose Republican incumbent Congressman Philip E. Ruppe (Houghton) made public a wire he sent to Clevenger in response to a statement by Clevenger that he had not yet decided whether to run again this year. Clevenger said his decision would be based on public response to nominating petitions now being circulated for him:

English's telegram: "Dear Mr. Clevenger: "To run or not to run — to be a congressman of a \$37,000-a-year federal appointee — that seems to be your question. Since we all hate to see anyone troubled by a perplexed, uncertain mind, I am anxious to help you make a decision. "First of all, I can tell you that your petitions are not being received well, particularly in the western end of the Up-

## All State Cars Must Have Mirror On Driver's Side

Michigan has gone the federal government one better in highway safety, but many state motorists apparently are unaware of it.

All Michigan cars must have an outside rear view mirror on the driver's side, regardless of what year the car was built.

Tickets are being written by Michigan law enforcement officers for failure to have the outside mirror.

The federal government's National Vehicle Standard requires the outside mirror on the driver's side to be included on all cars built after Jan. 1 of this year, just as it requires shoulder safety belts.

The Michigan law, which also took effect Jan. 1, requires an outside mirror on all cars, no matter when they were built.

In addition, all commercial vehicles weighing one-half ton or more must have an outside mirror on each side of the vehicle.

## BB-Gun Ban

The arrest Thursday of two youths, ages 12 and 13, who admitted shooting their BB-guns at the home of Ernest Rudolph, 215 N. 20th St., breaking several windows, has prompted a request from Escanaba police to inform young people that it is illegal to shoot BB-guns within the city limits.

## Briefly Told

Richard L. Verch, Bay de Noc Community College instructor is among 37 college teachers enrolled in a "History of Biology Summer Institute" at Ohio State University, Columbus, O. The institute, sponsored by the National Science Foundation, runs from June 17 to July 27.

## Arson Inquiry

Police are investigating the possibility that arson may have been the cause of a fire which ignited a small portion of the Old State Bank Bldg., 1108 Ludington St., at 6:15 p.m. Thursday. Damage was slight.

## Jaycees Install Officers, Honor Active Members

The Escanaba Jaycees installed officers and honored outstanding members at the annual Awards Night program Wednesday at the Delta Supper Club.

Officers sworn in were James Orr, president; Kenneth Wicklander, internal vice president; Jim Davidson, external vice president; Al Paperic, secretary; Elmer Bessonen, treasurer, and William Rodman and John LeMire, directors.

The "Jaycee of the Year" award was presented to Rodman, who served in the office of external vice president the past year. The award recognizes valuable service during the year to the Jaycees.

The "Spoke of the Year" award went to Al Paperic, recognizing the outstanding first year Jaycee, and Robert Bink was named "Spark Plug of the Year." The award honors members who have been with the club for more than one year for taking an active part in club activities.

Men honored with "Key Man" awards for taking "key" roles in club projects were Davidson, Dr. Donald Fitch, John Dulek and Howard Smale.

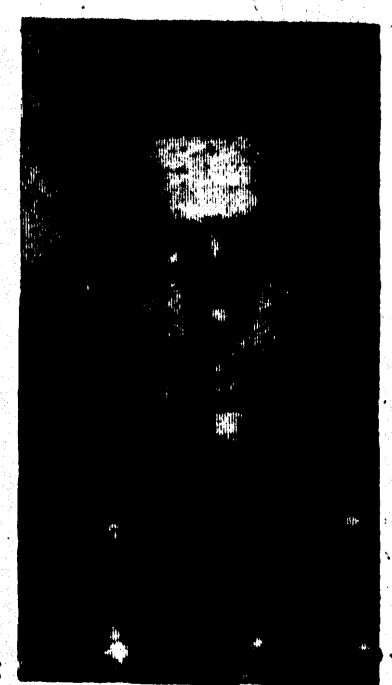

Certificates of appreciation for services to the Jaycees were awarded to the Escanaba Daily Press, WLST, WDBC, WLUC-TV of Marquette, and to Gordon Fleeth of the Delta.

John LaBranche, outgoing President, recapped activities of the past year and incoming President Orr briefly outlined plans for the upcoming year.

Dick Barron, State Vice President from Montana, talked briefly on his experiences as a state officer in West Central Montana. Barron is formerly of Flat Rock.

The Escanaba Jaycees also installed officers. They are: Mrs. Howard Smale, president; Mrs. Pete Asplund, vice president; Mrs. Gary LaPlante, secretary; Mrs. Robert Bink, treasurer, and Mrs. James Orr and Mrs. John LeMire, directors.

The next meeting of the Jaycees is scheduled June 26 at the Eagles Club.

William Rodman

triel Montana. Barron is formerly of Flat Rock.

The Escanaba Jaycees also installed officers. They are: Mrs. Howard Smale, president; Mrs. Pete Asplund, vice president; Mrs. Gary LaPlante, secretary; Mrs. Robert Bink, treasurer, and Mrs. James Orr and Mrs. John LeMire, directors.

The next meeting of the Jaycees is scheduled June 26 at the Eagles Club.

## Norlin Named Agent In Alger

ALGER — Arvid Norlin has been appointed Alger County Extension natural resources agent, effective, July 1.

Norlin comes to Alger from Chippewa County where he served as county 4-H youth agent since 1951.

He holds BS and MA degrees from Michigan State University and was a vocational agriculture instructor before joining the Cooperative Extension Service.

The American Legion was organized in 1919.

## Semaphore

Escanaba police say that the traffic light at 12th Ave. N. and Washington Ave. will continue to be used during the summer months. The signal is usually altered to a blinking caution light during the vacation period of nearby Webster School.

## Boogren Named Fishing Officer

LANSING — Byron E. Boogren, district law supervisor for the Conservation Dept. at Newberry since 1965, has been named to fill the new post of supervisor of commercial fishing for the Upper Peninsula.

A 17-year veteran of law work, Boogren assumed his new duties June 10 at Marquette regional headquarters. He will be responsible for directing uniform conservation law enforcement covering commercial and sport fishing in Great Lakes waters of the Upper Peninsula.

Boogren also will be charged with coordinating patrol coverage of shore officers, and will work as an agent in the wholesale fish markets of the larger cities in the Midwest.

He was replaced as district law supervisor at Newberry by H. Ransom Hill, who has been district fire supervisor at that station. Hill will continue to supervise the district's fire program until a successor can be appointed.

Leonard A. McDonald, who has been serving as commercial fishing supervisor for both the Upper Peninsula and northern Lower Peninsula, will take in full-time charge of Lower Michigan operations in July.

## Julius Petre Dies Today At His Home

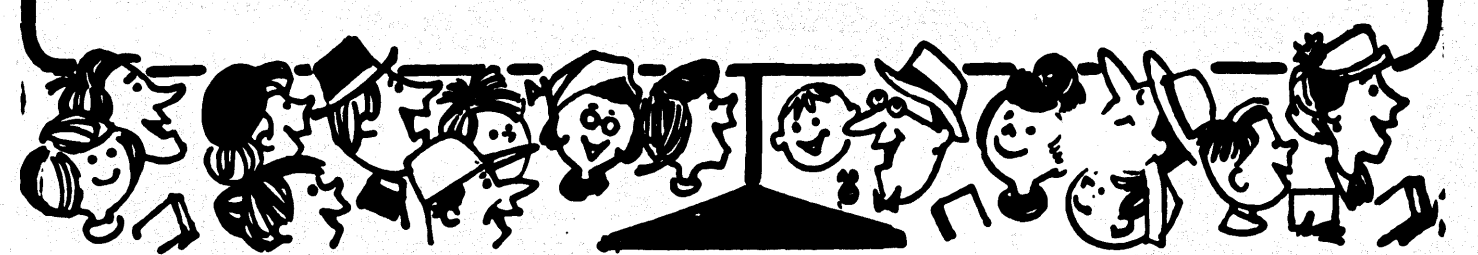

GLADSTONE — Julius Petre, 72, of Blackwell Ave., died today after suffering a heart attack at his home. He was born May 8, 1896 in Kensington and had been employed as a woodworker and in the lumber mills in the area.

He is survived by one brother, Charles and a sister, Mrs. Edgar (Louise) Crisp, both of Gladstone and several nieces and nephews.

The body has been removed to the Strandell Funeral Home where funeral arrangements are being made at this time.

Funeral for the world's second largest French-speaking city.

# Waste Treatment Improvements Ordered In U.P.

LANSING (AP) — The State Water Resources Commission has notified 85 Michigan communities that they must either improve their waste treatment plants, make provisions for the removal of phosphorus materials, or do both.

Phosphorus is the key element contributing to the algae problem in Lake Michigan and the state's inland waters.

The local communities were ordered to comply with Michigan's interstate water quality standards or the recommendations of the recent federal-state conference on pollution of Lake Michigan and its tributary basin.

Sixty Lake Michigan basin communities received notice of a federal-state conference decision that phosphate material removal must be substantially accomplished by December, 1972. These communities also were advised to evaluate their present waste treatment plants with a view to providing future additional facilities.

Thirteen communities were notified they must provide secondary treatment by June, 1972, in addition to accomplishing phosphate removal by December, 1977.

Another 12 communities outside the Lake Michigan basin also were informed that secondary treatment is necessary by June, 1972. They also were advised to provide for phosphorus removal, although the general deadline is not until June, 1977.

Each community was given 60 days in which to notify the commission of intent to comply with the orders. If verification of intent is not received, the commission has power to force action through the courts.

Seven Upper Peninsula communities are among the 60 Michigan cities notified to complete removal and to evaluate existing treatment facilities by 1972. They are: Escanaba, Norway, Iron River, Manistique, Iron Mountain, Kingsford and Menominee.

According to Francis D'Amour, supervisor of the city water purification and pumping station in Escanaba, which has both primary and secondary sewage purification facilities, the present sewerage and water needs are being re-evaluated by Black & Veatch, consulting engineers of Kansas City, Mo., in light of the new requirements.

D'Amour said that Escanaba is now making cost estimates on the new water and sewerage

facilities, and that the estimated amounts vary widely because no decision has been reached regarding choice of the chemical process to be used.

Gladstone, along with Iron Mountain, Kingsford and Menominee, is one of 13 Michigan cities ordered to provide secondary sewage treatment by June 1972 and phosphate removal by December 1972.

Twelve Michigan cities are also expected to provide secondary treatment by June 1972 with phosphate removal to be planned concurrently. Of these, Baraga, Mackinac Island, St. Ignace and Sault Ste. Marie are in the Upper Peninsula.

## Two Men Join City Planners

Leonard Erickson, 1123 Sheridan Rd., and Leo Alperovitz, 208 S. 22nd St., were seated as new members of the Escanaba City Planning Commission Thursday night. They will replace Fred Breitenbach and James Davidson Jr.

In other business the commission recommended that a parcel of land bordered by N. 22nd St. 3rd Ave. N., N. 21st St., and 1st Ave. N. be vacated, including the alleys running between N. 21st St. and N. 22nd St. from 1st Ave. N. to 3rd Ave. N.

A new family center is planned at the site by Red Owl, Inc. The Planning Commission also set an informal public hearing for July 11, to consider a request to vacate S. 17th St. from 11th Ave. S. to 12th Ave. S. and part of 12th Ave. S. from the end of the existing pavement to one-half block west of S. 17th St. The request was made by the Escanaba Country Club, which owns lots in the area.

The Commission also recommended that the city not consider selling any parcels of land from the city property in the 500 block of 1st Ave. N.

Erickson, manager of C. Reiss Coal Co., and Alperovitz, business director of Bay de Noc Community College, will join Richard Pryal, Neil Kositzky, Paul Snyder, Henry Wylie, Matt Smith, Ronald Lankford and Roger Murray on the commission.

ESCANABA BEACH LIFEGUARD Joseph Mileski, left, directs a volunteer crew of girls in painting the diving raft for the municipal beach. In the group are Kathy Anderson,

Bonnie Hemminger, Patti Ricci, Sally Grabowski, Ginny LeMire, Patty Meehan and Jill Peterson. (Daily Press Photo)

## Pearl R. Perry Taken By Death

Miss Pearl R. Perry, 54, a life long resident of Spalding died suddenly at 4 p.m. Thursday at her home after suffering a heart attack. She was the owner and operator of Perry's Cafe in Spalding for the past 25 years.

Miss Perry was born July 31, 1913 in Spalding and was a 1932 graduate of Powers-Spalding High School. She worked at the Spalding Post Office during WW II and was a member of St. Francis Xavier Church.

She is survived by her mother, Mrs. Vina Perry of Spalding; two sisters, Mrs. Ed Perket of Spalding and Mrs. Richard Recla of Niagara.

Friends may call at the Kell-Tondin Chapel after 2 p.m. today and the parish Rosary will be recited at 8 p.m. Funeral services will be conducted at 10 a.m. Saturday at St. Francis Xavier Church with Rev. A. Ehlinger officiating. Burial will be in the Spalding Township Cemetery.

## Congressional Exchange . . .

# Don't Do It, Ray, Suggests Jack English

Jack English, Wakefield ski resort operator and Democratic hopeful for Congress, today risked an early season political sitzmark with a jape at Raymond Clevenger, former congressman.

Clevenger's petitions for nomination in the 11th District are being circulated in Delta County and elsewhere by the Democratic county committees, which have been assured that he will be a candidate. Clevenger himself trying for maximum publicity in the announcement, announced this week that he was "considering" becoming a candidate.

English, an announced candidate for the Democratic nomination to oppose Republican incumbent Congressman Philip E. Ruppe (Houghton) made public a wire he sent to Clevenger in response to a statement by Clevenger that he had not yet decided whether to run again this year. Clevenger said his decision would be based on public response to nominating petitions now being circulated for him:

English's telegram: "Dear Mr. Clevenger: "To run or not to run — to be a congressman of a \$27,000-a-year federal appointee — that seems to be your question. Since we all hate to see anyone troubled by a perplexed, uncertain mind, I am anxious to help you make a decision. "First of all, I can tell you that your petitions are not being received well, particularly in the western end of the Upper Peninsula. There is no necessity to go into all the reasons this is happening. They are the same reasons that caused you to go down to defeat in 1966.

"Michigan's 11th District desperately needs fresh, effective representation. As an alumni of this district, you are welcome aboard the English bandwagon."

## All State Cars Must Have Mirror On Driver's Side

Michigan has gone the federal government one better in highway safety, but many state motorists apparently are unaware of it.

All Michigan cars must have an outside rear view mirror on the driver's side, regardless of what year the car was built.

Tickets are being written by Michigan law enforcement officers for failure to have the outside mirror.

The federal government's National Vehicle Standard requires the outside mirror on the driver's side to be included on all cars built after Jan. 1 of this year, just as it requires shoulder safety belts.

The Michigan law, which also took effect Jan. 1, requires an outside mirror on all cars, no matter when they were built.

In addition, all commercial vehicles weighing one-half ton or more must have an outside mirror on each side of the vehicle.

## Boogren Named Fishing Officer

LANSING — Byron E. Boogren, district law supervisor for the Conservation Dept. at Newberry since 1965, has been named to fill the new post of supervisor of commercial fishing for the Upper Peninsula.

A 17-year veteran of law work, Boogren assumed his new duties June 10 at Marquette regional headquarters. He will be responsible for directing uniform conservation law enforcement covering commercial and sport fishing in Great Lakes waters of the Upper Peninsula.

Boogren also will be charged with coordinating patrol coverage of shore officers, and will work as an agent in the wholesale fish markets of the larger cities in the Midwest.

He was replaced as district law supervisor at Newberry by H. Ransom Hill, who has been district fire supervisor at that station. Hill will continue to supervise the district's fire program until a successor can be appointed.

Lenard A. McDonald, who has been serving as commercial fishing supervisor for both the Upper Peninsula and northern Lower Peninsula, will take in full-time charge of Lower Michigan operations in July.

## Julius Petre Dies Today At His Home

GLADSTONE — Julius Petre, 72, of Blackwell Ave., died early today after suffering a heart attack at his home. He was born May 5, 1896 in Stonington and had been employed as a woodworker and in the lumber mills in the area.

He is survived by one brother, Charles and a sister, Mrs. Edgar (Louise) Cripe, both of Gladstone and several nieces and nephews.

The body has been removed to the Skradski Funeral Home where funeral arrangements are incomplete at this time.

Montreal is the world's second largest French-speaking city.

## Herd Improves:

# Antlerless Deer Proposals Stay At 1967 Levels

LANSING — Michigan's Department of Conservation has outlined preliminary plans for a kill of about 46,000 antlerless deer during the state's November 15-30 firearm deer season this fall.

The tentative recommendations are little changed from a year ago when the antlerless deer quota was 46,620.

The proposals are considered conservative because the state's deer herd is believed in better shape, physically and numerically, than last year and field observations point to a larger fawn crop than in 1967 when hunters took just over an estimated 100,000 whitetails.

The Department's preliminary antlerless deer areas and quotas have already met favorably with five of six northern Citizen's Advisory Committees on Deer.

The only difference of opinion exists in the Cadillac District where state game men see the need to crop 8,705 antlerless animals. That district's advisory committee wants the kill quota lowered to 5,975.

Action In July  
Conservation Commission action on the proposals is expected July 11-12 at the Higgins Lake meeting.

The Department proposes an antlerless deer kill of 14,720 in the Upper Peninsula, 28,965 in the northern Lower Peninsula, and 2,470 in southern Michigan. Antlerless deer quotas in 1967 were 16,790 for the Upper Peninsula, 27,785 for the northern Lower Peninsula, and 2,045 for southern Michigan.

The Department is suggesting that an area north of Portage Canal in the Upper Peninsula's Houghton County be removed from antlerless deer hunting to provide a clearer boundary for taking these animals.

Herd Improves  
Department deer specialist Dave Arnold reports that this year's deer picture in Michigan is generally more favorable than in 1967 which was a good year for deer hunters.

## BB-Gun Ban

The arrest Thursday of two youths, ages 12 and 13, who admitted shooting their BB-guns at the home of Ernest Rudolph, 215 N. 20th St., breaking several windows, has prompted a request from Escanaba police to inform young people that it is illegal to shoot BB-guns within the city limits.

## Briefly Told

Richard L. Verch, Bay de Noc Community College instructor is among 37 college teachers enrolled in a "History of Biology Summer Institute" at Ohio State University, Columbus, O. The institute, sponsored by the National Science Foundation, runs from June 17 to July 27.

## Arson Inquiry

Police are investigating the possibility that arson may have been the cause of a fire which ignited a small portion of the Old State Bank Bldg., 1108 Ludington St., at 6:15 p.m. Thursday. Damage was slight.

# Jaycees Install Officers, Honor Active Members

The Escanaba Jaycees installed officers and honored outstanding members at the annual Awards Night program Wednesday at the Dells Supper Club.

Officers sworn in were James Orr, president; Kenneth Wicklander, internal vice president; Jim Davidson, external vice president; Al Paperic, secretary; Elmer Besson, treasurer, and William Rodman and John LeMire, directors.

The "Jaycee of the Year" award was presented to Rodman, who served in the office of external vice president the past year. The award recognizes valuable service during the year to the Jaycees.

The "Spoke of the Year" award went to Al Paperic, recognizing the outstanding first year Jaycee, and Robert Bink was named "Spark Plug of the Year." The award honors members who have been with the club for more than one year for taking an active part in club activities.

Men honored with "Key Man" awards for taking "key" roles in club projects were Davidson, Dr. Donald Fitch, John Dulek and Howard Smale.

Certificates of appreciation for services to the Jaycees were awarded to the Escanaba Daily Press, WLST, WDBC, WLUC-TV of Marquette, and to Gordon Flath of the Dells.

John LaBranche, outgoing President, recapped activities of the past year and incoming President Orr briefly outlined plans for the upcoming year.

Dick Barron, State Vice President from Montana, talked briefly on his experiences as a state officer in West Central Montana. Barron is formerly of Flat Rock.

The Escanaba Jaycees also installed officers. They are: Mrs. Howard Smale, president; Mrs. Pete Asplund, vice president; Mrs. Gary LaPlante, secretary; Mrs. Robert Bink, treasurer, and Mrs. James Orr and Mrs. John LeMire, directors.

The next meeting of the Jaycees is scheduled June 26 at the Eagles Club.

William Rodman

trai Montana. Barron is formerly of Flat Rock.

The Escanaba Jaycees also installed officers. They are: Mrs. Howard Smale, president; Mrs. Pete Asplund, vice president; Mrs. Gary LaPlante, secretary; Mrs. Robert Bink, treasurer, and Mrs. James Orr and Mrs. John LeMire, directors.

The next meeting of the Jaycees is scheduled June 26 at the Eagles Club.

## Norlin Named Agent In Alger

ALGER — Arvid Norlin has been appointed Alger County Extension natural resources agent, effective, July 1.

Norlin comes to Alger from Chippewa County where he served as county 4-H youth agent since 1951.

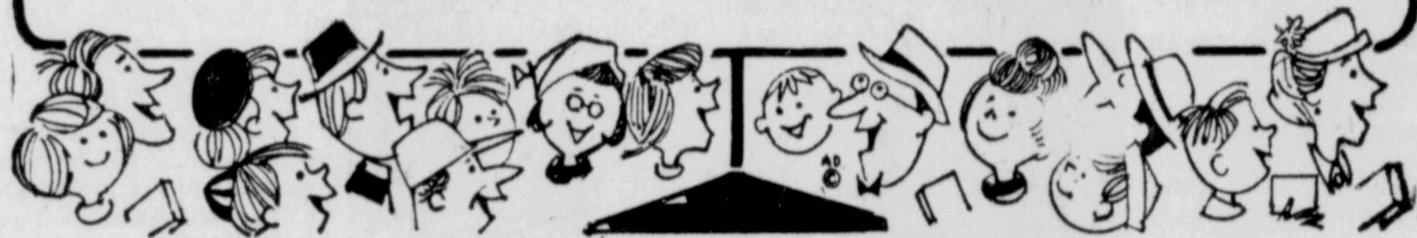

He holds BS and MA degrees from Michigan State University and was a vocational agriculture instructor before joining the Cooperative Extension Service.

The American Legion was organized in 1919.

## Semaphore

Escanaba police say that the traffic light at 12th Ave. N. and Washington Ave. will continue to be used during the summer months. The signal is usually altered to a blinking caution light during the vacation period of nearby Webster School.

# Ainalee Recalls Meeting With Khrushchchev

AINALEE CARLSON, daughter of Mr. and Mrs. Donald Carlson of Pacifica, Calif., was kissed on the cheek by Soviet Premier Nikita Khrushchchev after presenting him with four American Beauty roses when he visited the United States in 1959. In the above picture, Ainalee, who is 19 now is pictured when she was a patient in St. Francis Hospital. In the left picture, which was taken at the time of the meeting with Khrushchchev, shows Ainalee being kissed on the cheek by the Premier. Also pictured are from left, Patty Phillock, 8, a girl friend of Ainalee, Mrs. Carlson, Mrs. Khrushchchev and the Premier's son. The presentation of the roses was made to show, "proper respect" for a visiting head of state. (Daily Press and San Francisco Examiner Photos)

## Golf League Event Planned

Members of the Women's Golf League of the Escanaba Country Club will play a parimutuel event Wednesday.

All women of the league are asked to sign up in the Pro Shop by Sunday so that pairings can be made and published in Monday's Press.

Play will begin at 2:30 p.m. and it will be a nine hole event.

All women who are going to play in the U.P. Women's Invitational at Manistique on June 26 must register by Wednesday, June 19. Registration can be made at the Pro Shop or on league day, Wednesday.

## Births

**MAYNARD** — Mr. and Mrs. Earl Maynard Jr. of 230 E. Doty Drive, Neenah, Wis., are the parents of a son, Earl Joseph III born at 11:44 a.m. on June 9. The infant weighed 5 pounds and one ounce at birth. The mother is the former Francis Stumack of Iron Mountain.

MR. AND MRS. Lloyd A. Sundberg of Rte. 3, Rapid River announce the engagement of their daughter, Susan Lee, to Michael E. Piller, son of Mr. and Mrs. Edward Piller, 322 Scott Ave., Waukegan, Wis. The wedding will take place on Aug. 3 at Keesler Air Force Base, Miss.

## Bible School At Immanuel Begins Monday

Vacation Bible School of the Immanuel Lutheran Church will begin Monday, June 17, at the church. Classes will be held from 8:30 a.m. until 12 noon for one week from June 17-20.

The theme this year is, "Tell the Good News." Children from nursery through seventh grades are expected to attend unless out of town or sickness. A bus will pick up those needing transportation, and anyone needing a ride should call the church office, ST 6-6771 in time to make plans for the pick-up.

Teachers and helpers for this year's Bible School include Miss Donna Krueger, Mrs. Robert Jensen, Mrs. Edmund Olson, Mrs. Robert Bero, Mrs. Tom Lancour, Mrs. Donald Ryan, Mrs. Lee Patterson, Mrs. Stanley Jefferson, Mrs. Clarence Gerdesen, Miss Sharon Thorsbjornsen, Miss Debby Allen, Miss Darlene Erickson, Miss Shirley Grenfell and Tom Ryan.

## People

Michelle Trotter and Elson Lawler of Kenosha, Wis., are visiting at the home of Mr. and Mrs. Gust Trotter, 800 S. 18th St.

## Adventist Camp Meetings To Begin Tonight

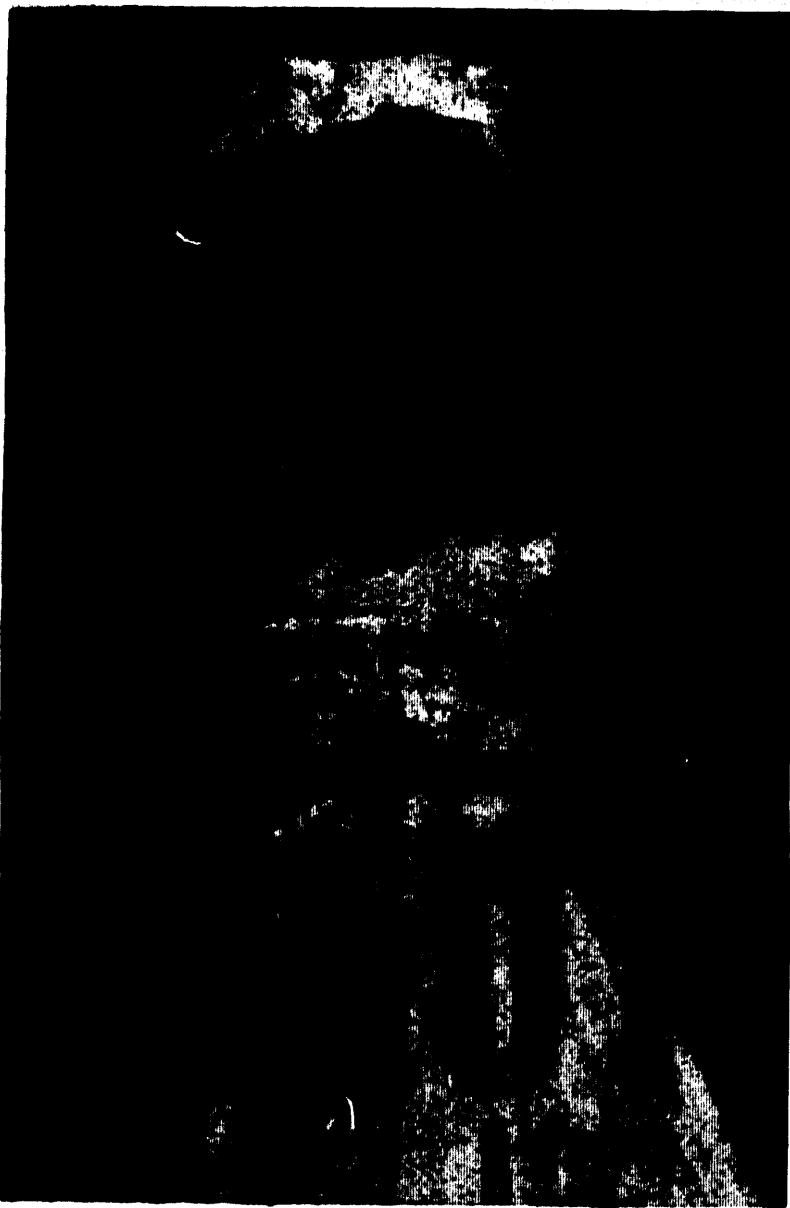

Pastor D. W. Hunter of Washington, D. C., will be the principal speaker at the Upper Peninsula Seventh-day Adventist Camp meeting, the first meeting to be held tonight at 7:15 in the auditorium at 210 S. 3rd St. All-day meetings will be held on Saturday and Sunday.

Other speakers will be R. D. Moon, Michigan Conference president, Lansing; Leonard Warkink, conference treasurer; George Taggart of the Michigan Book and Bible House; L. C. Caviness, Michigan Conference youth leader; Gordon Engen, editor of the Lake Union Herald; E. N. Wendth, Michigan Conference Public Relations secretary.

Meetings are planned for all age groups and the Michigan Book and Bible House will have a display of church literature.

Pastors and members from all Upper Peninsula churches will be in attendance.

## Sharon L. Anderson, Duane LaCosse Wed

The presentation of the roses was made to show, "proper respect", for a visiting head of state. (Daily Press and San Francisco Examiner Photos)

**By JANET MARTIN**

Nine years ago, Ainalee Carlson, daughter of Mr. and Mrs. Donald Carlson resided in Pacifica, Calif., near San Francisco, with her parents and it was in September of 1959 that Soviet Premier Nikita Khrushchhev was visiting the United States and at this particular time was in San Francisco.

At the time of this interview, Ainalee, 19, was a patient at St. Francis Hospital, Escanaba.

She has resided in Escanaba with her grandparents, Mr. and Mrs. Walter Thurston, 1021 8th Ave. S. since last summer and is presently a liberal arts student at Bay de Noc Community College. She will remain with her grandparents until next year when she completes her college work.

**In San Francisco**

On Sept. 21, 1959, Premier Khrushchhev was visiting in San Francisco and was staying at the Mark Hopkins Hotel there. Ainalee, 11, at this time and a girlfriend, Patty Phillock, 8 were quite excited about the visit and hoped to see him and perhaps even say hello.

Mrs. Carlson decided the hotel would probably be the best place to see him and as they proceeded there each of the girls carried a rose, from the Carlson garden, which they hoped to present to the Premier as a sign of friendship and honor to a visiting head of a foreign country.

Upon reaching the hotel, crowds were already tremendous, and they were told they must remain behind the ropes which had been put up in the lobby.

Mrs. Carlson, inquired whether the roses could be sent up to the Premier's suite, as they were beginning to wilt, but was told she would have to go through security both Russian and American. So she decided they would stay behind the ropes and try to hand the flowers to the Premier as he came by on his way to dinner.

**Very Excited**

Reporters, seeing the children with the flowers, came over to talk to them, and both girls by this time were very excited.

Senator Henry Cabot Lodge came down first and after be-

## Laurium Woman Is 100 Sunday

CALUMET (AP)—A Laurium woman celebrates her 100th birthday Sunday, and she is expecting help in the celebration from many of her 74 descendants.

Mary Gervais was born June 16, 1868, in Delaware in Keweenaw County. Four of her six children survive, the oldest of them 74. She also has 13 grandchildren, 44 great-grandchildren and 13 great-great-grandchildren.

Mrs. Gervais' birthday will be marked by an open house at the Laurium Senior Citizens' Center.

Although now blind, Mrs. Gervais is erect and alert. She attributes her long life to "a lot of patience."

"If you can't make things better," she said, "don't make them worse."

## Isabella Circle Meeting Held

Daughter of Isabella, Trinity Circle 362, held their regular monthly meeting, Wednesday, June 12, with 55 in attendance.

Lunch was served by chairman Mrs. John Sankovitch and her committee, the Mesdames Joseph Osier, John Fisher Jr., Orten Degeneffe, S. E. Decker, Emil Gafner, Cecile Daniels, Lon Vandervort, Robert Schmidt, Emma Frederickson and Olive LaFave.

Cards were played with a prize for each table and several guest awards were given.

The next meeting will be a social on June 24, with Mrs. Louis Carr, chairman.

### U.P. Road Builders At Blaney Tuesday

"Safety" is the theme of the 60th annual convention of the U. P. Road Builders' Association being held at Blaney Park — near Manistique — on June 18 and 19.

Approximately 300 are expected to attend the two-day meet which will include a meeting of the U. P. Road Clerk's Association on Wednesday afternoon.

Registration will begin at 10 a. m., Tuesday followed by a Board of Directors' meeting and election of new officers.

Noel C. Buft, executive director, Office of Highway Safety Planning, Executive Office of the Governor, will address the conference Tuesday on "The Development of Michigan's Highway Safety Program" as it has been affected by the Highway Safety Act of 1966.

Other speakers listed for Tuesday sessions include Wallace Nunn, vice chairman of the State Highway Commission; L. J. Doyle, assistant engineer of Traffic and Safety Division, Michigan Department of State

Highways; Coo Bauer, assistant Federal Aid Secretary Engineer, local government division, Michigan Department of State Highways.

Frank Reid, editor of "Rural and Urban Roads," a national publication, will address the conference on Wednesday with his topic "Secondary Roads Need Not Be Second Rate."

Editor of Rural and Urban Roads since 1963, Reid is also a registered engineer. He was formerly associated with "Water Works Engineering and Waste Engineering," magazine and served as editor of "Street Engineering."

Clerks Meet Wednesday Officials of H. C. Price Co., Bartlesville, Okla., will present a summary of pipeline operations following Reid's address.

The U. P. Road Clerk's Association will meet Wednesday at 10:30 a. m., with C. R. Roter, Menominee County Road Commission, presiding. Vernon Cummings, Luce County Road Commission, will preside at the Commissioners' meeting Wednesday afternoon.

Duncan Cameron, president of the Association, will preside over the closing banquet Wednesday night with Prof. Gerald Caspary of MTU toastmaster.

James E. Dornoff, retired sales executive, will deliver the main address at the banquet on "The Power of Enthusiasm in Management." Henrik Staff, director of Michigan Department of State Highways and Rep. Charles H. Varnum, (R-107th Dist.) will also speak. Several State Highway Department officials and officials of downstate county road commissions will also be in attendance at the convention.

### Priests Of U.P. Hold Conference

Forty-eight priests from all over the peninsula were in Manistique Wednesday for a clergy meeting which Msgr. Francis M. Scheringer and Fr. Daniel Zaloga of St. Francis hosted.

Bishop Charles A. Salata of Marquette presided at the conference which was held in the St. Francis Parish Center.

Following the meeting dinner was served by members of the St. Anne's Altar Society.

### Summer's Recreation Registration Monday

Richard Bonifas, city recreation director, has announced that Summer Recreation Program registration will take place Monday.

Boys 7-10 interested in recreation baseball should register at the City Softball Diamond beginning at 1 p. m. Monday. Teams will be formed and a schedule established for June 24.

Boys 13-15 years of age interested in the formation of a Junior Baseball League should meet at the Youth Center at 7 p. m. Monday.

Girls recreation will be held at the Lincoln and Central playgrounds daily from 1 to 4 p. m. A variety of games will be offered including volleyball, kickball, badminton, blooperball, etc. The minimum age for participation is 7.

Men interested in playing softball or blooperball are asked to meet at the Youth Center at 7 p. m. Tuesday. The city softball field is reserved for men's softball on Tuesday and Thursday.

The swimming program will start on Monday, June 24, at 1 p. m. with buses leaving from Central and Lincoln schools. Children must have completed the first grade to be eligible to attend. The children will be transported to the Indian Lake State Park.

The first Bandshell Dance of

### Personals

Mrs. Minola Weber, 145 River St., will leave Saturday morning for Union Lake, Mich., where she will spend two weeks visiting with her sons.

Mrs. Clarence O. Peterson, Intake Park Road, recently returned from a 10-day visit to Minneapolis-St. Paul. She was accompanied on her return by her cousins, Mr. and Mrs. Arnold Holmgren of Minneapolis, who spent a week in Manistique.

Most widely spoken language in northern Chinese (Mandarin), which is used by an estimated 400 million persons.

### Name Officials For Golf Event

President Mrs. Edward V. Jackson, of ladies division, Indian Lake Golf and Country Club, has announced some committees for the June 26 Invitational: Mrs. Lee Peppas will serve as registrar; Mrs. Walter Rich and Mrs. Nick Modders are in charge of morning coffee and rolls; Mrs. William Hantschell and Mrs. Victor Haas are luncheon chairmen; and Mrs. A. W. Cockram and Mrs. William Sheehan are evening dinner chairmen.

In the Criers' Tournament play Wednesday Mrs. Earl LeBrasseur, Mrs. Ferd Gorsche, and Mrs. John Davidson won golfing awards.

Bridge winners following Wednesday's 7 o'clock dinner-meeting were Mrs. John Kelly, Mrs. Haas, Mrs. Bud Malloy, Mrs. Tom Wilkinson, and Mrs. Earl LeBrasseur.

Mrs. Warren Deloria was welcomed as a new member.

Hostesses for next week will be Madeline Glen Pawley, Vern Dufour, William Howe, and Walter Rich. Reservations or cancellations must be made by Tuesday noon with the club steward.

Several State Highway Department officials and officials of downstate county road commissions will also be in attendance at the convention.

# Manistique Will Benefit As Park Entry: Hamilton

"Manistique is the gateway to the Pictured Rocks National Lakeshore Park and I predict that within five years 100,000 people will be coming through the Schoolcraft County area to reach the Park," Brooks Hamilton, land acquisition officer of the Park, told Top O' Lake Chamber of Commerce members at their membership dinner Wednesday night at the Arrowhead Inn.

Hamilton predicted that one-half million people will visit the Park and after the Park development is included in maps, government publications, almanacs, etc. the visitors will exceed one million per year.

Substituting for Hugh P. Beattie, superintendent of the Park who was unable to be present, Hamilton detailed the proposed lay-out of the 67,000 acre federal park which will stretch along the Lake Superior shoreline from Munising to Grand Marais — a distance of 35 miles.

**Development Sketched**

"The Park will not be the historic-type of development but rather one of recreation and scenic areas. There will be picnic grounds, waterfalls, camp grounds, water and sanitary facilities, streams, beaches, sand areas and dunes. This will be the type of development where people will drive - stop - drive - all the while enjoying the beauty of the area."

Hamilton said that surveys indicate 40 million people live within a days drive of this area and the big selling-point of the U.P. location is space and preservation of the many beauties of nature.

Land acquisition is proceeding and approximately \$500,000 is on hand to buy acreage, he said. The land acquisition phase is expected to take three years. The first development will start next week — building of office headquarters — and road construction will start next summer.

**Coho Movies**

Hamilton said he hoped the Park would be operated on a "user-charge" basis rather than flat-admission fee.

Assuring the local chamber of the eventual impact of the Park development, Hamilton concluded by promising: "You will feel the effect of this project once we get it going!"

Howard Handorf, county extension agent, introduced

**FLOOR PLANS:** A bit out of the ordinary, this layout features a sunken living room with an attractive fireplace and overhead planter. Note that the living room is at the front of the house, yet its sliding glass doors lead to a rear outdoor terrace.

**CONTEMPORARY RANCH:** Clean lines mark exterior of three-bedroom ranch, with bedroom wing on the left and most rooms to the rear of the front foyer. Area behind the

large-windowed living room is utilized for an outdoor terrace accessible from three rooms.

## Luxury In Small Package

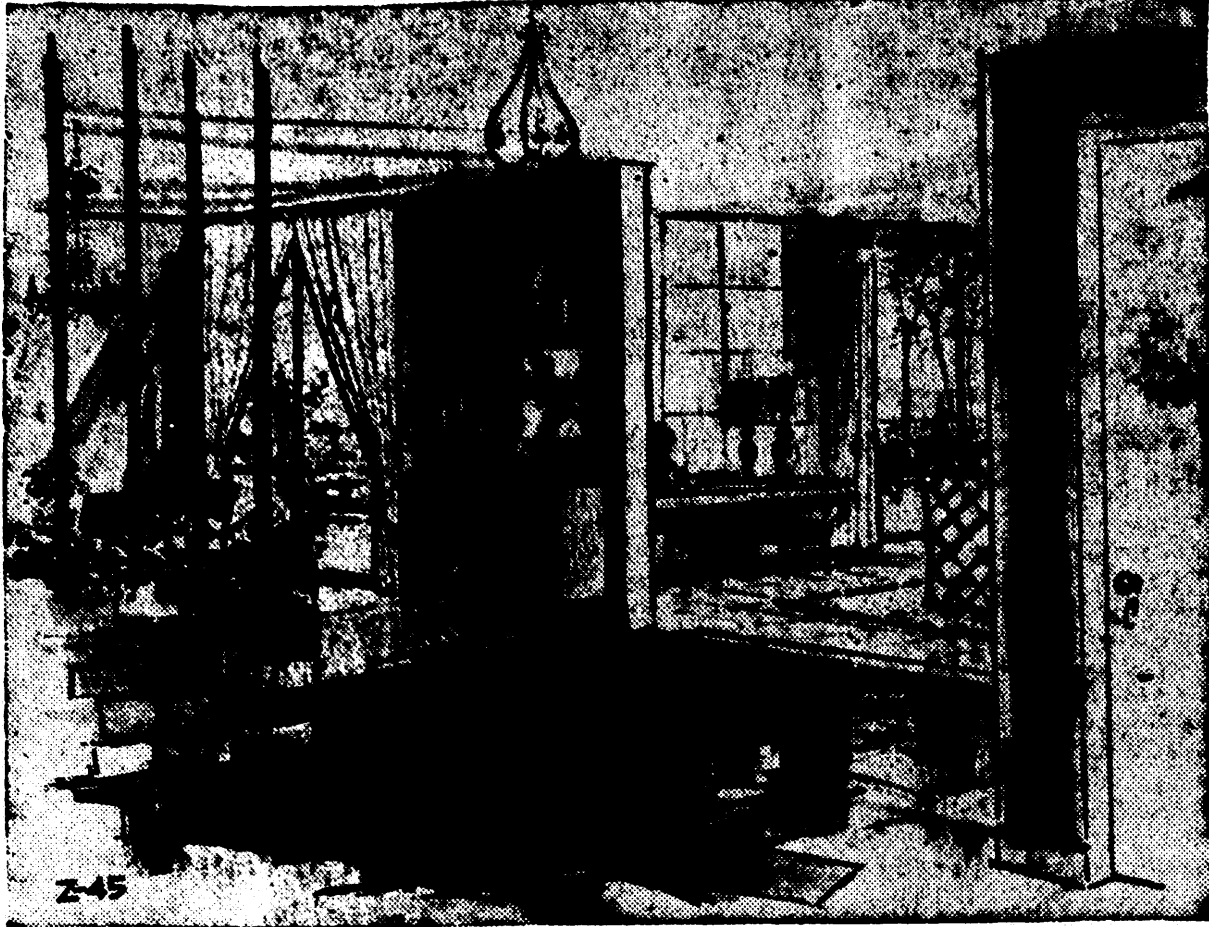

By ANDY LANG

Ask three persons what constitutes a small house and you're likely to get three different answers. Each person's opinion will be shaped by his own experience, the size of his family and the weight of his pocket-book.

To some, a small house has only one or two bedrooms. To others a house that appears small is small. And to still others, the only important factor is the number of square feet of livable area, regardless of how many bedrooms there are or how large or small the house seems to be when viewed from the outside.

When a house has about 1700 square feet of habitable space, as this one has, it will be considered small by some standards, large by others. Actually, it is in what might be called the moderate luxury class and can have features built in to enhance living or resale value. Architect Fenick Vogel has provided livability extras in Design Z-45 with a somewhat different floor plan that places special emphasis on good zoning. Home owners ask for well-divided areas in expensive houses, and the better developers provide as much of this as possible in popular-priced homes.

An excellent example of the unusual but good division in this ranch is how the formal living room and the informal family room are properly separated yet linked via an outdoor terrace. Both rooms, as well as the dining room, have sliding glass doors leading directly to the terrace. This outdoor area, guarded on two sides by these three rooms, thus has an extra measure of privacy and accessibility. There might be larger or grander houses, but this feature alone gives this one

**FOYER VIEW:** Flagstone-foyer leads to planter-accented dining room straight ahead, living room to the right and bedroom wing (not shown) to the left.

### Z-45 Statistics

Design Z-45 has a living room, dining room, family room, foyer, kitchen, laundry, three bedrooms and two baths, with a total habitable area of 1739 square feet. A two-car garage, with a front entrance, has an exit door to the rear terrace. The over-all dimensions of 32' 10" by 46' 6" include the garage and the terrace.

## Romney Signs Riots Measure

LANSING (AP)—A bill aimed at giving police agencies additional powers to deal with civil disturbances and riots was signed into law Thursday by Gov. George Romney.

The measure is aimed at preventing willful blocking of streets and highways.

The specific language states: "No person, without authority, shall block, obstruct, impede or otherwise interfere with the normal flow of vehicular or pedestrian traffic upon a public street or highway in this state, by means of a barricade, object or device, or with his person."

Romney signed a bill that would allow a member of the House to run for the Senate while still in the Legislature, but said he will ask the State Supreme Court to rule on the constitutionality of the bill.

Close "Escape Hatch"  
Also signed by the governor was the repeal of a section of the criminal sexual psychopathic act which sponsors said severed as an "escape hatch" for some persons charged with murder.

In previous years, some sexual offenders have been committed to mental institutions instead of being imprisoned although they were not declared legally insane. This allowed them to escape criminal prosecution.

Under the amended law, the offender must be dealt with either as a criminal or as a mental patient committed

through normal mental health processes.

The act also contains more stringent parole requirements for those already committed under the repealed act.

### Crash Helmets

The governor also signed into law bills:

—Allowing the issuance of a summons or an "appearance ticket" similar to those used in traffic cases against defendants in minor criminal cases. This would be an option to the arrest warrant now mandatory in such cases.

—Deleting the requirement that motorcycle operators wear crash helmets but providing that motorized two-wheeled vehicles must be equipped with crash helmets for the driver and any passengers.

—Requiring motorcyclists to wear goggles or a face shield when operating the cycle on a public highway in excess of 35 miles per hour.

### Longer Seasons

—Lengthening the hunting season for certain game animals—deer with bow and arrow, rabbits, woodchucks and ruffed grouse.

—Including veterans of the Vietnam conflict in the Michigan Uniform Service Act.

—Giving probate courts authority to provide the State Health Department with information needed to create a new birth certificate.

—Permitting detention of children 15 years of age or older in a jail or other place of detention for 30 days rather than 10 days now allowed, and permitting a court approved agency to arrange for boarding of such children in private homes subject to court supervision.

—Permitting a single county board of institutions to operate several county medical institutions, and removing medical care facilities from provisions of inspection and approval of the social welfare act.

Louis Philippe (1830-48) was the last king of France.

## Wins Wrong Post

CHARLESTON, W. Va. (AP)—James M. Brown, a Parkersburg lawyer, filed for the wrong office during a recent primary but won anyway, then demanded a filing fee refund.

Brown wrote to the secretary of state's office, saying he had filed for the Republican Executive Committee in his senatorial district, and so demanded a refund of \$9 as the filing fee was \$1 and he mistakenly paid \$10.

However it was revealed that Brown had registered instead for the state Republican Executive Committee, was elected and the filing fee stood.

FLOOR PLANS: A bit out of the ordinary, this layout features a sunken living room with an attractive fireplace and overhead planter. Note that the living room is at the front of the house, yet its sliding glass doors lead to a rear outdoor terrace.

CONTEMPORARY RANCH: Clean lines mark exterior of three-bedroom ranch, with bedroom wing on the left and most rooms to the rear of the front foyer. Area behind the large-windowed living room is utilized for an outdoor terrace accessible from three rooms.

## Luxury In Small Package

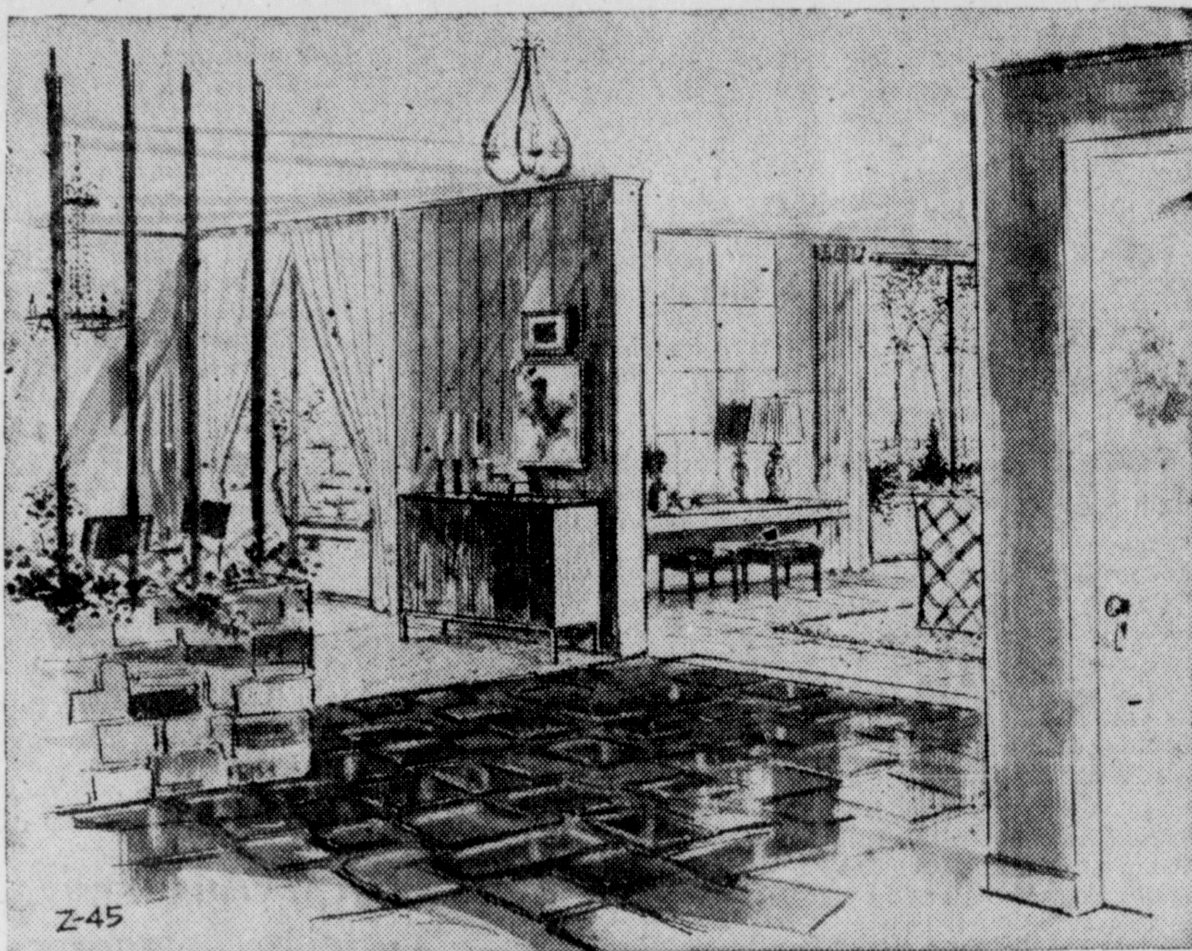

By ANDY LANG

Ask three persons what constitutes a small house and you're likely to get three different answers. Each person's opinion will be shaped by his own experience, the size of his family and the weight of his pocket-book.

To some, a small house has only one or two bedrooms. To others a house that appears small is small. And to still others, the only important factor is the number of square feet of livable area, regardless of how many bedrooms there are or how large or small the house seems to be when viewed from the outside.

When a house has about 1700 square feet of habitable space, as this one has, it will be considered small by some standards, large by others. Actually, it is in what might be called the moderate luxury class and can have features built in to enhance living or resale value. Architect Fenick Vogel has provided livability extras in Design Z-45 with a somewhat different floor plan that places special emphasis on good zoning. Home owners ask for well-divided areas in expensive houses, and the better developers provide as much of this as possible in popular-priced homes.

An excellent example of the unusual but good division in this ranch is how the formal living room and the informal family room are properly separated yet linked via an outdoor terrace. Both rooms, as well as the dining room, have sliding glass doors leading directly to the terrace. This outdoor area, guarded on two sides by these three rooms, thus has an extra measure of privacy and accessibility. There might be larger or grander houses, but this feature alone gives this one

FOYER VIEW: Flagstone-foyer leads to planter-accented dining room straight ahead, living room to the right and bedroom wing (not shown) to the left.

a special touch of comfort and individuality.

The living room is dropped and has a full cross exposure, with the front windows overlooking the planted area, and the glass doors at the back offering a terrace view. A fireplace at the far end and a planter to one side of the wide entry steps are highlights. A pierced screen and a planter accent the entry to the dining room from the flag-stoned foyer.

Adjoining the family room, the kitchen complex is almost 20' long, incorporating the appliance center, a breakfast nook and a laundry. Windows over the sink and the breakfast section brighten the work area. While the family room is completely open to the rear portion of the kitchen, a part or full divider could be used if separation is preferable. In any case, activities readily flow through this L-shaped area.

There are three bedrooms at the left side of the house. The master bedroom has a walk-in closet and a private bath with stall shower. Another bathroom has a tub. A basement stairway is located off the bedroom wing and close to the laundry.

Stone and vertical siding are combined on the outside in contemporary styling. The crisp exterior is matched by the well-zoned interior.

### Z-45 Statistics

Design Z-45 has a living room, dining room, family room, foyer, kitchen, laundry, three bedrooms and two baths, with a total habitable area of 1730 square feet. A two-car garage, with a front entrance, has an exit door to the rear terrace. The over-all dimensions of 82' 10" by 46' 6" include the garage and the terrace.

## Bumper Crop Of Fawns Reported

PONTIAC (AP) — A bumper crop of fawns this spring indicates gunners will enjoy a better than usual deer hunting season this fall.

The State Conservation Commission, meeting Thursday at Haven Hill Lodge, near Pontiac, was told the 1968 deer herd is in better shape physically and numerically than last year.

Dave Arnold, department deer specialist, said an unusually mild winter and an early spring breakup enabled the deer herd to survive in fine condition.

Arnold estimated deer herd numbers at 16 per cent larger than last spring. He said the deer population appeared to be up 26 per cent in the Upper Peninsula and 10 per cent in the northern Lower Peninsula.

Department deer experts recommended allowing a kill of about 46,000 does and fawns during the Nov. 15-30 firearms season this fall.

They termed this "conservative," since a quota of 46,000 antlerless deer was allowed last year when hunters took just over 100,000 deer during the firearms season.

Citizen's advisory councils agreed with the preliminary deer quotas in five of the six northern areas.

In the Cadillac district, however, the department called for a take of 8,705 antlerless deer. The district advisory committee wants the kill lowered to 8,975.

The preliminary recommendations call for taking 14,730 antlerless deer in the Upper Peninsula, 28,968 in the Northern Lower Peninsula and 2,470 in southern Michigan.

Department specialists also recommended that the hunting area for does and fawns be increased from 34,000 square miles last year to 39,000 square miles this year.

Most of the proposed increase would be in southern Michigan, where car-deer collisions are a growing problem.

Final action on deer quotas will not be taken until the July 11-12 commission meeting at the Higgins Lake Conservation School.

## Detroit Group Asks State Pass 'Stop-Frisk' Law

DETROIT (AP) — The chairman of a Detroit organization has urged that the State Legislature pass "a meaningful stop and frisk law" following a U.S. Supreme Court decision which upheld the right of a police officer to search suspicious persons if, in the officer's opinion, they seem clearly intent on committing a crime.

"We also ask the Detroit City Council to show united action by giving Detroit's finest the tools they need to effectively combat runaway crime by passing a local stop and frisk ordinance with immediate effect," said Henry Dodge, chairman of the Northwest Detroit Council of Civic and Consumers Associations.

"We insist the mayor reinstate all suspended police officers," he added, saying: "With reference to gun control, the existing state and federal laws for registration of concealed weapons are adequate. We are not advocating registration of shotguns and rifles."

## PESTICIDE PRIMER

PESTICIDE: A CHEMICAL USED TO CONTROL OR DESTROY UNWANTED PLANTS OR ANIMALS.

SHORT-LIFE PESTICIDES: THOSE WHICH BREAK DOWN RAPIDLY.

HARD PESTICIDES: THOSE WHICH REMAIN UNCHANGED FOR LONG PERIODS OF TIME IN THE ENVIRONMENT. (YEARS FOR DDT)

SELECTIVE PESTICIDES: CHEMICALS THAT AFFECT TARGET SPECIES ONLY.

BROAD-SPECTRUM PESTICIDES: CHEMICALS THAT AFFECT MANY SPECIES.

## Note Dangers Of Hard Pesticides

"Use the safest pesticides available and be sure to read and heed the labels on their containers."

That is the appeal of Conservation Director Ralph A. MacMullan to Michigan householders who are planning to apply commercial chemicals this spring to control pest and weed problems around their homes and gardens.

He particularly urges residents to avoid DDT and some other "hard" or persistent pesticides which have a serious long-term impact on wildlife, soil organisms, and water purity. Others on the Conservation Department's "black list" include Dieldrin, Aldrin, Endrin, Chlordane, Lindane, and Heptachlor.

MacMullan stresses that even with safer, shorter-lived pesticides, householders can't be too careful.

"If the labels says to use one tablespoon in a gallon of water, you shouldn't use two. Excessive amounts will be wasteful and could cause added dangers to other organisms. On the other hand, under-dosages may not do the job."

The Conservation Department, offers the following list of some safer pesticides and herbicides for recommended home and garden use:

**Malathion** — for controlling houseflies, lice, ticks, leaf hoppers, Japanese beetles, army worms, codling moths, spittlebugs, scale (crawlers), and many others.

**Sevin (also called Carbaryl)** — for controlling aphids, codling moths, scales, leaf hoppers, army worms, spittlebugs, thrips, grasshoppers, stink bugs, cucumber beetles, and many others, including ticks, fleas, and mites on dogs and cats.

**Malathion** — for controlling aphids, mites, scales, flies, leaf miners, looper, army worms, grasshoppers, lice, ticks, ants, spiders, mosquitoes, and many others.

**Fynethrin** — for controlling mosquitoes, flies, aphids, mites, beetles, looper, lice, and many others.

**Rotenone** — for controlling beetles, weevils, slugs, mosquitoes, thrips, fleas, lice, flies, and many others.

**Naled or Dibrom** — for controlling looper, mites, aphids, houseflies, army worms, leaf miners, cutworms, fruit flies, thrips, mosquitoes, gnats, grasshoppers, and many others.

**7, 2, 4-D** — a commonly used, safe herbicide which will handle most weed problems. Check the label to make sure the chemical is recommended for your weed situation.

While there are other safe chemicals for special uses, those listed here should cover many of the householder's needs around the home and garden.

Some of the other "soft" pesticides are extremely dangerous to use and should never be applied except by trained specialists who use special equipment. These include parathion, Tepp, thimet, and temik. A drop of temik in the eye could be fatal.

Mr. and Mrs. Kurt Kaiser and children, Kurt Jr., Sue, Paul and Peggy, of Milwaukee, are spending a few days with Mr. and Mrs. Dick Schmeltzer and the William and James Casey families.

Mr. and Mrs. Ken Redin and boys are vacationing at Sawyer Falls.

## Transportation Is Major Problem For Most Poor

GRAND RAPIDS (AP) — Space research is about to put a man on the moon, but some of Michigan's urban poor are having trouble just getting to a job.

In Grand Rapids, bus riders—recently the subjects of a federal study—may soon find themselves without buses to ride on.

In Port Huron, they have been without buses for months.

For the rural poor everywhere transportation problems have always been a major headache.

Financial troubles have beset the Grand Rapids bus system for some time, and the privately operated company has served an ultimatum that it must be subsidized if it is to continue in operation.

**Buses Lose Money**

"We're losing our shirts," says Joseph Poquette, executive vice president of City Coach Lines, Inc., of Jacksonville, Fla., the parent firm. He said the service has lost \$230,000 since 1963.

A recent \$14,000 study financed by the federal government came up with a plan which it was hoped could put the operation back on its feet.

The bus system has been hit by a decline over the past 10 years from 10 million passengers a year to four million, and the pilot study was undertaken in Grand Rapids to find answers to transportation problems plaguing other cities in the nation as well.

Recommendations included special runs to pick up workers at selected collection points, shuttle service into the downtown area from parking lots and portal-to-portal service for selected residential clusters of residents working in a common destination area.

**Can't Take Jobs**

Transportation problems have proved to be insurmountable for some of the urban poor. In some cases, workers who are offered jobs outside the city limits have to turn them down because they have no way of getting to the plants.

Mrs. Mary Bennett, former mayor of Jackson who now directs the federal antipoverity

program at the Jackson-Hillsdale Office of Economic Opportunity (OEO) says she sometimes is asked to furnish transportation to take prospective employees to job interviews.

"But we can't give them a ride to work every day," Mrs. Bennett says, contending the remedy lies in an expanded public transportation system.

**Not Discrimination**

The transportation problem in Jackson doesn't appear to be a matter of discrimination, it's simply a matter of "you get here, and you can have the job," says one resident.

Jackson has a local bus system, which helps the worker without a car when his job is along the route.

However, in several Michigan cities, there has been a recent trend toward locating new plants further away from the core of the city, making cars almost mandatory. Bus routes, for example, do not extend to the industrial park in Jackson.

**Pools Break Up**

Car pools may solve an immediate problem, but officials

point out they often break up after two or three weeks.

Carl Strunk, manager of the Jackson Public Transportation Co., says many of those who use the bus system work downtown or at shopping centers or at domestic jobs.

A steady decline in patronage and revenue forced the old Jackson City Lines, Inc., out of business in 1964. The present bus system is a nonprofit corporation backed by local businessmen and firms.

The financial picture went from red to black under the new setup.

A similar switch in operations has been made in other Michigan cities.

## Flint Plumbers Sign Contract

FLINT (AP) — Striking plumbers and steam fitters have won a new contract here carrying a \$1 an hour package of wage and fringe benefits. It will raise wages and benefits to a gross of \$7.08 hourly.

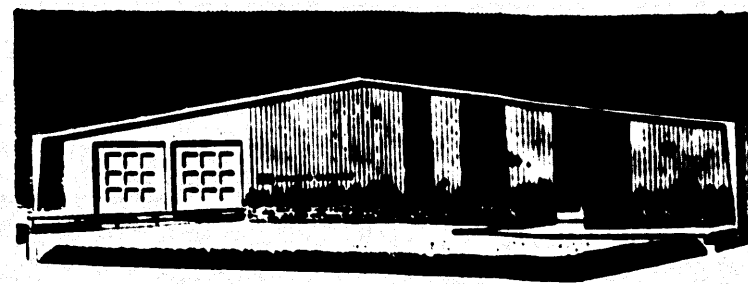

Agreement was announced today by Plumbers and Steamfitters Union 370 and the Flint Association of Plumbing and Heating Contractors.

It was the first agreement reached among building tradesmen on strike here.

Seventy-five cents of the \$1 increase goes directly into wages immediately. An additional 15 cents hourly will go into fringe benefits Sept. 30 and 10 cents more Nov. 4.

## Bumper Crop Of Fawns Reported

PONTIAC (AP) — A bumper crop of fawns this spring indicates gunners will enjoy a better than usual deer hunting season this fall.

The State Conservation Commission, meeting Thursday at Haven Hill Lodge, near Pontiac, was told the 1968 deer herd is in better shape physically and numerically than last year.

Dave Arnold, department deer specialist, said an unusually mild winter and an early spring breakup enabled the deer herd to survive in fine condition.

Arnold estimated deer herd numbers at 16 per cent larger than last spring. He said the deer population appeared to be up 26 per cent in the Upper Peninsula and 10 per cent in the northern Lower Peninsula.

Department deer experts recommended allowing a kill of about 46,000 does and fawns during the Nov. 15-30 firearms season this fall.

They termed this "conservative," since a quota of 46,620 antlerless deer was allowed last year when hunters took just over 100,000 deer during the firearms season.

Citizen's advisory councils agreed with the preliminary deer quotas in five of the six northern areas.

In the Cadillac district, however, the department called for a take of 8,705 antlerless deer. The district advisory committee wants the kill lowered to 5,975.

The preliminary recommendations call for taking 14,720 antlerless deer in the Upper Peninsula, 28,965 in the Northern Lower Peninsula and 2,470 in southern Michigan.

Department specialists also recommended that the hunting area for does and fawns be increased from 34,000 square miles last year to 39,000 square miles this year.

Most of the proposed increase would be in southern Michigan, where car-deer collisions are a growing problem.

Final action on deer quotas will not be taken until the July 11-12 commission meeting at the Higgins Lake Conservation School.

## Detroit Group Asks State Pass 'Stop-Frisk' Law

DETROIT (AP) — The chairman of a Detroit organization has urged that the State Legislature pass "a meaningful stop and frisk law" following a U.S. Supreme Court decision which upheld the right of a police officer to search suspicious persons if, in the officer's opinion, they seem clearly intent on committing a crime.

"We also ask the Detroit City Council to show united action by giving Detroit's finest the tools they need to effectively combat runaway crime by passing a local stop and frisk ordinance with immediate effect," said Henry Dodge, chairman of the Northwest Detroit Council of Civic and Consumers Associations.

"We insist the mayor reinstate all suspended police officers," he added, saying: "With reference to gun control, the existing state and federal laws for registration of concealed weapons are adequate. We are not advocating registration of shotguns and rifles."

## PESTICIDE PRIMER

PESTICIDE: A CHEMICAL USED TO CONTROL OR DESTROY UNWANTED PLANTS OR ANIMALS.

### SHORT-LIFE PESTICIDES:

THOSE WHICH BREAK DOWN RAPIDLY.

EX. MALATHION IN DAYS, METHOXYCHLOR IN MONTHS

### "HARD" PESTICIDES: THOSE WHICH REMAIN UNCHANGED FOR LONG PERIODS OF TIME IN THE ENVIRONMENT (YEARS FOR DDT)

EXAMPLES: ALDRIN, DIELDRIN, ENDRIN, CHLORDANE, LINDANE, AND HEPTACHLOR.

### SELECTIVE PESTICIDES:

CHEMICALS THAT AFFECT TARGET SPECIES ONLY.

EX. LAMPREXIDE—KILLS ONLY LAMPREY CARP, PYRETHRIN—KILLS INSECTS, BUT NOT BIRDS.

### BROAD-SPECTRUM PESTICIDES:

CHEMICALS THAT AFFECT MANY SPECIES.

EX. DDT, MALATHION

## Note Dangers Of Hard Pesticides

"Use the safest pesticides available and be sure to read and heed the labels on their containers."

That is the appeal of Conservation Director Ralph A. MacMullan to Michigan householders who are planning to apply commercial chemicals this spring to control pest and weed problems around their homes and gardens.

He particularly urges residents to avoid DDT and some other "hard" or persistent pesticides which have a serious long-term impact on wildlife, soil organisms, and water purity. Others on the Conservation Department's "black list" include Dieldrin, Aldrin, Endrin, Chlordane, Lindane, and Heptachlor.

MacMullan stresses that even with safer, shorter-lived pesticides, householders can't be too careful.

"If the labels says to use one tablespoon in a gallon of water, you shouldn't use two. Excessive amounts will be wasteful

and could cause added dangers to other organisms. On the other hand, under-dosages may not do the job."

The Conservation Department, offers the following list of some safer pesticides and herbicides for recommended home and garden use:

**Methoxychlor** — for controlling houseflies, lice, ticks, leaf hoppers, Japanese beetles, army worms, codling moths, spittlebugs, scale (crawlers), and many others.

**Sevin (also called Carbaryl)** for controlling aphids, codling moths, scales, leaf hoppers, army worms, Japanese beetles, grasshoppers, stink bugs, cucumber beetles, and many others, including ticks, fleas, and mites on dogs and cats.

**Malathion** — for controlling aphids, mites, scales, flies, leaf miners, loopers, army worms, grasshoppers, lice, ticks, ants, spiders, mosquitoes, and many others.

**Pyrethrin** — for controlling mosquitoes, flies, aphids, mites, beetles, loopers, lice, and many others.

**Rotenone** — for controlling beetles, weevils, slugs, mosquitoes, thrips, fleas, lice, flies, and many others.

**Naled or Dibrom** — for controlling loopers, mites, aphids, houseflies, army worms, leaf miners, cutworms, fruit flies, thrips, mosquitoes, gnats, grasshoppers, and many others.

**7, 2, 4-D** — a commonly used, safe herbicide which will handle most weed problems. Check the label to make sure the chemical is recommended for your weed situation.

While there are other safe chemicals for special uses, those listed here should cover many of the householder's needs around the home and garden.

Some of the other "soft" pesticides are extremely dangerous to use and should never be applied except by trained specialists who use special equipment. These include parathion, Tepp, thimet, and temik. A drop of temik in the eye could be fatal.

## Wells

**Ceremonial**  
The Wells Campfire Girls' Ceremonial and pot luck supper will be held on the south side of Pioneer Trail Park at the pavilion on Saturday, June 15, at 4:30 p. m. Those attending should bring their own table service, including plate, cup and silverware for the number of people in the family, their own tablecloth and beverage. In case of rain, the program will be held at the Wells Central School.

Mr. and Mrs. Kurt Kaiser and children, Kurt Jr., Sue, Paul and Peggy, of Milwaukee, are spending a few days with Mr. and Mrs. Dick Schmeltzer and the William and James Casey families.

Mr. and Mrs. Ken Redin and boys are vacationing at Sawyer Falls.

Buy and sell the classified way.

## Transportation Is Major Problem For Most Poor

GRAND RAPIDS (AP) — Space research is about to put a man on the moon, but some of Michigan's urban poor are having trouble just getting to a job.

In Grand Rapids, bus riders—recently the subjects of a federal study—may soon find themselves without buses to ride on. In Port Huron, they have been without buses for months.

For the rural poor everywhere transportation problems have always been a major headache.

Financial troubles have beset the Grand Rapids bus system for some time, and the privately operated company has served an ultimatum that it must be subsidized if it is to continue in operation.

**Buses Lose Money**  
"We're losing our shirts," says Joseph Poquette, executive vice president of City Coach Lines, Inc., of Jacksonville, Fla., the parent firm. He said the service has lost \$230,000 since 1963.

A recent \$14,000 study financed by the federal government came up with a plan which it was hoped could put the operation back on its feet.

The bus system has been hit by a decline over the past 10 years from 10 million passengers a year to four million, and the pilot study was undertaken in Grand Rapids to find answers to transportation problems plaguing other cities in the nation as well.

Recommendations included special runs to pick up workers at selected collection points, shuttle service into the downtown area from parking lots and portal-to-portal service for selected residential clusters of residents working in a common destination area.

**Can't Take Jobs**

Transportation problems have proved to be insurmountable for some of the urban poor. In some cases, workers who are offered jobs outside the city limits have to turn them down because they have no way of getting to the plants.

Mrs. Mary Bennett, former mayor of Jackson who now directs the federal antipoverty

program at the Jackson-Hillsdale Office of Economic Opportunity (OEO) says she sometimes is asked to furnish transportation to take prospective employees to job interviews.

"But we can't give them a ride to work every day," Mrs. Bennett says, contending the remedy lies in an expanded public transportation system.

**Not Discrimination**  
The transportation problem in Jackson doesn't appear to be a matter of discrimination, it's simply a matter of "you get here, and you can have the job," says one resident.

Jackson has a local bus system, which helps the worker without a car when his job is along the route.

However, in several Michigan cities, there has been a recent trend toward locating new plants further away from the core of the city, making cars almost mandatory. Bus routes, for example, do not extend to the industrial park in Jackson.

**Pools Break Up**

Car pools may solve an immediate problem, but officials

point out they often break up after two or three weeks.

Carl Strunk, manager of the Jackson Public Transportation Co., says many of those who use the bus system work downtown or at shopping centers or at domestic jobs.

A steady decline in patronage and revenue forced the old Jackson City Lines, Inc., out of business in 1964. The present bus system is a nonprofit corporation backed by local businessmen and firms.

The financial picture went from red to black under the new setup.

A similar switch in operations has been made in other Michigan cities.

## Flint Plumbers Sign Contract

FLINT (AP) — Striking plumbers and steam fitters have won a new contract here carrying a \$1 an hour package of wage and fringe benefits. It will raise wages and benefits to a gross of \$7.03 hourly.

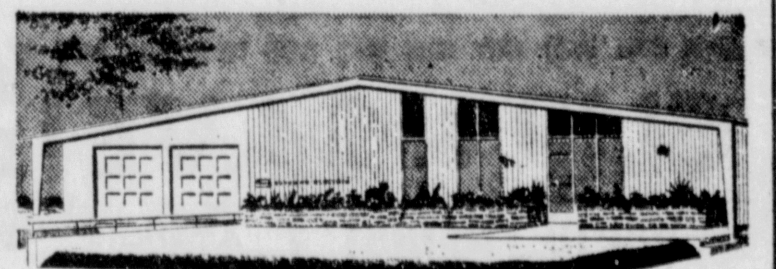

Agreement was announced today by Plumbers and Steamfitters Union 370 and the Flint Association of Plumbing and Heating Contractors.

It was the first agreement reached among building tradesmen on strike here.

Seventy-five cents of the \$1 increase goes directly into wages immediately. An additional 15 cents hourly will go into fringe benefits Sept. 30 and 10 cents more Nov. 4.

THE NATIONAL REPORT ON WHAT'S HAPPENING

Guru Net So New-rs: Hippies still hopping all over the place to embrace transcendental meditation, spiritual quietude and inner peace. Hindu philosophy has attracted close to two million disciples in the western world in the past 70 years.

Swamis and gurus have been on the upbeat in U.S. since 1960. Self-Realization Fellowship has been deeply rooted in Southern California since 1925.

... attracted great crowds and great names for several years before it fuzzed out leaving behind a hard core in a glit-domed compound in Pacific Palisades and "International Headquarters" in Pasadena.

Like the Muslims, S.R.F. disciples renounce their family names. They don't, however, renounce the world. Some "experts" claim the art of "meditation" can be learned in three half-hour sessions. After the individual instruction a student is expected to devote 15 minutes morning and evening to solitary meditation.

Maharishi followers contend he has "rediscovered" after hundreds of years of neglect, the true way to enjoy 200 per cent life: 100 per cent material and 100 per cent spiritual. (Interesting arithmetic!) Competitive swamis accuse the Maharishi of religious hypocrisy and a misuse of yoga. Some self-styled "Beautiful People" such as Ringo and Mrs. Ringo plus Mia Farrow — seemed to agree.

For certain, they bailed out of the Maharishi's Himalayan retreat after a few days and dollars worth of solitary confusion.

Hippies Predict Their Own Doom: More and more leaders of hippie-type cults are moaning that the end is in sight. Underground newspapers are backing away from hard-core support of drugs in many cities. Ravi Shankar, India's master of sitar and hippie hero, predicts both the twilight of hippiedom and of the drug-taking movement. Says, "The Yanks like to do things on a big wave. Drugs should have nothing to do with music."

Teen Illegitimacy Rate: Public Health Service releases new survey showing illegitimate children less common among teenagers than among women of any age under 35. Study covered period between 1940-1965. In 1965 estimated 291,200 illegitimate births in U.S. Rate of increase for women over 25 increased more rapidly than for younger women.

Super-Cool Movement: Groups of teens now forming to spoof the hippie types. The reason: newly found hypocrisy in their own peer group. They reason that rebellion against adults is evident among contemporaries. Give credence to theory that for every action there's a reaction! The micro hippies are now laughing at both sides of the yag-gap. Satire: It's beautiful. It's to be hoped that principals and parents will look beyond the super ornamented surfaces of the Super Cools!

Teen-age Editors Want Out Of Vietnam: U. P. I. poll shows 75 per cent of high school editors favor withdrawal. The mini survey involved only 50. Our recent poll of students (27,000) came up with 24 per cent favoring withdrawal.

Beach Feet: Hint, hint—start now for a sunny sandy summer. Pumice will work down rough spots. Try lemon juice in baby cream with gentle massage. The lemon acts as a bleach while cream softens. Result happy soles!

## Seney

S-Sgt. and Mrs. Jerry Sagie come and their daughter arrived here from Cheyenne, Wyo. to visit with her parents, Mr. and Mrs. Alvin McDowell. They will leave on Saturday for the East Coast and will visit relatives in Connecticut before leaving for Turkey where he will be stationed with the U.S.A.F. for three years.

Mr. and Mrs. Rudy Hepner of Chicago are spending a few days here with their daughter and son-in-law, Mr. and Mrs. Alvin McDowell. While here they attended the graduation of their grandson, Douglas McDowell.

Miss Edith Smeltzer of Goshen, Ind., is visiting here with her sister, Verda Smeltzer. She also visited a sister and brother-in-law, Mr. and Mrs. M. Schrock at the Soo.

Visiting here with Mr. and Mrs. Dick St. Martin are their two grand daughters, Theresa and Christine Groh of Kalamazoo.

Pearl Smith, Myrtle St. Martin and Ada Short served as inspectors on the School Election Board Monday.

Warren Anderson traveled to Iron Mountain last week where he underwent a medical check-up at the Veterans' Hospital.

Ronald Anderson has enlisted in the U.S. Navy and will leave Sunday for Milwaukee to be inducted.

Visiting at the Anderson home over the weekend were Mr. and Mrs. Howard Anderson and sons, Ray and Greg. Mrs. Edwin Anderson, Allen Torikko and Wayne Anderson, all of Marquette.

Mrs. Victor Miller and children left on Monday for Indiana where they will visit relatives for a few days.

Mrs. Alice Haney and Mrs. Agnes Harcourt of Detroit are spending a few days at Mrs. Haney's summer home in Grand Marais and are visiting here with relatives.

Mr. and Mrs. J. J. Riordan have returned from a month's visit with relatives in Detroit. While there, Mrs. Riordan accompanied her sister, Mrs. Myrtle Jenkins on a trip to California.

EXTENSIVE PROCESS  
The production of attar of roses is an extensive process. About 340 roses are required to supply a pound of petals and these thousands of petals only make about two drops of the attar.

## GLADSTONE

# Short Stature Helps, Hinders Sgt. Kalishek

ABOARD THE USS BENEWAH — Being the shortest soldier in the 9th Infantry Division's Mobile Riverine Force is a big help in a firefight but it can also cause some problems.

Sgt. Michael A. (Shorty) Kalishek, 20, of Gladstone, who stands only 5-foot-2, has spent over eight months wading through streams and canals in the Mekong Delta that taller men jump with ease.

"Some of the men can almost step across waterways that I have to wade through," Kalishek said. "And I also carry a PRC-25 radio on my back, which doesn't help."

"In a firefight, however, I have a distinct advantage. I have a shorter distance to go to hit the ground and make a smaller target."

Kalishek served as radio-telephone operator for the platoon leader of Co. B, 3rd Battalion, 47th Infantry and always managed to keep up with his unit.

"One day I thought I would show the guys how a little man crosses a stream," Kalishek said. "I placed my radio hand receiver on the bayonet stud of my rifle and held it straight up in the air as I started across. By the time I reached the middle I was caught by the current and swept 30 yards downstream."

His height also made him a likely candidate for tunnel rat. "Whenever we came upon a

## Briefly Told

Senior Citizens will hold a regular meeting and social hour at their clubrooms in the city hall basement Saturday at 7:30 p. m. Refreshments will be served and all senior citizens are welcome to attend.

Larceny of a lawnmower from Richard Wight, Rte. 1, Cornell, is under investigation by State Police. Wight said the mower was taken from his yard in the past several days.

Thomas Kwardany, 21, of Box 3, Bark River, was ticketed by State Police for careless driving after his car ran off U.S. 2 and 41 and struck trees about three tenths of a mile east of Bark River at 12:40 a.m. today. Kwardany was not injured. Traffic summonses were issued Thursday to James Lewis, 505 S. 19th St., Escanaba, defective exhaust and no operations license, and Harold Wallin, 208 N. 15th St., Escanaba, defective exhaust (straight pipe).

The best magnets are made of hard steel.

## City Briefs

Robert Stephens, 1326 Michigan Ave., has been discharged from St. Luke's Hospital, Marquette, where he had knee surgery and is recuperating at home.

## Ship Contract

WASHINGTON (AP) — A Navy Department contract totaling more than \$16.3 million has been awarded to the Defoe Shipbuilding Co., Bay City, for 22 landing craft. All work is to be done at Bay City.

THE NATIONAL REPORT ON WHAT'S HAPPENING

Guru Not So New—ru: Hippies still hopping all over the place to embrace transcendental meditation, spiritual quietude and inner peace! Hindu philosophy has attracted close to two million disciples in the western world in the past 70 years. Swamis and gurus have been on the upbeat in U. S. since 1980. Self-Realization Fellowship has been deeply rooted in Southern California since 1925.

... attracted great crowds and great names for several years before it fuzzed out leaving behind a hard core in a gilt-domed compound in Pacific Palisades and "International Headquarters" in Pasadena. Like the Muslims, S.R.F. disciples renounce their family names. They don't, however, renounce the world. Some "experts" claim the art of "meditation" can be learned in three half-hour sessions. After the individual instruction a student is expected to devote 15 minutes morning and evening to solitary meditation.

Maharishi followers contend he has "rediscovered" after hundreds of years of neglect, the true way to enjoy 200 per cent life: 100 per cent material and 100 per cent spiritual. (Interesting arithmetic!) Competitive swamis accuse the Maharishi of religious hypocrisy and a misuse of yoga. Some self-styled "Beautiful People" such as Ringo and Mrs. Ringo plus Mia Farrow — seemed to agree.

For certain, they bailed out of the Maharishi's Himalayan retreat after a few days and dollars worth of solitary confusion.

Hippies Predict Their Own Doom: More and more leaders of hippie-type cults are moaning that the end is in sight. Underground newspapers are backing away from hard-core support of drugs in many cities. Ravi Shankar, India's master of sitar and hippie hero, predicts both the twilight of hippiedom and of the drug-taking movement. Says, "The Yanks like to do things on a big wave. Drugs should have nothing to do with music."

Teen Illegitimacy Rate: Public Health Service releases new survey showing illegitimate children less common among teenagers than among women of any age under 35. Study covered period between 1940-1965. In 1965 estimated 291,200 illegitimate births in U. S. Rate of increase for women over 25 increased more rapidly than for younger women.

Super-Cool Movement: Groups of teens now forming to spoof the hippie types. The reason: newly found hypocrisy in their own peer group. They reason that rebellion against adults and parents had a "hypocritical" foundation. Now the same sham is evident among contemporaries. Gives credence to theory that for every action there's a reaction! The micro hippies are now laughing at both sides of the yip-gap. Satire: It's beautiful. It's to be hoped that principals and parents will look beyond the super ornamented surfaces of the Super Cools!

Teen-age Editors Want Out Of Vietnam: U. P. I. poll shows 75 per cent of high school editors favor withdrawal. The mini survey involved only 50. Our recent poll of students (27,000) came up with 24 per cent favoring withdrawal.

Beach Feet: Hint, hint—start now for a sunny sandy summer. Pumice will work down rough spots. Try lemon juice in baby cream with gentle massage. The lemon acts as a bleach while cream softens. Result happy soles!

S-Sgt. and Mrs. Jerry Sagiacoma and their daughter arrived here from Cheyenne Wyo. to visit with her parents, Mr. and Mrs. Alvin McDowell. They will leave on Saturday for the East Coast and will visit relatives in Connecticut before leaving for Turkey where he will be stationed with the U.S.A.F. for three years.

Mr. and Mrs. Rudy Hepner of Chicago are spending a few days here with their daughter and son-in-law, Mr. and Mrs. Alvin McDowell. While here they attended the graduation of their grandson, Douglas McDowell.

Miss Edith Smeltzer of Goshen, Ind., is visiting here with her sister, Verda Smeltzer. She also visited a sister and brother-in-law, Mr. and Mrs. M. Schrock at the Soo.

Visiting here with Mr. and Mrs. Dick St. Martin are their two grand daughters, Theresa and Christine Groh of Kalama-zoo.

Pearl Smith, Myrtle St. Martin and Ada Short served as inspectors on the School Election Board Monday.

Warren Anderson traveled to Iron Mountain last week where he underwent a medical check-up at the Veterans' Hospital.

Ronald Anderson has enlisted in the U.S. Navy and will leave Sunday for Milwaukee to be inducted.

Visiting at the Anderson home over the weekend were Mr. and Mrs. Howard Anderson and sons, Ray and Greg, Mrs. Edwin Anderson, Allen Torikko and Wayne Anderson, all of Marinette.

Mrs. Victor Miller and children left on Monday for Indiana where they will visit relatives for a few days.

Mrs. Alice Haney and Mrs. Agnes Harcourt of Detroit are spending a few days at Mrs. Haney's summer home in Grand Marais and are visiting here with relatives.

Mr. and Mrs. J. J. Riordan have returned from a month's visit with relatives in Detroit. While there, Mrs. Riordan accompanied her sister, Mrs. Myrtle Jenkins on a trip to California.

**EXTENSIVE PROCESS**

The production of attar of roses is an extensive process. About 340 roses are required to supply a pound of petals and these thousands of petals only make about two drops of the attar.

**GLADSTONE**

# Short Stature Helps, Hinders Sgt. Kalishek

ABOARD THE USS BENEWAH — Being the shortest soldier in the 9th Infantry Division's Mobile Riverine Force is a big help in a firefight but it can also cause some problems.

Sgt. Michael A. (Shorty) Kalishek, 20, of Gladstone, who stands only 5-foot-2, has spent over eight months wading through streams and canals in the Mekong Delta that taller men jump with ease.

"Some of the men can almost step across waterways that I have to wade through," Kalishek said. "And I also carry a PRC-25 radio on my back, which doesn't help.

"In a firefight, however, I have a distinct advantage. I have a shorter distance to go to hit the ground and make a smaller target."

Kalishek served as radio-telephone operator for the platoon leader of Co. B, 3rd Battalion, 47th Infantry and always managed to keep up with his unit.

"One day I thought I would show the guys how a little man crosses a stream," Kalishek said. "I placed my radio hand receiver on the bayonet stud of my rifle and held it straight up in the air as I started across. By the time I reached the middle I was caught by the current and swept 30 yards downstream."

His height also made him a likely candidate for tunnel rat. "Whenever we came upon a tunnel or bunker complex it was always the same," Kalishek said. "I just sat there waiting for 'Hey, Kalishek is small enough to crawl through this hole' and then would go to work."

Sgt. Kalishek is the son of Mr. and Mrs. Clifford Kalishek who live on the Gladstone Bluff.

**City Briefs**

Robert Stephens, 1326 Michigan Ave., has been discharged from St. Luke's Hospital, Marquette, where he had knee surgery and is recuperating at home.

The best magnets are made of hard steel.

**Ship Contract**

WASHINGTON (AP) — A Navy Department contract totaling more than \$16.3 million has been awarded to the Defoe Shipbuilding Co., Bay City, for 22 landing craft. All work is to be done at Bay City.

**Briefly Told**

Senior Citizens will hold a regular meeting and social hour at their clubrooms in the city hall basement Saturday at 7:30 p. m. Refreshments will be served and all senior citizens are welcome to attend.

Larceny of a lawnmower from Richard Wight, Rte. 1, Cornell, is under investigation by State Police. Wight said the mower was taken from his yard in the past several days.

Thomas Kvarciany, 21, of Box 3, Bark River, was ticketed by State Police for careless driving after his car ran off U.S. 2 and 41 and struck trees about three tenths of a mile east of Bark River at 12:40 a.m. today. Kvarciany was not injured. Traffic summonses were issued Thursday to James Lewis, 505 S. 19th St., Escanaba, defective exhaust and no operations license, and Harold Wallin, 208 N. 15th St., Escanaba, defective exhaust (straight pipe).

# Yancey Leads Open Tourney

ROCHESTER, N.Y. (AP) — Bert Yancey had the lead and Lee Trevino had the line. But it was an unknown little guy named John Felix who had the limelight in the U.S. Open Golf Championship.

The glamorous names of the game, Arnold Palmer, Jack Nicklaus, Bill Casper—particularly Billy Casper—and Gary Player, were limited to lamentations.

The handsome, husky Yancey, former West Point cadet, tamed the demanding acres of Oak Hill's tree-studded course for a three-under-par 67 in the first round Thursday and a two-stroke lead over Trevino, the happy hombre from El Paso, Tex., and big Charles Coody.

But it was the 5-foot-3 Felix, a notably unsuccessful, unattached and obscure touring pro who had the gallery of 13,749 gaping, gawking and wondering aloud: "Who's he?"

He's a 33-year-old pint-sized guy from Pennsylvania's soft coal country, describes his home town of Gallitzin, Pa., as being "near Altoona," and in three years on the tour has made less than \$100,000.

His best performances this year—the only time he has won money—was a 33rd in the Azalea and 50th, last, in Dallas. The total winnings for the season: \$137.50.

But, for a few moments in the early going Thursday, he was

leading this most prestigious of all the world's golf tournaments with a par 70 for the 6,962-yard layout and still remains tied for fourth going into today's second round.

Also in with 70s are Billy Farrell, son of the man who won the Open in 1928, Canadian Al Balding, Dave Marr, Don Bies and Labron Harris.

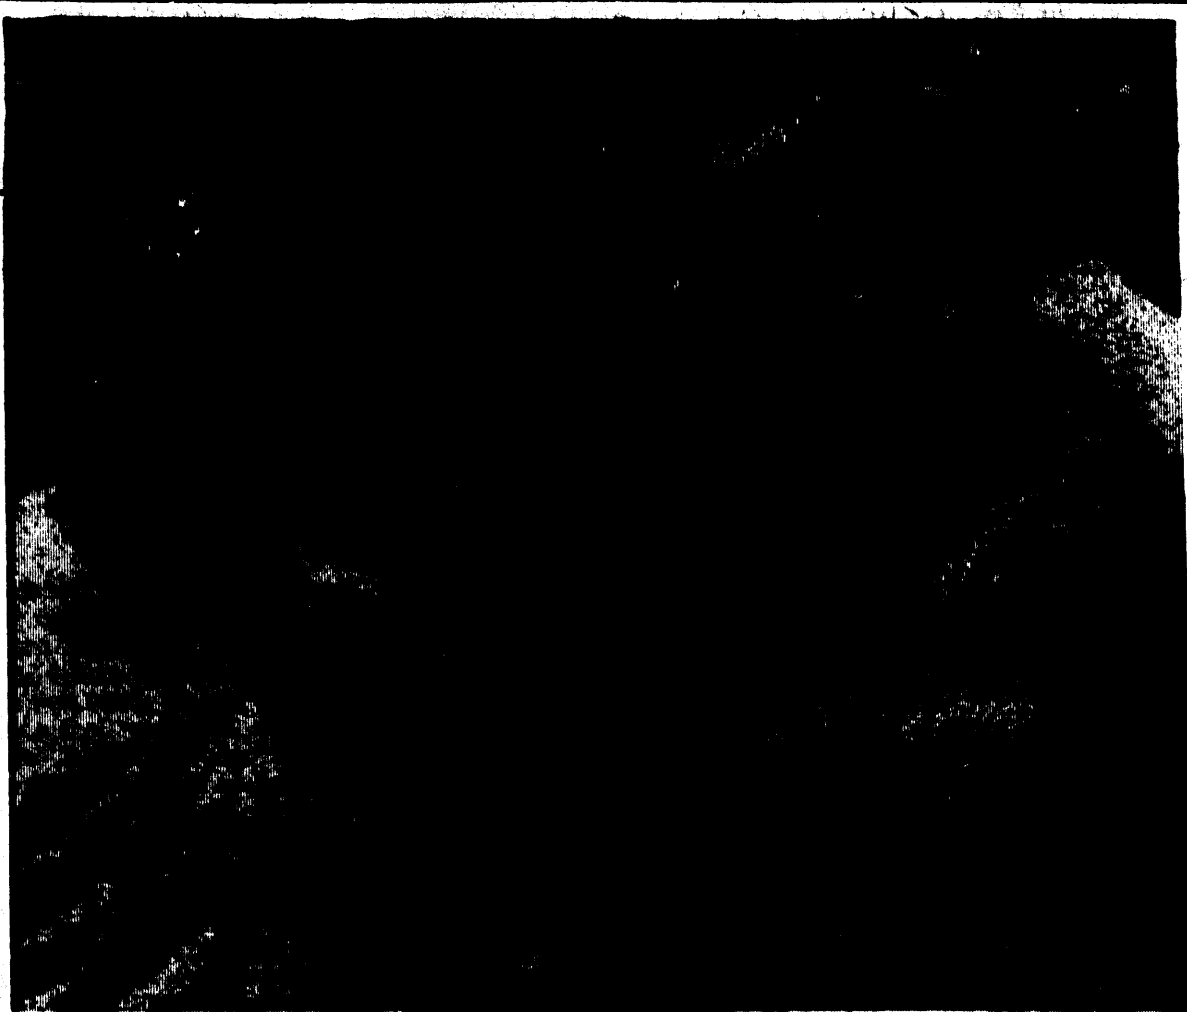

Casper, winner of four tournaments this season and almost \$125,000 and the pre-tournament favorite, wrenched his back when he slipped in a sand trap, finished with a 75 and is a questionable performer in the second round.

"It doesn't hurt," said Casper. "I just can't swing, particularly with my irons. I'll probably see a doctor friend of mine and wait until Friday to decide whether to continue."

Nicklaus, the defending champion, had a 72. Palmer came in with a 73 and Player with a 74. The field—stumbled in with a 76 and could be in danger of not making the cut.

The whopping field of 150 will be trimmed to the low 60 and ties after today's play for the final two rounds Saturday and Sunday, both of which will be televised nationally by ABC-TV.

Nicklaus had two three-putt greens, and Palmer had three. Sam Snead, at 56 still looking for his first Open title, had a 73.

JACK NICKLAUS, two-time winner of the U. S. Open golf championship, checks head of Arnold Palmer's driver on practice tee at Oak Hill Country Club. Nicklaus is the defending champion and Palmer won the title in 1960. (AP Wirephoto)

## Hole Spoils Performance By McDowell Against A's

By The Associated Press

Sudden Sam McDowell had Oakland batters in a hole most of the day but when Chico Salmon found a divot of his own, it was the Indians who fell in it.

McDowell's superb pitching performance was spoiled when Salmon stepped into a hole and fell down chasing Sal Bando's hit in the 11th inning, allowing Danny Cater to score the only run in Oakland's 1-0 victory over Cleveland Thursday.

In the only other American League games played, Detroit topped Minnesota 3-1 and California took Boston 4-2. The Angels and Red Sox were tied 1-1 in the sixth inning when the second game of their doubleheader was suspended so California could catch a plane.

McDowell had allowed just two hits through the first 10 innings none until the seventh. Bert Campaneris opened the 11th with a single but was cut down stealing. Then, with two out, Cater beat out an infield hit.

Next Bando looped a hit to left field. As Salmon started after the ball, his knee appeared to lock and he fell down. Cater scored on the play and Bando was credited with a double.

"I must have stepped in a hole or something," said Salmon. "All I know is I stepped and it (his left knee) twisted over. I couldn't get up."

McDowell, who struck out 14, missed two chances to help himself at bat. He popped up trying to bunt with runners at second and third in the fourth inning.

Teamsters Top Mead In Ninth

The Teamsters moved into sole possession of second place with an extra-inning victory over Mead Paper in Escanaba Softball league play last night. The score was 4-3.

The Teamsters came back from a 3-1 deficit to tie the game in the bottom of the sixth inning. A single by Tom McKie, a sacrifice and a single by John Laundry gave the Teamsters the victory in the ninth. Winning pitcher Bill Grolesau allowed six hits and struck out seven. Ricky Lancour suffered the defeat for Mead.

In Junior League action, the Mid-Town Raiders handed the Mead Juniors their first loss by a score of 5-3 and the AMVET's won their first game of the year over the Independents, 10-8.

# Tigers Dump Twins; McLain Wins Tenth

DETROIT (AP)—The Detroit Tigers latest winning streak has even softened the mercurial personality of Denny McLain.

The fiery right-hander, who has feuded with Manager Mayo Smith, the fans and sports writers within the past year, became the first American League pitcher to win 10 games Thursday when he set down the slumping Minnesota Twins 3-1 on a six-hitter.

Sporting newly-cropped hair and a gracious smile, he quietly answered questions about himself and Detroit's 5½-game lead in the pennant race.

"If we keep winning three out of four there's no way we can lose it," he said.

Told his 10 victories one-third of the way through the season works out to a 30-victory year, he replied:

"It works out to 11. I've tried that game once. I had 13 victories at the All-Star break in 1966 and just got in the door with 20."

He showed up at spring training with his blond hair tinged with red.

"I had it cut Tuesday," he said. "That story about my hair being dyed isn't true. It was just nature."

Joe Sparna, at the next locker, grinned and said: "It was dyed."

McLain ignored this and turned to a discussion of the game.

"I strained my back in batting

practice the other day but it bothered me very little," he said.

Manager Mayo Smith was enthusiastic about his pitching staff as the Tigers swept the four-game series with the Twins and turned in their ninth victory in the past 10 games.

"Anytime you get 11 runs and win four games it's a tribute to your pitching," he said. "McLain's concentrating better now... thinking about what he's doing out there."

McLain gave up a run in the second inning on a single by Rich Reese, a sacrifice and Jim Holt's single. But he settled down and allowed only one hit after the fifth inning.

Detroit scored two unearned runs off loser Jim Merritt, 4-6, in the third. Dick McAuliffe led off with a single. Merritt got the next two men before Bill Freehan singled. Then shortstop Jackie Hernandez booted Willie Horton's grounder, letting in one run and Don Wert singled home another.

Exchange at Lions

With two make up games to be played later, Rotary closed out the first half of the 1968 Escanaba Jaycee Little League season on top when they handed Exchange their sixth straight loss.

However, the league's newest entry did something the two previous Rotary opponents failed to accomplish. Exchange got three hits and five runs to break Rotary's 13 inning no-hit, no-run record while absorbing a 16 to 5 loss.

Kiwanis hung tight to second place as they took a couple of close games from Credit Union 4 to 3 behind Steve Gauthier and 6 to 3 with Jim Moberg on the hill.

Meanwhile V.F.W. and Lions

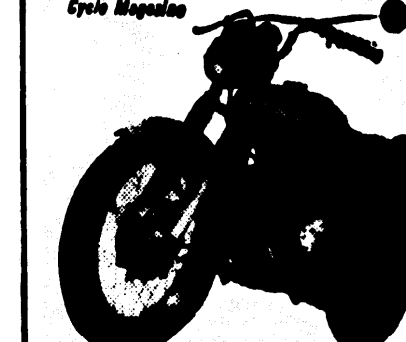

## Esky Cubs Top Schaffer, 10-0

The Escanaba Cubs captured their first Waubung League victory of the season with a 10-0 shutout over Schaffer in a game played at the Al Nees field last night.

John Way went the distance for the Cubs to gain the victory, allowing only two hits and striking out nine Schaffer batters. Jim Butryn and Dwayne Klein handled the pitching chores for Schaffer with Butryn being charged with the defeat.

Gregg Johnson led the Cubs in hitting with a 4 for 4 performance, including a double and Way went 2 for 5 with a double. Roger Stebbins had both Schaffer hits.

# NORTHERN MOTOR COMPANY

1419 Ludington St., Escanaba, Mich.

# Yancey Leads Open Tourney

ROCHESTER, N.Y. (AP) — Bert Yancey had the lead and Lee Trevino had the lines. But it was an unknown little guy named John Felus who had the limelight in the U.S. Open Golf Championship.

The glamor names of the game, Arnold Palmer, Jack Nicklaus, Bill Casper—particularly Billy Casper—and Gary Player, were limited to lamentations.

The handsome, husky Yancey, former West Point cadet, tamed the demanding acres of Oak Hill's tree-studded course for a three-under-par 67 in the first round Thursday and a two-stroke lead over Trevino, the happy hombre from El Paso, Tex., and big Charles Coody.

But it was the 5-foot-3 Felus, a notably unsuccessful, unattached and obscure touring pro who had the gallery of 13,749 gaping, gawking and wondering aloud: "Who's he?"

He's a 32-year-old pint-sized guy from Pennsylvania's soft coal country, describes his home town of Gallitzin, Pa., as being "near Altoona," and in three years on the tour has made less than tip money.

His best performances this year—the only time he has won money—was a 33rd in the Azalea and 50th, last, in Dallas. The total winnings for the season: \$137.50.

But, for a few moments in the early going Thursday, he was

# Tigers Dump Twins; McLain Wins Tenth

DETROIT (AP)—The Detroit Tigers latest winning streak has even softened the mercurial personality of Denny McLain.

The fiery right-hander, who has feuded with Manager Mayo Smith, the fans and sports writers within the past year, became the first American League pitcher to win 10 games Thursday when he set down the slumping Minnesota Twins 3-1 on a six-hitter.

Sporting newly-cropped hair and a gracious smile, he quietly answered questions about himself and Detroit's 5½-game lead in the pennant race.

"If we keep winning three out of four there's no way we can lose it," he said.

Told his 10 victories one-third of the way through the season works out to a 30-victory year, he replied:

"It works out to 11. I've tried that game once. I had 13 victories at the All-Star break in 1966 and just got in the door with 20."

He showed up at spring training with his blond hair tinged with red.

"I had it cut Tuesday," he said. "That story about my hair being dyed isn't true. It was just nature."

Joe Sparma, at the next locker, grinned and said: "It was dyed."

McLain ignored this and turned to a discussion of the game.

"I strained my back in batting

practice the other day but it bothered me very little," he said.

Manager Mayo Smith was enthusiastic about his pitching staff as the Tigers swept the four-game series with the Twins and turned in their ninth victory in the past 10 games.

"Anytime you get 11 runs and win four games it's a tribute to your pitching," he said. "McLain's concentrating better now. . . thinking about what he's doing out there."

McLain gave up a run in the second inning on a single by Rich Reese, a sacrifice and Jim Holt's single. But he settled down and allowed only one hit after the fifth inning.

Detroit scored two unearned runs off loser Jim Merritt, 4-6, in the third. Dick McAuliffe led off with a single. Merritt got the next two men before Bill Freehan singled. Then shortstop Jackie Hernandez booted Willie Horton's grounder, letting in one run and Don Wert singled home another.

# Schofield, Carlton Hit Homers As Cardinals Win

By The Associated Press  
 Ernie Banks, Willie McCovey, Ron Santo, take your 900 career home runs and make way for Deady Dick Schofield, Slugging Steve Carlton, Clouting Caly Dalrymple and Belting Bob Watson.

Those last four bombers boast 68 homers among them today, which is four more than they had a day ago—or even two months ago at the start of the National League season.

They all cracked their first 1968 homers Wednesday night, while McCovey, Banks and Santo rapped their 13th, 12th and 11th, respectively, in afternoon contests.

Schofield and Carlton connected as St. Louis tripped Atlanta 3-1 in 13 innings. Dalrymple unloaded to help Philadelphia rip Houston 3-2, while Watson socked his for the Astros in a losing cause.

Banks and Santo got theirs as the Chicago Cubs whipped Cincinnati 8-4 while McCovey's failed to prevent San Francisco's 6-7 loss to Pittsburgh. The New York Mets and Los Angeles were not scheduled.

St. Louis and Atlanta were locked in a 1-1 battle through 11 innings with pitcher Carlton's only major league homer the only Cardinal run.

But Schofield, a light-hitting utility infielder who entered the game in the ninth inning, came up for the first time in the 12th and homered off Phil Niekro. The Cards added an insurance run when pinch hitter Phil Gagliano walked and Lou Brock doubled him home.

"I hit a knuckleball, but it wasn't Niekro's good knuckleball," said Schofield, who has hit all of 17 homers in 16 big league seasons. "Nobody hits like this to get there."

By winning, St. Louis increased its league lead to four games over the Giants, 4½ over the Dodgers and five ahead of the Braves.

"That's what pennant-winners are made of," said Manager Red Schoendienst, referring to the homers by Schofield and Carlton. "I'm not saying we're going to win it, but it takes wins like this to get there."

Tony Gonzalez singled, stole

second and scored the winning run on Tony Taylor's two-out single in the eighth inning as Philadelphia edged Houston. Taylor's blow broke up a pitching duel between Chris Short of the Phils, who gained his 100th major league victory, and Houston's Dave Giusti.

Veteran reliever Roy Face put down a ninth-inning San Francisco uprising to preserve Pittsburgh's triumph. He came on after McCovey's two-run single had pulled the Giants to within a run.

Jim Ray Hart greeted him with a single, putting runners on first and second. But Bob Barton, attempting to sacrifice, popped to Face and Hal Lanier grounded out. Face then walked Frank Johnson intentionally before fanning pinch hitter Ray Sadecki for the final out.

The Cubs spoiled Tony Cloninger's debut with Cincinnati by pounding the big right-hander for five hits and five runs in three innings. The Reds obtained Cloninger in a six-player trade earlier this week.

It was his second setback in five days at the hands of the Cubs. He was the losing pitcher for Atlanta in the second game of a Sunday doubleheader.

Santo's homer started the scoring in the second and Don Kessinger singled two runs across. Santo's triple preceded Banks' third-inning homer, the 454th of his career.

## Country Club Sets Opening

MARQUETTE — A series of special events for the grand opening of the Marquette Golf and Country Club's "new nine" is set for Wednesday, July 10.

All clubs affiliated with the Upper Peninsula Golf Association have received special invitations to enter the "Tournament of Teams" which will highlight the opening day's activities.

Opening event that day will be a noon luncheon in the golf club's clubhouse for members of visiting teams, Marquette's mayor and Chamber of Commerce representatives, and other officials and dignitaries, followed by introductions and a short program.

A ribbon-cutting ceremony is set for 1:15 p. m., with charter members of the Marquette club teeing off immediately afterwards. Club President Harlan Larson and the three past presidents also will tee off at that time.

The team tournament, an 18-hole competition which could be one of the most outstanding events of its kind ever conducted in the Peninsula, will start at 1:30 p. m.

Clubs entering the tournament must have a playing pro and each team will consist of the pro and three others selected by him. A deadline of July 1 has been set for entries. Cash prizes of \$25, \$15 and \$10 will be paid for the top three winning teams. Mileage allowance also will be paid for one car for each team attending.

## Girls Softball

Tim and Sally's defeated the State Bank, 25-6, in a Girls' Softball League game played last night at Royce Park. Sharon Benoit got credit for the victory for Tim and Sally's, while Sue Kralavetz was charged with the defeat.

## Schaal Latest Beanball Victim

BOSTON (AP) — Paul Schaal, hospitalized with a hairline skull fracture and placed on the disabled list, is the latest victim in baseball's growing list of beanings this season.

The California Angels' third baseman was hit in the head by one of Jose Santiago's pitches in the fourth inning of Thursday's first game with the Boston Red Sox.

The impact could be heard in the press box as Schaal's batting helmet flew off and he dropped to the ground flat on his back. For a few stunned moments observers feared a nightmare repetition of the similar tragedy which apparently ended Tony Conigliaro's career in a game between the same teams here last August.

Schaal lay motionless on the ground, though it was learned later that he never lost consciousness. He was carried from the field on a stretcher and taken to Santa Maria Hospital in nearby Cambridge.

Red Sox team physician Dr. Thomas Tierney, who accompanied Schaal to the hospital along with Angels' coach Mickey McDermott, said the pitch apparently hit Schaal just below the helmet. He said the X rays showed a hairline fracture behind the left mastoid bone.

"It looks as if he's just going to be a sick boy for a couple of days," the doctor said.

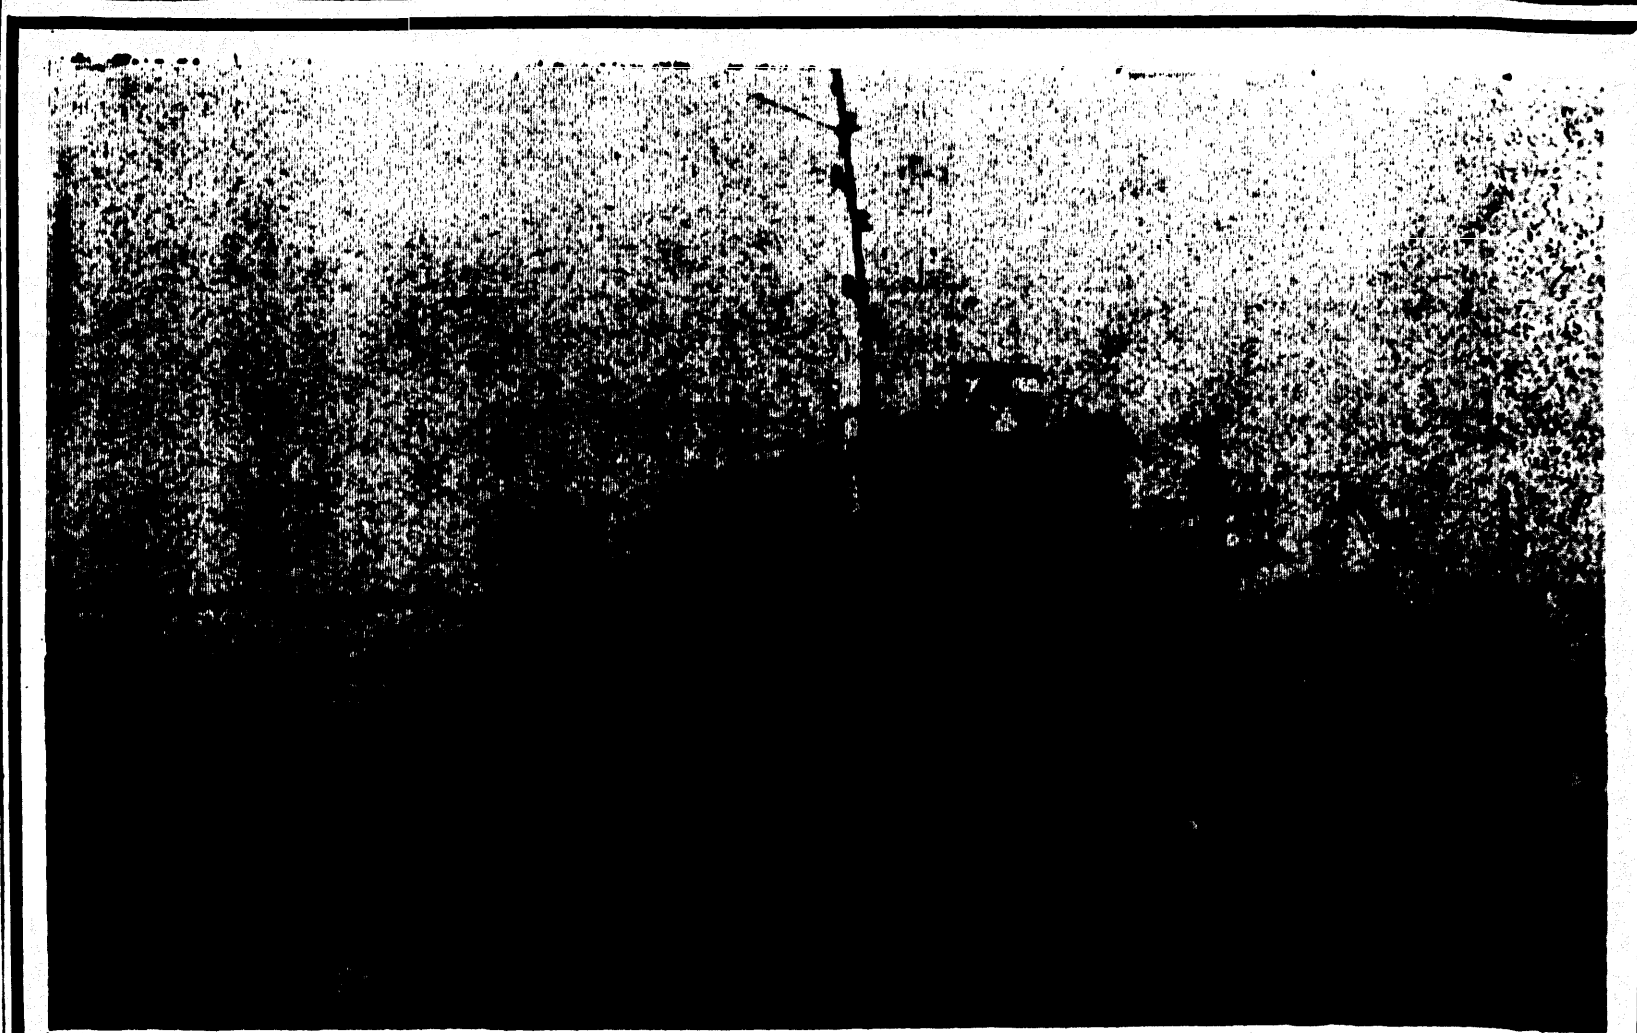

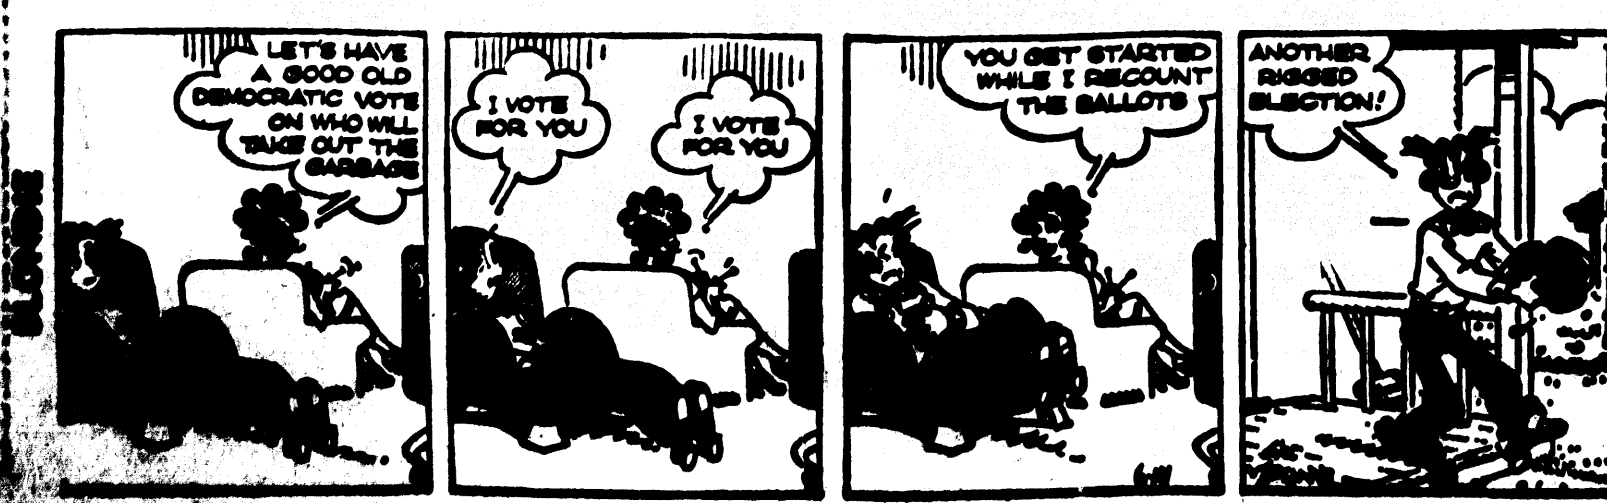

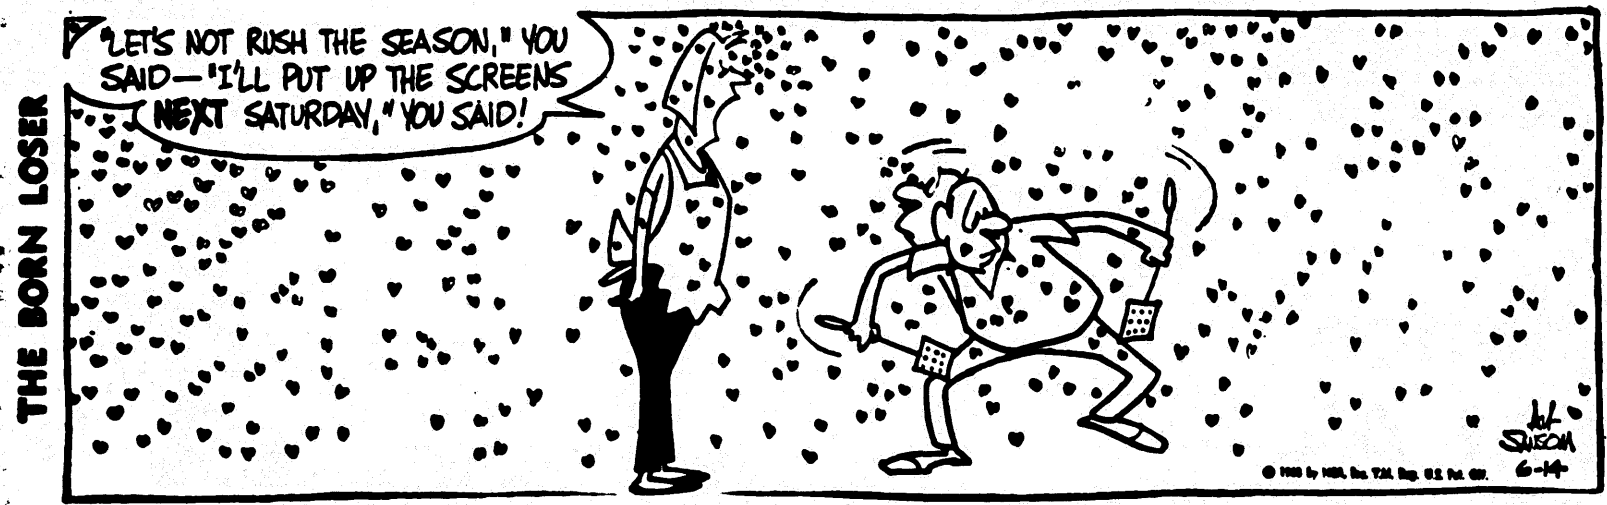

"The pitch just got away from me," Santiago said, adding that he was going over to the hospital to see the Angels' third baseman.

"I don't like to throw close to anybody," said the Red Sox right-hander, who hit only three batters all last season.

# Schofield, Carlton Hit Homers As Cardinals Win

By The Associated Press

Ernie Banks, Willie McCovey, Ron Santo, take your 908 career home runs and make way for Deadly Dick Schofield, Slugging Steve Carlton, Clouting Caly Dalrymple and Belting Bob Watson.

Those last four bombers boast 68 homers among them today, which is four more than they had a day ago—or even two months ago at the start of the National League season.

They all cracked their first 1968 homers Wednesday night, while McCovey, Banks and Santo rapped their 13th, 12th and 11th, respectively, in afternoon contests.

Schofield and Carlton connected as St. Louis tripped Atlanta 3-1 in 13 innings. Dalrymple unloaded to help Philadelphia nip Houston 3-2, while Watson socked his for the Astros in a losing cause.

Banks and Santo got theirs as the Chicago Cubs whipped Cincinnati 8-4 while McCovey's failed to prevent San Francisco's 8-7 loss to Pittsburgh. The New York Mets and Los Angeles were not scheduled.

St. Louis and Atlanta were locked in a 1-1 battle through 11 innings with pitcher Carlton's first major league homer the only Cardinal run.

But Schofield, a light-hitting utility infielder who entered the game in the ninth inning, came up for the first time in the 12th and homered off Phil Niekro. The Cards added an insurance run when pinch hitter Phil Gagliano walked and Lou Brock doubled him home.

"I hit a knuckleball, but it wasn't Niekro's good knuckleball," said Schofield, who has hit all of 17 homers in 16 big league seasons. "Nobody hits his good one."

By winning, St. Louis increased its league lead to four games over the Giants, 4½ over the Dodgers and five ahead of the Braves.

"That's what pennant-winners are made of," said Manager Red Schoendienst, referring to the homers by Schofield and Carlton. "I'm not saying we're going to win it, but it takes wins like this to get there."

Tony Gonzalez singled, stole second and scored the winning run on Tony Taylor's two-out single in the eighth inning as Philadelphia edged Houston, Taylor's blow broke up a pitching duel between Chris Short of the Phils, who gained his 100th major league victory, and Houston's Dave Giusti.

Veteran reliever Roy Face put down a ninth-inning San Francisco uprising to preserve Pittsburgh's triumph. He came on after McCovey's two-run single had pulled the Giants to within a run.

Jim Ray Hart greeted him with a single, putting runners on first and second. But Bob Barton, attempting to sacrifice, popped to Face and Hal Lanier grounded out. Face then walked Frank Johnson intentionally before fanning pinch hitter Ray Sadecki for the final out.

The Cubs spoiled Tony Cloninger's debut with Cincinnati by pounding the big right-hander for five hits and five runs in three innings. The Reds obtained Cloninger in a six-player trade earlier this week.

It was his second setback in five days at the hands of the Cubs. He was the losing pitcher for Atlanta in the second game of a Sunday doubleheader.

Santo's homer started the scoring in the second and Don Kessinger singled two runs across. Santo's triple preceded Banks' third-inning homer, the 454th of his career.

## Country Club Sets Opening

MARQUETTE — A series of special events for the grand opening of the Marquette Golf and Country Club's "new nine" is set for Wednesday, July 10.

All clubs affiliated with the Upper Peninsula Golf Association have received special invitations to enter the "Tournament of Teams," which will highlight the opening day's activities.

Opening event that day will be a noon luncheon in the golf club's clubhouse for members of visiting teams. Marquette's mayor and Chamber of Commerce representatives, and other officials and dignitaries, followed by introductions and a short program.

A ribbon-cutting ceremony is set for 1:15 p. m., with charter members of the Marquette club teeing off immediately afterwards. Club President Harlan Larson and the three past presidents also will tee off at that time.

The team tournament, an 18-hole competition which could be one of the most outstanding events of its kind ever conducted in the Peninsula, will start at 1:30 p. m.

Clubs entering the tournament must have a playing pro and each team will consist of the pro and three others selected by him. A deadline of July 1 has been set for entries. Cash prizes of \$25, \$15 and \$10 will be paid for the top three winning teams. Mileage allowance also will be paid for one car for each team attending.

## Girls Softball

Tim and Sally's defeated the State Bank, 25-6, in a Girls' Softball League game played last night at Royce Park. Sharon Benoit got credit for the victory for Tim and Sally's, while Sue Kralavetz was charged with the defeat.

## Schaal Latest Beanball Victim

BOSTON (AP) — Paul Schaal, hospitalized with a hairline skull fracture and placed on the disabled list, is the latest victim in baseball's growing list of beanings this season.

The California Angels' third baseman was hit in the head by one of Jose Santiago's pitches in the fourth inning of Thursday's first game with the Boston Red Sox.

The impact could be heard in the press box as Schaal's batting helmet flew off and he dropped to the ground flat on his back. For a few stunned moments observers feared a nightmarish repetition of the similar tragedy which apparently ended Tony Conigliaro's career in a game between the same teams here last August.

Schaal lay motionless on the ground, though it was learned

later that he never lost consciousness. He was carried from the field on a stretcher and taken to Santa Maria Hospital in nearby Cambridge.

Red Sox team physician Dr. Thomas Tierney, who accompanied Schaal to the hospital along with Angels' coach Mickey McDermott, said the pitch apparently hit Schaal just below the helmet. He said the X rays showed a hairline fracture behind the left mastoid bone.

"It looks as if he's just going to be a sick boy for a couple of days," the doctor said.

"The pitch just got away from me," Santiago said, adding that he was going over to the hospital to see the Angels' third baseman.

"I don't like to throw close to anybody," said the Red Sox right-hander, who hit only three batters all last season.

## Canadian Soo Joins USHL

Sault Ste. Marie, Ontario, Canada, has been granted a franchise in the United States Hockey League, according to an announcement by Commissioner Hal Trumble yesterday.

The Canadians will play a full league schedule this season. With the addition of the Canadians and Duluth, which was added last month, the league will operate with six teams. The other members are the Green Bay Bobcats, Rochester Mustangs, the Marquette Iron Rangers and the Waterloo Black Hawks.

## Toledo Moves To IL Second

The Toledo Mud Hens moved into second place in the International League Thursday night, a half-game behind Columbus, by defeating the Jets 12-3 and 13-1 in a doubleheader at Toledo.

Toledo pitcher Jack DiLauro allowed eight hits for his fifth victory in six outings in the opener, which featured Ron Woods' four hits—two of them homers.

In the nightcap, southpaw Jim Rooker of the Mud Hens picked up his seventh win in eight decisions. A three-run homer by Dave Campbell and a two-run homer by Junior Lopez sparked the Mud Hens' attack.

Louisville outfielder George Thomas singled in the bottom of the 12th inning to drive in the winning run as the Colonels edged Buffalo 5-4. Thomas went 4-for-6, knocking in three runs.

Julio Navarro 3-5, went all the way for the Richmond Braves in their 6-2 victory over the Syracuse Chiefs. The Braves opened up with a four-run first inning and never were headed.

The Rochester Red Wings went down to a 7-2 defeat in Rochester at the hands of Baltimore of the American League in an exhibition game.

Home runs by the Orioles' Don Buford and Curt Blefary and ex-winger Curt Motton's two-run triple in the third inning sparked the Baltimore attack.

Jacksonville was not scheduled.

## Snyder, Wagner Exchange Clubs

CHICAGO (AP)—The Chicago White Sox announced Thursday they have obtained outfielder Leon Wagner from the Cleveland Indians in exchange for outfielder Russ Snyder.

Wagner, 34, is hitting .184 with nine hits in 49 times at bat and has driven in six runs.

Snyder, 34, has batted .134 in 37 games for the White Sox, getting 11 hits in 82 times at bat. He came to the White Sox last year from Baltimore.

## Palmer Shoots For Top Money

ROCHESTER, N. Y. (AP)—Arnold Palmer, golf's all-time leading money winner, is shooting for the million dollars this week in the United States Open Golf Championship.

Palmer has career earnings of \$992,983.50 and can become the first man in golfing history to go over the million mark with a finish of fourth or better in the Open.

First prize money is \$30,000, second is \$15,000, third \$10,000 and fourth \$7,500.

## Minor League

The family of Washington Senator catcher Paul Casanova is still in Cuba. Last Christmas, he bought \$1,000 worth of presents and shipped them all to Castroland. The boxes came back to him unopened not long ago.

## Card of Thanks

Because we cannot thank each of you personally, we take this way of telling you how much we appreciated your sympathy and help at the time of our bereavement, the death of our dear mother, Clarence P. Hall. Only those who knew her best can understand our feelings toward all of you.

**John & Melissa Besse and Family**
